the Old Party vs. the New Party, the Alliance and Reform

SAINT LEWIS, N.C., June 5 - What no end to the energy pluck and deermination of the great reform press, ecturers and writers of this nation? Will they not heed or hear to the old party lash?

Don't you remember in the camaign of two years ago, that Marion totler, the great head of the Alliance and the reform movement in this State, was found guilty by the old party of treason, because he was at ne head of this movement, which roke through the old party lines and blowed up their strongest fort. which fort was composed of partisan drife and prejudice! And don't you knew the penalty imposed upon Mr. Butler by this old party for this act? Why, sir, he had to take one or more showers of eggs! and lose the material portion of the charter of the State Alliance! and bless your life, sir, Mr. Butler did not seem to notice these penaltio and persecutions, for in the last campaign he was up and at his same old tricks second offence.
