Therefore, I cheerfully recommend the virtues of l'e-ru-na. lours truly, JOSIAH B. ALLEN.

Dr. Hartman treats many thouands of cases of catarrh in all forms and stages by correspondence. Applications for treatment come in from every part of the United States. Every case is consiered separately and prescribed for with reference to the peculia symptoms presented. All letters are strictly confidential. This correspondence is carried on absolutely free of charge. The Doctor's principle remedy for catarrhal diseases is the well-known catarrh remedy -Pe-ru-na. In the vast majority of cases, this is the only nemedy necessary. When anything else is found necessary it is merely to re-move some complication or hinink drance or to correct some harmful had practice. Most people prefer, however, to buy Pe-ru-na at the drug a store for themselves, and, by the ans aid of the directions on the bottle her and Dr. Hartman's free pamphlets. ru- conduct their own treatment.
