

THE CAUCASIAN.

Raleigh, N. C., January 13, 1898.

February 7th will be devoted by the Supreme Court to the examination of applicants to practice law.

Treasurer Worth says that last year less than 5,000 of old bonds came in for exchange and adds that he does not believe many more will come in.

It is claimed that some new evidence will be presented in the case of John Evans, the Rockingham negro in jail here and under sentence of death. His attorneys have been quietly at work for him.

Messrs. Charles E. Johnson and A. L. Thompson are building an immense cotton storage warehouse near the Hickory cotton mill. The building will be completed in about thirty days and will be capable of holding 5,000 bales of cotton.

The reader of political and economic subjects will find The New Times for January an interesting and valuable number. Published by Charles H. Kerr & Co., No. 56 Fifth Avenue, Chicago, Ill.

At the penitentiary it is learned that the present cheaply made used as the shirt factory, and only seventy-five convicts are to be employed in that work, and as the big west wing is not yet finished, the work will be done in about thirty days and will be capable of holding 5,000 bales of cotton.

The Wake County Board of Education has passed a resolution asking the public school teachers of the county to use their influence with parents and children to prevent the use of cigarettes by the children, and that the teachers use their whole authority to prevent the use of cigarettes by children in school, and the committee on the several districts are requested to advise the teachers in prohibiting the school children from using cigarettes.

Mr. R. O. Burton, counsel for Major James W. Wilson in the Railway Commission case last week served notice on Mr. L. C. Caldwell and Mr. J. M. Pearson, the new Commissioners, to appear before the United States Supreme Court in Washington, D. C., on the 17th, when a motion would be made to vacate the order of the court for violating the superintendence of court and to compel them to restore the Wilsons to the office of Railway Commissioners and to restore the rooms, books and papers of the office to them.

The Seaboard Air Line has made a big purchase of land adjacent to its tracks north of the city. The amount of land purchased is four hundred acres. It was the property of the North Carolina Car Company, and a great sum of money was paid therefor. An official of the Seaboard states that shops will be rebuilt on the site and that the acquisition of the property will result in their early completion. The new shops will be established in the shops in Raleigh becomes more apparent every day.

Mr. Charles McNamee, general manager for George Vanderbilt at Biltmore, has sent Mr. Bottomly, a Vanderbilt landscape gardener, here to arrange the shrubbery and other plants in the square on which the Governor's mansion stands. The plants and shrubs have already been ordered here. Mr. Bottomly will make out a plan of his arrangement of the mansion square and submit it to the Governor. All this is done without the cost of a cent to the state. Mr. Bottomly remarked that if he had charge of the capital square he would cut out nearly half of the trees since they are entirely too thick.

"The Dickie Bird" in the Evening Press Visitor says "That any man or gang who attempts to smother the character of a gentleman on the basis of a clerical error, will feel a boomerang that will weigh him down like the stultin of him or them."

"That despite many prophecies and predictions from the fountain head of falsehood, nobody has yet been jailed for failure to pay taxes."

If you feel weak, dull and discouraged you will find a bottle of Hood's Sassafras will do you wonderful good.

Spending the Money. The regular monthly meeting of the Board of Aldermen was held in the mayor's office at 5 o'clock Friday night. Mayor Russ presided; routine business was transacted and a few new ordinances enacted. Alderman Houshall, chairman of the Finance Committee, made a special report, bearing upon the cities receipts and disbursements, with special reference to the allotments made by the Board to the various departments. This report showed that several of the departments had already spent their allotments, while others had gone beyond it, and that up to the present time the expenditures were sufficient to take \$1,000 more than the probable receipts would amount to, and unless there was retrenchment, the city would be right in debt at the end of the fiscal year, March 1st.

John C. Davis Released. John C. Davis, of Wilmington, who has been an inmate of the Insane asylum in this city since May 21st, 1892, was last week given his liberty.

Mr. Hancock was in Washington, D. C., at the time the charge was first made public. He hastened at once to Newbern and denied the charge to him.

Complaint has been filed with the Clerk of the Superior court in Craven county for February term in which the charges are fully set forth. Mr. Hancock was in Washington, D. C., at the time the charge was first made public. He hastened at once to Newbern and denied the charge to him.

LATER—Reports to-day (Wednesday) state that the bill of complaint against President Hancock has been filed in the Superior Court. It is expected that Mr. Hancock will publish a statement in his behalf.

A GOOD DAY'S WORK. "A scrofulous sore on one of my limbs troubled me for years. It was told to me that it was my only chance of recovery. I began taking Hood's Sassafras and this medicine purified my blood. I am now sound and well and able to do a good day's work." NATHANIEL PENNINGTON, Domino, Virginia.

Hood's Pills cure nausea, sick headache, indigestion, biliousness, all druggists, 25c.

The Stanley Enterprise says the Efford cotton mill is to be doubled and that then it will require 400 operatives. Mr. J. W. Cannon will build a \$200,000 cotton mill at Albemarle which will require 700 operatives. That's the way we are going forward.

Another Chance for the Railroad Organs to Howl. Stateville, Mass. It is a little late, but we are tempted to say that trial of purely legal questions by jury have received another blow, and this time from the Supreme Court of North Carolina. It is now in order for those journals which have been guarding this palladium of our liberties to tell us what to do about it.

Everybody Says So. Cascaerts Candy Cathartic, the most wonderful medicinal discovery of the age, purges and refreshes the system, gently and positively on kidneys, liver and bowels, cleansing the entire system, dispels colds, cures headache, fever, biliousness, indigestion, pleases and try a box of C. C. C. Candy, 10c, 50c and \$1.00 Sold and returned to cure.

These Are Facts. wants the quickest and cheapest route. If you contemplate a trip to Arkansas, Texas or Indian Territory, and will kindly drop me a line, stating my destination, when you wish to leave, and how many there will be in your party, I will take great pleasure in naming you the very lowest rates also call on you in person and explain the advantages of my line.

Your best route is via Memphis and the Iron Mountain, it is the only line that runs through care by Little Rock, to Texarkana, Long View, Marshall, Mineola, Big Sandy, Dallas and Ft. Worth without change. Elegant vestibuled chair cars run on all trains. A descriptive matter furnished on any State free upon application. Address Traveling Passenger Agent, 215 Head House, Chattanooga, Tenn.

Ayer's Cherry Pectoral

costs more than other medicines. But then it cures more than other medicines.

Most of the cheap cough medicines merely palliate; they afford local and temporary relief. Ayer's Cherry Pectoral does not patch up or palliate. It cures.

Asthma, Bronchitis, Croup, Whooping Cough,—and every other cough, will, when other remedies fail, yield to

Ayer's Cherry Pectoral

It has a record of 50 years of cures.

COUNTY SCHOOL FUND.

The School Census is 17,738—Kath Scholastic \$1,750,000.00 the Total Sum Appropriated.

The Board of Education at its recent session made the yearly apportionment of the county school fund which is as follows:

Table with 2 columns: School Name and Amount. Includes St. Mary's, St. Matthew's, Little River, Wake Forest, etc.

The entire apportionment to the townships outside of Raleigh is \$21,422.50. Supervisor Norris says the apportionment will enable the public schools of Raleigh to run on an average of five months, allowing teachers an average salary of \$28. This is above the average compensation allowed teachers of public schools.

The Board apportioned to each of the 17,738 school children \$1.75 each. Raleigh township has a population of 10,000 and therefore receives its share of the school fund \$1,738.

WAKE SUPERIOR COURT.

Over One Hundred Cases on the Docket—Two Murder Trials—Judge Timberlake's Able Charge to the Jury.

The January term of Wake county Superior Court opened Monday, with Judge Timberlake presiding and Solicitor Poy at his post. In opening court Judge Timberlake delivered an able and timely charge to the grand jury. He instructed the jury especially to indict merchants and others for selling or giving cigarettes to boys under the prescribed age. He told them that it was their sworn duty to examine this matter carefully. He also instructed them particularly against the crime of bribery, gambling, including dealing in futures and escape from officers.

Solicitor Poy set a criminal docket, and this afternoon will argue money to the county. Most of the one hundred cases are for trivial offenses; the two important cases being that of Jim and John Crover, who was at the March term of 1896, tried and convicted of manslaughter, appealed to the Supreme Court which recently granted him a new trial. He will be tried for murder Thursday. Crover last January shot a colored man near Wake Forest.

A SERIOUS CHARGE. Brought against the President of the A. & S. C. R. R.—He Denies the Charge in toto.

News has been received in Raleigh that Robert Hancock, President of the Atlantic and North Carolina Railroad has been charged with a serious crime. It is charged that Mr. Hancock secretly shot a woman, and that he threatened her if she did not yield to him.

Complaint has been filed with the Clerk of the Superior court in Craven county for February term in which the charges are fully set forth. Mr. Hancock was in Washington, D. C., at the time the charge was first made public. He hastened at once to Newbern and denied the charge to him.

LATER—Reports to-day (Wednesday) state that the bill of complaint against President Hancock has been filed in the Superior Court. It is expected that Mr. Hancock will publish a statement in his behalf.

STATE NEWS.

The Greensboro Telegram says it is now settled that Greenboro is to have a new passenger depot.

The firm of J. L. King & Co., tobacco manufacturers of Greensboro, assigned last week. Liabilities amount to \$20,000.

The grand jury in Buncombe County has returned a "true bill" against the street railway company for issuing a free pass to a reporter on the Citizens.

North Carolina. Presidential postmasters appointed last week are Wm. P. Ormsby, Salem; Philip H. Lybrook, Winston; Joseph D. Martin, Tarboro.

The postoffice at Mooreville was entered by professional burglars and the safe blown open and the office robbed of all available cash and stamps last week.

News of a peculiar accident was received last week from Paoliot, S. C. The 11-year-old daughter of J. D. Scott, leaned back too far in rocking chair. The chair fell over, and her head struck the floor breaking her neck.

The taking of a thimble from the trachea of little Ellen Harris at Charlotte was successfully accomplished by local surgeons. The object was located by the X-Ray, the first time it has been used successfully in surgical operation in the South.

The suit brought by the Commissioners of Wilkes county, for the purpose of restraining County Treasurer from paying the railroad bonds issued, and interest, will be heard before Judge Starbuck in Winston on January 15th. It is thought the order will be granted. Ex-Justice Avery represents the Commissioners.

Mr. Thomas M. Hufham has retired from the editorial field and will devote himself to the law and to his duties as Mayor of Hickory. He made a clean, able, vigorous and manly paper, and was one of the first editors in the State. The Times suspended publication, and is incorporated into the Mercury, which will hereafter be published as the Times-Mercury, with J. F. Click as editor and E. E. Reynolds as associate editor.

Scotland Neck correspondent to News and Observer under date of January 7, says news comes from Dawson's six miles in the country, that Dr. O. S. Stallings' at his gun house by fire Wednesday. There was also some cotton consumed, but your correspondent has not learned how much. News has also reached here that some days ago the building of a high school was burned. It had been refitted with furniture, etc. and the loss was not covered by insurance.

The Charlotte Poultry and Pet Stock Association which has recently been organized in Charlotte will give their first exhibition commencing January 12th, and continuing for three days. The exhibition will be held in the city hall, a large and commodious building, and will be open to the public from 8 a. m. to 1 p. m., Wednesday, Thursday and Friday the 12th, 13th and 14th.

GENERAL NEWS. HANNA—The exportation of leaf tobacco free of duty began.

A French Steamer handed Jan. 1, near Marseilles, with all hands consisting of 15 men, perishing.

The following fourth-class postmasters have been appointed for North Carolina—Liberty, J. F. Pickett; Stanley, J. S. Grasser.

COLEMAN, S. C., Jan. 8.—Andrew Welch, when caught in the act of robbing the postoffice at Florence last night, shot himself dead.

Marshall Chadwick, a suspected murderer, was taken from jail by a mob at Colfax, Wash., Monday and hanged to the west wall of the court house.

Anthony Comstock, who sued a certain doctor for \$50,000 damages for defaming a character in referring to him as a "notorious blackmailer," was given a verdict of 6 cents, without cost.

DENISON, Tex., Jan. 8.—The hardware store of Falgout, Hoss & Co., the large dry goods house of Maddox, Graham & Co., were burned last night. The loss is two hundred thousand dollars, partly insured.

WASHINGTON—Miss May Waite, 24 years old, and said to be a daughter of the late Governor Waite, of Colorado, attempted to commit suicide by taking strychnine at Washington.

A deplorable tragedy occurred in the outskirts of Memphis Friday afternoon. Dr. Shep Rogers, professor of anatomy at the Memphis Medical College, and one of the most prominent physicians of this city, was shot by a bullet through her heart, and lies in a dying condition at the hospital. After shooting Dr. Rogers, the woman turned the revolver to her breast and expressed a wish that she was supposed to be the woman's infatuation for the Doctor.

A special dispatch from Washington, D. C., says: Dr. Walter C. Murphy has been unanimously elected president of the North Carolina Society, of this (Washington) City, succeeding Hon. William C. Cox, secretary of the United States Senate, who declined re-election.

IF THE BABY IS CUTTING TEETH. Be sure you take that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhea. Twenty-five cents a bottle.

ANY PERSON. Wishing to know the truth in regard to their health should not fail to send for a valuable and new 64 page Book— which will be sent Free for a short time to those who mention this paper. This book is published by the celebrated physicians and specialists—Dr. Hathaway & Co. of 221 South Western St., Atlanta, Ga. whom you should

NOT ALWAYS UNDERSTOOD. A fact often overlooked, or not always understood, is that women suffer as much from distressing kidney and bladder troubles as the men. The womb is situated back of and very close to the bladder, and for that reason any distress, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort.

The error is easily made and may be easily avoided by setting urine aside for twenty-four hours; a sedentary or sitting position; or the use of a catheter or setting in evidence that your kidneys and bladder need doctoring. If you have pain or dull aching in the back, pass water so frequently, or scanty supply, with smarting or burning—these are also convincing proofs of kidney trouble. If you have doctored without benefit, try Dr. Kilmer's Swamp-Root, the great kidney remedy. The mild and the extraordinary cures will surprise you. It stands the highest for its wonderful cures. If you take a medicine you should take the best. At drug-gists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention this CATHARTIC and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of the above.

HAVING a good printing outfit, I want a party to join me in issuing a weekly paper in some locality in North Carolina. Address: W. H. V. V. V., Elberton, Ga.

For Systematic Examination.

To the Members of the County Board of Education and Supervisors: DIXON SAYS: I wish to urge you to have a teaching in the public days provided for by law. There are two special reasons why this should be done, viz., economy and systematic work on the part of the Supervisor.

How will it save money? I find under the present arrangement in some counties that very few teachers are examined on each of the public days. The Supervisor pays for one day's service instead of fifteen or twenty days, for the same number of teachers examined at the present time, but teachers go on many days' service to be paid out of the public fund as he has examined teachers.

The teachers of every county could be examined one of the four days provided for in the law, with perhaps rare exceptions.

We ought to have twenty-five or thirty teachers examined on each of the public days. The Supervisor pays for one day's service instead of fifteen or twenty days, for the same number of teachers examined at the present time, but teachers go on many days' service to be paid out of the public fund as he has examined teachers.

Where Supervisors cannot arrange to have separate rooms for whites and colored to carry on examinations, they should be conducted on the same day, but the Supervisor should continue the examinations after the public days until all have an opportunity to be examined.

It seems almost needless to say that a Supervisor cannot and will not have as carefully prepared examination just as he can do as he is now doing, and in this way he must necessarily have a large number of days service in comparison with the number of applicants examined.

It seems almost needless to say that a Supervisor cannot and will not have as carefully prepared examination just as he can do as he is now doing, and in this way he must necessarily have a large number of days service in comparison with the number of applicants examined.

It seems almost needless to say that a Supervisor cannot and will not have as carefully prepared examination just as he can do as he is now doing, and in this way he must necessarily have a large number of days service in comparison with the number of applicants examined.

CAN'T GET REST.

Sleeplessness Common Among the Aged. Thin, Pale, Inactive Blood the Underlying Cause. Restful Sleep From Better Blood Supply.

There are degrees of sleeplessness from the wide-awake state to the sleep which does not refresh and has in it only the mockery of rest. Such sleep is not true nature's sweet restorer. Dreams have power to torture and to depress. Sleep, therefore, is not always rest, but trouble, and a troubled sleep brings to the brain-worker loss of power for thought and labor.

It is a well-known fact that for any part to perform actively its duties, it must have an abundance of blood; but when the power of localizing the supply of blood in the brain is impaired because of insufficiently powerful the food, brain grinds the same old grist over and over till nervous prostration, paralysis or hysteria ensues.

The cause of sleeplessness is so clear that the cure is equally apparent. The nerves must recover their grip. The health-wrecking laxity of the blood vessels must be corrected. The answer to how this is to be done is:

Feed the exhausted nerve tissues with Paine's celery compound.

It thus acts on the nerves. Paine's celery compound is able to regulate the blood supply and permanently banish sleeplessness that shortens so many lives, especially among those beyond middle age. In addition to this indirect cure for sending the blood to a great number of the schools of the country.

Yours truly, C. J. MERRILL, Superintendent of Public Instruction.

Catarh Cannot Be Cured With Local Applications, as they cannot reach the seat of the disease. Catarh is a blood-poisoning disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. It is a powerful purgative, and in some cases it is necessary to use it for several days along the line of examinations.

In some counties the money spent for these every-day examinations would pay for sending the blood to a great number of the schools of the country.

Yours truly, C. J. MERRILL, Superintendent of Public Instruction.
