tran Lavor of the People. UNITED STATES SENATE, Washington, D. C., Cct. 22, '94. To the Editor of THE CAUCASIAN. The transfer of the Republican and Democratic parties from the people to the money pow ers by Senator Sherman and Mr Cleveland, has resulted in a retrograde movement in Europe and America towards the conditions of the Dark Ages. The reduction of the world's metallic money to gold alone, is the most radical financial revolution in history, and is the moving cause of universal distress. When the revolution was inaugurated, unexampled prosperity existed in Europe and America. Twenty years of abundent harvests and profound peace cannot be the cause of universal distress.
