THE GEORGIA ELECTION.

It has been over a week since the Georgia election and yet no returns or official statements can be had from over half of the counties.

The law says that the election returns shall be consolidated and official statements made out by 12 o'clock on the day after the election.

And yet no returns can be had from a majority of the counties.

About fifty counties are yet to be heard from.

What a great crime has been committed by the men who control? In the Chicago Times appeared a telegram claiming that Atkinson, the Democratic nominee for Governor, had carried the State by 10,000.

Other papers all over the Union had the same figures.

One leading Georgia paper put it at 15,000. Another figured at 20,000. Others have been waddling all the way from 20,000 to 25,000.

What does all this mean?

It means that a great crime, an unprecedented crime of fraud has been perpetrated upon the people of Georgia. A crime that should cause every honest Democrat in the State to hang his head in shame of the disgrace that those who control, that machine ring rule, that bosses the Democratic registrars and judges of elections have committed.

That Hines carries the State and that the returns are held to be doctored to suit the bosses no man who has a balanced and reasoning mind can deny.

In former elections fraud was confined mainly to the theft of election judges.

In this election another and a more monstrous crime has been perpetrated.

The returns at once revealed that the Populist landslide would bring Democratic defeat.

At this point the machine wired to every portion of the State that the returns must be doctored. That Hines has carried the State and that they must count him out.

And this is why the returns have not been sent in.

A more dastardly crime was never committed, and the western train robber is no bolder with his theft.

It is reported that a few days ago a certain Georgia Judge had the check to say sycnically "If the Populists carry the State do you suppose we are going to let them have it?"

The Populists carried the State without the shadow of a doubt, but the state was made up the other way—and it appears that the state is greater than the people.

In 1892 when in all probability an equal amount of fraud was committed in that State the Democrats carried it by about 70,000.

In 1894—only two years—the People's party has according to their fraudulent count made a gain of about 40,000 votes.

Those figures tell their own story. Notice has been served upon moss-backs.

It means that the people are tired of five cent cotton, high sugar, no silver and tariff robberies.

If the People's party does this well in North Carolina we will carry the State by 40,000.

And we are going to carry the State just so sure as election day comes if every reformer does his full duty.

THE DEMOCRATIC CAMPAIGN.

The Democratic campaign in this State is a cowardly repetition of the 1892 campaign. It was a campaign of theft, misrepresentation and deception then. It is a campaign of lying, cowardice and abuse now. The silver plank in the State platform is a lie. It was put there to deceive the people who demand the free coinage of silver.

The chairman of the platform committee spewed the declaration from his mouth in announcing the platform to the convention. It was adopted, he said, against his protest, and it was submitted to the convention with that understanding. This was an unprecedented spectacle in a political convention. Two prominent members of the same committee since

the adjournment of the convention have publicly declared that bimetalism in this country was dependent on England. That there could be no free coinage without England's consent. That is the goldbug position. It masquerades for bimetalism. It is admitted by the Charlotte Observer, whose editor was chairman of the platform committee that the free coinage declaration of the convention was made for the purpose of winning Populist votes. There is now no concealment about the matter. The declaration is a deception employed to protect the candidacy of the man who voted to repeal the Sherman law. It must be plain to everybody at this time that Ransom's election is the sole aim and object of the Democratic campaign. The Democrats in the State convention who advocated the free coinage plank in the State platform are on the stump in every county in the State urging and advocating Ransom's reelection. Many of them are Ransom candidates for the Legislature, nominated at the dictation of the Halgh machine. The man who can be deceived by Democratic protestations of free silver must be a precious, innocent fool, indeed. Ransom's 20 years record in the Senate shows that he has never opened his mouth in behalf of free coinage. It shows that he has never voted for a free coinage bill when there was the possibility of its enactment into law. He says now, in this campaign, "re-elect me and next winter the Democratic congress will pull together and do something in the way of honest financial legislation." He attempts no justification of his vote to repeal the Sherman law. He lacks even the manhood to refer to his allegiance to the administration in its crusade against the people's money. He has never said once or intimated such a thing that he approves the cowardly declaration of the State convention on the silver question. And yet he is the pivot of the campaign. He suggested the policy that controlled the State convention in the matter of a Senatorial primary. He named the State chairman. He disburses the campaign funds. Every federal officer-holder in the State, appointed by him, is on the stump in his interest and at his dictation. His reelection is the paramount issue. It is impossible to prevent it except by the election of an anti-machine Legislature. His nomination by the Democratic caucus is absolutely certain. The campaign has developed that situation. The scattering opposition will have vanished when the caucuses assemble. This will happen in defiance of public sentiment. It will be consummated in the teeth of Democratic protest. Every vote for the Democratic ticket is a vote for Ransom. Every Democratic free coinage vote is a direct endorsement of the administration goldbug policy. Free coinage Democrats cannot delude themselves, in voting for an anti-Ransom candidate, that they are voting for free coinage and against the administration. There will be no anti-Ransom Democrats when the "machine caucuses" reports Ransom's nomination to the joint meeting of the Legislature. But the scheme will not work. It is tried covertly here. It is but thinly disguised. It was tried openly and boldly in Georgia last week. By false counting and gross frauds the completeness of the Populist victory may not be realized. But public sentiment has been revolutionized. A great triumph has been achieved. A great principle has been vindicated. An emphatic and commanding declaration in favor of HONEST ELECTIONS has been made. The campaign of boast and abuse and lying has ended in a shameful resort to fraud in counting the vote to save the Democratic party from ignominious annihilation. This victory is of transcendent importance to the reform cause in North Carolina. It proves what may be accomplished by allied opposition to the Democratic party. It demonstrates the necessity of an earnest, aggressive united effort in this State. It shows that public sentiment is crystallizing in the revolt against corrupt, machine politics. It should stimulate every believer in honest politics to a zealous effort in that behalf. It is the beginning of the end. The "machine" in this State will be incited to desperate methods. Every lying device will be exhausted. The old lies will be revarnished. New ones will be invented. The cannons will go on. The EIGHTY-FIVE RAILROAD LAWYERS nominated as Ransom candidates for the Legislature will not falter in their devotion or relax a single effort to perpetuate "machine" domination in the State. But the danger is not there. The arbitrary refusal of Democratic county commissioners to appoint Populist poll holders is notification of election frauds. It means a false count. It means a repetition of the frauds of 1892. This is our danger. See to it "men and brethren."

NOTICE IS SERVED ON YOU

The action of the County Commissioners in appointing judges of election is notice to the world that the machine intends to commit fraud. The officers of the People's party appeared before the Commissioners in every county and asked for the representation that they were entitled to under the law. They recommended the names of the very best and most competent men to represent the People's party.

Under the law the Democrats are entitled to a majority of the judges of the election. The officers of the Democratic party select the men to represent that party. The Commissioners always appoint the men recommended by the officers of the Democratic party. This is right, for the executive committee know best what men will represent that party. Then in all fairness and justice the Commissioners should appoint to represent the Peoples Party the men recommended by the officers of the Peoples Party. We challenge any honest man in the State to say that this is not right. But we are receiving reports daily saying that the Commissioners flatly refused to appoint the men recommended by the officers of the Peoples Party for the minority of the Board of Judges of the election. We are also informed that where the officers of the Republican party recommended names that the Commissioners refused to appoint the men recommended.

Who did the Commissioners appoint?

They appointed in nearly every case three Democrats selected by the Democratic machine, and two Republicans (1) selected by the Democratic machine. In nearly every county they entirely ignored the Peoples Party. They not only would not appoint the men that we recommended, but they would not even take any men from the Peoples Party for their own selection.

What is the character of the Democratic poll holders appointed? In those precincts where they intend to cheat, they have selected men whom they can rely on to cheat and swear to false statements.

What is the character of the Republicans appointed? In those precincts where they intend to cheat they have selected for Judges of the election either ignorant and illiterate colored men, or colored men who are Democrats. That is, they hire a colored man to help them to commit fraud. This makes him a good partisan Democrat. Then they tell their hired colored man that he must vote the Republican ticket, so no one will suspect him of being in the pay of the Democratic machine.

What does all this mean? It is notice served on the people that the Democratic machine intends to cheat, steal, commit fraud, swear to false returns, commit perjury, in short do anything to keep the Democratic machine in power and defraud the will of the people. Will the people of North Carolina submit to it? The Reformers in North Carolina who have revolted against the Democratic machine are a law abiding, God fearing people. They believe in peace and justice. But they will not submit to such injustice and wrong as this. They have as much patriotism as their forefathers who threw off the machine, ring rule of Great Britain in 1776. They have enough bravery and manhood to protect their votes which were won by the blood of the Revolutionary heroes. They will have a fair election this year or they will have no election. They will protect their ballots or they will put some Democratic Registrars and Judges of the Election into the Penitentiary, if there is any redress in the courts. Mark this prediction.

A TIMELY ANSWER.

See in another column the reply of Chairman Hollowell of the People's party of Wayne county to Mr. O'Berry, the Democratic candidate. Mr. O'Berry asked for a joint county canvass. Mr. Hollowell replies that the Democratic county commissioners refused to recognize the People's party when it appointed judges of the election, and that now the People's party would refuse to recognize the Democratic party. Mr. Hollowell tells him to have a joint canvass with that class from which they selected the judges of the election. Mr. Hollowell is right. The action of the commissioners shows that they intended to try to carry the election, not by testing the free will of the people, but by shuffling and perverting the will of the people. They would have a joint canvass with that class from which they selected the judges of the election. Mr. Hollowell is right. The action of the commissioners shows that they intended to try to carry the election, not by testing the free will of the people, but by shuffling and perverting the will of the people. KNIGHT-MARE TO THE DEMOCRATIC MACHINE.

The Democratic machine seems to be frightened at the idea of a non-partisan Judiciary. The machine wants the court all made up of one party, and by all means a majority of the court of its sort. But the machine knows that a non-partisan Judiciary is right and that the people approve the idea, so they are trying to divert the people by saying that Judge Faircloth and Judge Farless are partisans. Now for argument sake let us admit that they are partisans. Is it not better to have a court made up of partisans from different parties than partisans all of one party? Partisans of a different party would act as a check and balance to each other. And if there is any one place in the world where we want all sides weighed and viewed it is on the Supreme court bench. The courts sit over the inner sanctum of the people's liberties. A court made up of partisans all of one party is more dangerous to liberty than large standing armies. If we could get men of integrity and character from different parties none of whom were partisans, this would make an ideal court. We believe that the People's party has come as near to this as possible. The men selected by the Peoples Party are men of the highest and purest character and belong to different parties. This makes a safe non-partisan court. This is a just and correct principle. The people will approve it. When once into operation it will stand forever, and this is why it is a knight-mare to the machine.

WHAT DOES IT MEAN?

In the last few weeks we have daily received letters about Democratic speakings. Especially we have heard from the speeches of Senators Jarvis and Ransom. Our information is, that they have had only from one to two hundred in any place to hear them, with but few exceptions. Our information is, that all down the C. & R. R., and up the A. C. L. from Wilmington to Warsaw, that Ransom was very much disappointed at the size of his crowd. His heels and office holders have always been on hand to greet him, and have tried to explain to their boss why it was the people did not go out to hear him. Our information from a number of other Democratic speakings is, that often only 30 or 40 are out to hear speakers of State reputation when the speakers have been advertised for more than a week. All of this shows that the great masses of the people of North Carolina are thoroughly disgusted with the treachery, hypocrisy and perfidy of the Democratic party. It also shows that the masses of the people believe in fair play, and are disgusted at ballot box stuffing and perjury of election officers. In short it means that the people have determined to crush this odious and infamous machine, and are simply waiting for November the 6th to perform the patriotic duty.

DEMOCRATS AND REPUBLICANS CO-OPERATED IN CONGRESS FOR THE SINGLE GOLD STANDARD AND NATIONAL BANKS.

Should you not co-operate for fair elections?

KITCHEN CAPTURED THE TOWN.

He inspired Fresh Enthusiasm in the People and spread Great Consternation in the Ranks of the Democrats.

CHARLOTTE, N. C., Oct. 5, '94.

EDITOR CAUCASIAN, DEAR SIR:—Uncle Buck Kitchen arrived in the city of Charlotte night before last. At 11 o'clock yesterday morning he spoke in the Court House to a large and enthusiastic audience. He was in good trim and made a telling speech. The enthusiasm among the reformers ran high and every Democrat looked awful sick. The Democrats were so uneasy about the effect of this speech that they challenged him for a joint discussion that night in the Court House, and got Mr. C. W. Tillet to reply to him. At seven o'clock the house was crowded until not another man could get in. The Democrats certainly made a mistake in putting this man up to meet Capt. Kitchen. The old Roanoke knocked him out on the first round; and every honest argument that he put up for the disgraced old party melted like white frost before a rising sun. Kitchen was at his best, he not only inspired fresh enthusiasm in the people, but he spread still greater consternation in the ranks of the Democrats. When he had finished the Democratic healers, office holders and red legged grass-hoppers looked as if a cyclone had struck them. Give us one more speech from Capt. Kitchen, and we will not only carry the county of Mecklenburg, but I believe we will capture the city of Charlotte.

Populist.

SMALL CROWDS FOR THE DEMOCRATS.

He charmed his Audiences.—He Tells Honest Democrats Where to go to Feel at Home.

Last Wednesday is a day long to be remembered by the Populists of this county on account of the valuable seed that were sown for the cause of reform. It was the occasion of an address in Shelby by the Hon. W. H. Kitchen, who is the present day Patrick Henry of North Carolina.

It was a beautiful day and, although the farmers were very much behind with their work, a good crowd of all political complexions were present to hear this bold and fearless champion of the people's rights. For nearly two hours and a half the speaker held his audience spell bound by his forcible logic and easy eloquence. I doubt if any speaker ever had his audience under more perfect control. Those who had heard him speak in his younger days were greatly surprised to find that a good deal of the fire and sarcasm of his youth had given way to a more persuasive style of reasoning. He struck sledge hammer blows at the people of the two old parties for their failure to do their duty, yet he said nothing that was calculated to offend an honest man. He has the courage to condemn whatever he conceives to be wrong, whether it is in his own or in another party.

I would like to give an outline of the speech but it is impossible to do the speaker justice. He showed conclusively that the present depression in business is due to our monetary system; that the only way to restore prices and prosperity is to change the system. He advocates every principle now that he did when in the Democratic party. He did not leave the party, the party left him.

I heard a Democratic speaker say the other day that his party "would like to get rid of all such men as Kitchen." Don't trouble yourselves, gentlemen, such men are too honest to stay with you. They are no longer at home in your ranks. Send them on. They will feel at home in the People's party. Epselon.

A GREAT DAY FOR THE PEOPLE'S PARTY.

Shuford and Garrett at their Best.—The People have no Ears to Hear Democrats Explain for Five Cent Cotton, No Silver and Tariff Robberies.

Troy, N. C., Oct. 2nd, 1894.

EDITOR CAUCASIAN:—This has been a great day for the People's party. The Democrats had three speakers and we had two. Congressman Henderson, L. C. Caldwell and old X X Robbins spoke to the clear old party. They begged for another chance, but they got but little applause, and clearly the people were not with them. Our speakers were Mr. A. C. Shuford and Hon. Z. T. Garrett, of Vance county. Mr. Shuford is a candidate for Congress; he made a strong telling speech, but it took Garrett to capture the crowd. In fact we have never seen a man so completely capture his audience and hold them to the end, as Garrett did. He is bright, he is witty, he is entertaining, he tells a joke equal to Zeb. Vance, and puts in his points in a way that tells. He is a vote maker, send him to every place that you can. Two years ago Congressman Henderson told our people that if Cleveland was elected cotton would bring ten cents a pound; he is around now trying to explain why cotton does not bring but five cents, and he is getting very cold comfort from the voters. Yours very truly, A Jeffersonian Democrat.

DR. FREEMAN FOR CONGRESS.

Each County of the Second District Represented by a Strong Delegation.

ROCKY MOUNT, OCT. 9.

EDITOR CAUCASIAN:—The Peoples Party Congressional Convention of the Second District met here to-day. Dr. Freeman was made permanent chairman.

Dr. H. F. Freeman, M. L. Wood, and Capt. W. H. Kitchen were put in nomination. All names were withdrawn before a ballot but Dr. Freeman and he was nominated by acclamation.

Mr. R. B. Kinsey is chairman of the committee and Mr. J. M. Cutchin was elected a member of the State committee.

MERRITT AND BYNUM.

Nominated for Congress and Solicitor by The Peoples Party of the Fifth Congressional and Judicial Districts.

HILLSBORO, OCT. 3.

The Peoples Party Conventions of the Fifth Congressional and Judicial districts met here yesterday. The Congressional Convention nominated Dr. William Merritt, of Person, for Congress, and the Judicial Convention nominated W. P. Bynum, of Guilford, for Solicitor.

"Why Is He So Irritable?"

This question is often heard and rarely answered.

It is not always remembered, as it should be, that the occasion of ill-temper and irritability is often to be found in the physical condition of the persons affected. What is the use of trying to "harmonize" a man whose liver has gone back on him? If a man is tortured with rheumatism, how can he be expected to be affable and agreeable? Can a confirmed dyspeptic be expected to be cheerful and always ready to tell a funny story? The only way to remove the difficulty is to get at the cause. Dyspepsia, rheumatism, impure blood and liver troubles yield to Hood's Sarsaparilla; this is why it is an effective tranquilizer, a peaceful messenger, and a preventive of domestic quarrels.
