THE COTTON BAGGING TAX. As will be seen from our Washington letter on Saturday, the Senate voted to put cotton bagging and bags made of jute, guano sacks, wheat sacks, etc., on the free list.

Senator Butler read a letter from Mr. S. T. Morgan, President of the Durham Fertilizer Company, showing how much the proposed tax would increase the cost of fertilizers.

Two college orations this year, however, have been notable exceptions to this rule. One was the address delivered by Hon. Walter Page, the brilliant young journalist, at the commencement exercises of the Normal and Industrial school for girls at Greensboro.

It is said that President McKinley is very much embarrassed on account of Mr. Sherman's condition and it is thought that some means will be found to get him to resign soon.

Three weeks ago Senator Butler gave notice of this amendment, and had it printed and laid on the table until this schedule should be reached. Senator Pettus called up the amendment which was followed by a strong debate participated in by Senator White, Butler, Tillman, Pettus, Stewart, and others.

Senator Butler in closing his speech after presenting the above facts, appealed to the Republicans that in as much as they had refused to protect the cotton farmer with an export bounty, that they should not now add an additional injury by singling him out to be taxed to raise revenue which would go to the manufacturing concerns.
