Charlotte Observer, Feb. 4.

WASHINGTON, Feb. 3.-Governor Russell is quoted in Wilmington as road Commissioners Caldwell and compulsory sale of tickets on its of the State militia."

He is reported as having advised resistance to the order of the Supreme Court, saying that the object of the removal of the Wilsons as trol the State railway system, or Railroad Commissioners was to premake the question of Federal usurpation the paramount issue in the

It is not believed here that the State Guard will respond to his call in the event of resistance on the part of Commissioners Caldwell and Pearcolored company of Charlotte, commanded by Capt. S. A. And the most uncanny spot on the face of the earth at this season of the year is the District of Columbia jail. It is not seriously believed that commissioners Pearson and Caldwell are looking for that sort of destiny, but that the show of force on the part of the United States will sufficiently emphasize the conflict as a campaign

Lawyers here agree that the rule issued by the Supreme Court against Caldwell and Peaason means the surrender of the office or imprisonment. The court, it is understood, was unanimous in ordering the issuance of the rule in this case, holding, it is said, the method employed by Caldwell of the Commissioners' office to be a grave offense against the manda of the court.
