...THE FACTS  
...AND DECIDE  
...ACCORDINGLY.

...Chairman of the Democratic  
...Large crowd heard

...N. C.

...THE CAUCASIAN:

...the her appointed for the  
...discussion at this place between  
...Marion Butler, representing the  
...party, and Mr. F. M. Sim-  
...representing the Democratic  
...large crowd had gathered,  
...an ugly, threatening day but  
...this between 700 and 800  
...were gathered to hear, the  
...of their respective sides,  
...Mr. Butler's appointment  
...Mr. Simmons' friends having  
...for a joint discus-  
...under the rules Mr. Simmons,  
...of course, spoke first. The follow-  
...a correct abstract of the speech  
...by a gentleman who took full  
...He said:

MR. SIMMONS' SPEECH.

...I am glad to meet so many of the  
...people of Wayne county here  
...I come to talk to you about  
...great issue now before the peo-  
...the important elections that  
...not a free-trading Democrat.  
...not come to tell you that I come  
...in a simple manner. I am a  
...Democrat from conviction. I, like  
...Vance, believe that the princi-  
...of the party are immortal. The  
...Democratic party will live after  
...the party is dead. If the will  
...of the people is to ride, the  
...Democratic party must live and the  
...party must die. Let us  
...at the three parties now in the  
...field.

...The Republican party stands for  
...monopoly, for making a few rich  
...for making many poor, therefore  
...we ought not to support that  
...party.

...The People's party represents just  
...the opposite view from the Republi-  
...party, out it does not declare  
...that it will abolish the wrongs of  
...the Republican party, but it stands  
...for paternalism and offers to feed the  
...poor when hungry and give work to  
...the idle when out of employment.  
...It proposes to have a government to  
...do everything for the individual.  
...The Republican party represents one  
...extreme, and the People's party rep-  
...resents the other extreme.

...Now the Democratic party does  
...not stand for either one of these ex-  
...tremes, but occupies a middle ground  
...between the two.

...Let us see what is the record of  
...the Republican party. When it  
...went into power thirty years ago  
...there was no monopoly, no trusts,  
...and no millionaires. To-day there  
...are ten thousand millionaires in  
...America. No man can accumulate  
...a million of dollars in a lifetime by  
...decent work, if he does, it must be  
...by the help of the Government in  
...passing unjust laws in his favor to  
...give him the advantage over his fel-  
...lowman. When the Republican  
...party went into power one-half of  
...the wealth of the country was in the  
...hands of the wealth producer, now  
...only one-fourth of the wealth of the  
...country is in the hands of the wealth  
...producer. It has been robbed from  
...you and has gone into the hands of  
...the rich manufacturers. My friends,  
...just think of it, to-day 25,000 men  
...own over half of the wealth of the  
...country. There are 25,000 people  
...in Wayne county yet this small  
...number of people own more wealth  
...than all of the rest of the people in  
...the country.

THE CAUSE.

...These are the facts. Now my  
...friends, let us see what is the cause  
...of this state of things. The coun-  
...try has been growing richer all this  
...time yet no legislation has been  
...making the great bulk of the peo-  
...ple poorer. This has been done  
...by the Republican party. It has  
...been done through the tariff. The  
...tariff is the greatest question now be-  
...fore the American people. It affects  
...over 1,000 articles of consumption.  
...Now, my friends, you have seen  
...what a bad condition we have gotten  
...to. I have shown you what did it,  
...and I have shown you that they have  
...done it through the tariff. Now let  
...us see what the Democratic party  
...has done to remedy these evils. Some  
...people say that we have done nothing,  
...but listen at me and let me tell you  
...what we have done.

...It is true that we have not done  
...all that was wanted to, and all that  
...should have been done, and the fact  
...is, millionaires and monopolists have  
...been against us and have done  
...everything that they could to pre-  
...vent our Congress from legislating  
...in the interest of the people, but in  
...spite of this opposition we have cut  
...down the tariff 25 per cent. We have  
...cut down tariff on every article.  
...You can now buy a knife for 75 cts.,  
...before we passed our tariff bill, it  
...cost 1.00. I bought this knife this morn-  
...ing from Mr. Hop Smith in Golds-  
...boro, I paid him 55 cts. for it. He  
...told me that he would have charged  
...me 75 cts. for it last summer. Mr.  
...Statt Lee of Goldsboro told me this  
...morning that he was selling cotton  
...bagging and ties for less than he

...sold them before the tariff bill was  
...passed and at the same time was mak-  
...ing more money himself than he did  
...before. Yes, my friends the Demo-  
...cratic party has saved you 50 cts.  
...on every bale of cotton. The Popu-  
...list says that we have not done any-  
...thing, but I think that is a great  
...thing.

...We have done something besides  
...this, we have passed an income tax  
...which all you people said you want-  
...ed. We raised by that means be-  
...tween \$15,000,000 and \$20,000,000 a  
...year; we took this large tax off of  
...you and put it on the rich man. Mr.  
...Butler said two years ago that if the  
...Democratic party would pass an in-  
...come tax that he would come back to  
...the Democratic party. We are now  
...ready to receive him; will he come?  
...He is here to for answer himself.

...We have done something else.  
...We have not only cut down the tariff,  
...but we have cut down expenses of  
...running the government. We have  
...not only saved you about \$25,000,000  
...in tariff taxes, but we have saved  
...you about \$25,000,000 in pensions. You  
...must remember that the tariff and  
...pensions are the two great curses.  
...The Populist says that we need  
...more money. That is true, and I  
...admit it but the greatest trouble is  
...that what money we have got is now  
...concentrated in a few centers. We  
...would have nearly enough money  
...now if it was distributed arround.  
...The trouble is the money has gone  
...into the hands of a few rich men,  
...and there is but little of it scattered  
...down here; but if more money was  
...issued as the People's party say they  
...want, it would at once go out of your  
...hands into the hands of men who are  
...already rich. What is it that is  
...drawing your money at this time  
...away from you? It is the tariff and  
...the pension; as I have said before  
...these are the two great curses. The  
...Republicans have all the time  
...steadily increased pensions. When  
...Cleveland was in power we paid only  
...\$38,000,000 a year to Federal sol-  
...diers; when Harrison went out of  
...power we were paying \$151,000,000  
...a year. Now we must stop this, the  
...Democratic party is the party to do  
...it.

...Let us look at the People's party  
...for awhile, it is a young party, it is  
...not able to do much yet, it agitates  
...too much, it ought to stop it and not  
...be stirring up bad blood in the coun-  
...try. The States where the People's  
...party have gotten in power have had  
...a scene of discord and turmoil. Even  
...Mr. Leavay says that the People's  
...party in Kansas has not given the  
...people good government. In other  
...States the People's party has had to  
...resign at the point of the bayonet.  
...Their Governors have defied Presi-  
...dent Cleveland; they are spreading  
...coaxism everywhere.

...Let us see what the People's party  
...congressmen and senators have done:  
...They went to congress claiming that  
...they were in favor of economy and  
...low taxes, but during the last con-  
...gress they have introduced bills call-  
...ing for \$50,000,000,000 of appro-  
...priations. This is three times as  
...much money as there is in the world.  
...If these fellows had their heads  
...would bankrupt the government.  
...Besides Senator Foster has introduced  
...a bill to raise ad taxes by a tax on  
...land. My dear farmers just think  
...of this, Mr. Butler, the People's party  
...seems to want to put a heavier tax  
...on you than you bear now. You can  
...hardly now pay the taxes that you  
...have to bear, and Foster wants to put  
...a tax on your farmers. How do  
...you like this kind of reform? I am  
...telling you this to let you under-  
...stand what kind of wild men are  
...leading the People's party out West.  
...You People's party men here are  
...honest and law abiding, but those  
...Western men are crazy. If you could  
...realize what kind of folks they were,  
...you would all leave them and come  
...back to the Democratic party. The  
...Democrats have no ill feeling against  
...you, we stand ready to welcome you  
...all back, and when you come we will  
...kill the fatted calf.

MR. BUTLER'S SPEECH.

...As Mr Butler went on the stand  
...three rousing cheers were given him  
...and every man crowded close around  
...the stand to hear him. He said:  
...Fellow citizens of Wayne, Duplin,  
...Sampson and Johnston counties: I  
...agreed to speak after much persua-  
...sion. The management of the cam-  
...paign from headquarters needs every  
...word of my time. But I am glad  
...that I came, and I am especially  
...glad that there is an able speaker  
...to represent the other side. I have  
...been wanting to hear a Demo-  
...cratic speech for months. I wanted  
...to see how they would try to recon-  
...cile the promises in the last cam-  
...paign and their actions since they  
...have been in power. I have heard  
...Mr. Simmons and you have heard  
...him. He was chairman of the Demo-  
...cratic State Executive Committee  
...two years ago when the party pro-  
...mised to wipe every evil law off  
...of the statute books if you would put  
...them in power. He does not make  
...the same speech now he made then.  
...He is now hedging and apologizing.  
...Not only this, but is (as I will prove  
...to you) getting through stating things  
...for facts which are totally untrue.

...I made seventy speeches in the  
...last campaign, and to-day I can face  
...every one of those seventy audiences  
...and make the same speech now that  
...I made then. I told you then that  
...if the Democratic party got into  
...power that it would not keep its  
...promises. I told you that they would  
...not give you honest tariff reform,  
...but would take the tariff off of ev-  
...erything that the wealth producer  
...makes and let the manufacturer  
...make as much, if not more, money  
...than he makes now. They have not  
...only done this but they have done  
...worse. I did not think then that  
...they would boldly sell out to the sug-  
...ar and whiskey trust.

...I told you then that if the Demo-  
...crats got into power that they would  
...not give you free coinage of silver,  
...I told you that they would repeal  
...the Sherman Law and put nothing in  
...its place. I charged this on every  
...man, if not more, money than he  
...makes now. Mr. Glenn and Mr. Ay-  
...cock and every other Democratic  
...speaker indignantly denied it.

...I told you that if the Democrats  
...got into power that they would not  
...increase the circulating medium, but  
...I did not charge that they would  
...contract the currency still further, for  
...I did not think that they were that  
...completely under the thumb of the  
...shylocks.

THE SOUTH AND HER TEMPTER; FAUST AND GRETTCHEN.

The Demon of contraction stands behind the Democratic office holder as he tries to betray the South into the hands of the goldbugs. We pray to God she may see the goldbug devil behind her tempter.

...same speech now I did then, and it  
...would be true, except that the Demo-  
...crats have done twice as bad as I  
...told you they would do.

...I stand now for precisely the same  
...principles I stood for then. We are  
...faced by the same evils, except that  
...the evils have grown worse.

...Mr. Simmons and his party cannot  
...stand now where they stood then,  
...for their actions have belied their  
...words, and according to the News  
...and Observer, "all honest men can  
...have nothing but contempt for them."

...But, my friends, I am not going  
...to make a speech to-day. I am  
...going to reply to Mr. Simmons. I  
...will take up his speech just as he de-  
...livered it and show that every claim  
...that he made for his party was either  
...fallacious or untrue, and that every  
...charge he made against the Peoples  
...Party was either untrue or bold  
...deceitful.

SIMMONS' ARGUMENTS RIBBLED.

...Mr. Simmons started out by trying  
...to tell you what kind of a Democrat  
...he was. But I could not understand  
...his definition. Can any man in this  
...audience (either Democrat or Popu-  
...list) tell me if they understood his  
...definition. Is he a free silver Demo-  
...crat or a gold bug Democrat? Is  
...he a monopoly Democrat or is he a  
...Democratic Democrat? Is he a  
...Cleveland Democrat or is he a Thos.  
...Jefferson Democrat? Is he a Ran-  
...som Democrat or is he a Vance Dem-  
...ocrat? In his speech he said  
...he was like Vance in some respects.  
...What! Simmons like Vance? In  
...what respect, Mr. Simmons? (No  
...answer). Mr. Vance said that if the  
...Democratic party bowed down to the  
...gold trust and repealed the Sherman  
...law without first repealing the tariff,  
...the Democrats are bad doctors and  
...in his place, that the "best part  
...of the party would walk out of itself  
...and leave nothing but a smell of  
...brimstone and Wall street behind."  
...Brimstone has been killed in the home  
...of its pretended friends, and like Vance
