THE BIBLICAL RECORDER: THE LEAST QUESTION: AND THE GOVERNOR. It is well known that THE CAUCA stan has differed with the Governor upon the question of the arrangement recently entered into betwix the Southern Railway Company and the Directors of the North Carolina Railroad in respect to the ninety-nine year lease. But we have no sympathy whatever with such attacks upon the Governor of the State as that made in a recent issue of the Biblical Recorder; and we desire to evince out utter want sympathy with such attacks, from whatever source they may come, by replying to the misstatements, misrepresentation of motives, and gross perversion of facts contained in the article we have alluded to.

We hold it to be elemental journalistic morality, that every newspaper should tell the exact truth about matters which it discusses; and, it would esem, that this law of elementary morals should have a special binding force upon religious newspapers. But it
