We agree to treat any person afflicted with any chronic disease and cure them, furnishing medicines and everything necessary for their case, or forfeit \$50.00 in gold, providing the patient faithfully follows treatment and directions, and the oyster claimants from the Pamiica fully follows treatment and directions, and the case is a curable one.

This offer is plain, and there is no catch to it; and furthermore, the offer is good and the money perfectly safe because we are financially respon-
