Tampa, Florida, May 19.—All the newspaper correspondents at Tampa were to-day notified that in the future all dispatches must be placed in the hands of Lieutenant Wiley, of General Schaffert's staff for approval. The censorship in future will be rigid, and it is said that it will be kept in force until after the invasion of Cuba takes place. It is the intention to keep the Spanish government in complete ignorance of the movements of the army. If possible, and every measure will be used in order to do so.

To maintain the arm of 200,000 men for six months will cost \$30,000,000, according to estimates prepared by Paymaster General Stanton, and the leading officials are beginning to fear that hostilities may range along beyond this period. The reason is the growing fear on the part of some of the officers that they must not reckon upon any substantial assistance from the Cuban rebels in this campaign, and moreover that the movement of the United States army beyond this period. DR. CYRUS THOMPSON ELECTED STATE CHAIRMAN.

to the fact that no township conventions were held.

Objections were raised to the seating of the delegates, but they were all overruled.

Thereupon the chair ruled that the delegation would have to go regularly by the rules of the convention.

"Then I move," said Skinner, "that by a majority vote, the Pitt delegation be seated without reference of their case to the credential committee."

This raised a great storm of protest on one side and clamors for the question on the other.

E. A. Moye, of Pitt, argued that as there was no contest from Pitt it ought not to go before the credential committee.

Chairman Fountain said he put Pitt county down "irregular" at the request of the delegation, but having heard the statement he desired to withdraw the charge of irregularity.
