PREPARING TO UNITE.

It was only a short while since that the press dispatches contained an item of news to the effect that Democrats and Republicans in Kansas would assemble in the same conventions, unite their forces and begin systematic war on the Populists in that State as they now control the affairs of the State government.

for the conventions was intended for man works to bring about these all patriotic citizens who desired to wrest the State from anarchy (?) as the defeated elements of both the old ballot box. The people need reparties term it.

The two old parties have pooled their issues, if the tone of many of the leading papers counts for any- "anarchist" because they know he is thing, especially on the finance question. When the N. Y. World, the thought. foremost Democratic paper in this country, says that "John Sherman is a patriot," it is time for all true men to be vigilant, for there will be a bargain and sale somewhere.

Straws generally indicate the di rection the wind is blowing. Read the following taken from the Norfolk Landmark of Sept. 6th:

"We are bound to say that if we must choose between Ingalls and Peffer to be Senator from Kansas, we have been passed upon-where there will take Ingalls every time and we is a suggestion that the claim has contest for the place the whiskered obstructionist now holds."

Mark the language of the above The Landmark is glad to see that Ingalls will make the contest notwithstanding the fact that the "statesman out of a job," was one of the most venomous South-haters in congress when he was there. No man could surpass him in the use of bitter, abusive and invictive language against the South, and vet the Landmark wants him returned!

THE QUESTION OF RATIO.

In 1892 Mr. Bland said, "It is claimed, and the history of prices show, that as silver falls as compared to gold so in about the same ratio the prices of our farm products fall. To say that silver is low is tantamount to saying that the price of cotton, wheat, and other farm exports is depressed.
