A WARNING! LOOKOUT!!

If we read the signs aright, there is one great and seemingly spontaneous move on foot to break into the Peoples Party organization. The effort is showing itself in many ways. We warn our people to be on the watch. "glorious things" that had been done manity. We must not be scattered. front to everybody and every party that FIGHTS US. Our enemies are those who fight us. Remember the fable of the donkeys. As long as they turned their heels toward each other and kicked, they only hurt themselves while the wolves dragged them down by the throats. But when they put their HEADS TO-GETHER and kicked, they scattered destruction and death among the wolves. Let us at least have the sense of donkeys in this fight and KEEP OUR HEADS

It is no new story now that the Democrats, in national convention, appropriated a part-nearly all-of the Populist platform, and nominated a man for the Presidency who had not voted the Democratic ticket in four years. They saw they had to do something like this to keep their party from being utterly destroyed, and they thought if they would do this, they would destroy the Peoples Party. If their plan had succeeded, they would have kicked their new platform from under them just as sure as God reigns. and then the people would have been in the same old false, hypocritical fight that has been going on between the Democratic and Republican parties for the last twenty-four years.

knew that the Peoples Party had thought Mr. Pou's name was on it. fought the issue to the front in spite of Democratic slander, rascality, abuse, edged this.

Did they do it? Not much! The very first thing they did was to begin a fight on the very men who had made county. the great issue now before the American people. They began to try to defeat every member of the Peoples county Party now in Congress. There is not a single district from which a Populist was in Congress from this State in which the Democrats did not put Wake county. up a candidate for the purpose of trying to defeat him; -and ALL THIS after the Dems had climbed onto our platform and acknowledged it to be the best that could be made. We do not blame them for getting on the platform, but we have never seen a meaner or more rascally effort in our lives than their attempt to drive us off of it and claim it as being exclusively their own.

And now we intend to comment to some extent on the kind of men they put forward to push us off. Mr. E. W. Pou is a beautifully fair sample. He may be described as a new convert who is more enthusiastic (in his mind) than one of the old fighters who have stuck to the cause through the storms that tried the stamina and souls of men. But after these men had gone through the bitterness and violence of the storm-a storm which Mr. Pou and men of his stamp helped to createand finally come through it, then Mr. R. B. Davis, of New Hanover Pou, et als, come forward and have the immeasurable cheek and unmitigated impudence to claim that THEY helped to do the fighting, and more than that, have the inexpressible impertinence to claim that they are ento share the fruits of the victory.
