Louis, July 22, 1896. THE ELECTION LAW

We hereby reaffirm our fixed determination to support and maintain a free ballot and a fair count in all elections held in North Carolina. To this end we conten that it is of vital importance for each political party to have on all election boards ical party to have on all election boards, representatives of their own selection. We condemn the present national administration for its efforts to fasten upon the people and future generations the burden of interest bearing bonds and for endorsing and carrying out the infamous bond and monopoly policy of the preceding administration of Grover Cleveland.

We commend the action of the Populists, silver Republicans and silver Democrats in Congress for their wise, brave and patriotic course in solidly co-operating to strike out the bond provision of the pending war revenue bill and to substitute therefor an issue of greenbacks and the coinage of the silver of greenbacks and the coinage of the silve sinorage to carry on the war.

Stocks to-day selling at \$10 to \$20 a share are asfe to buy, as no conditions can depress them to any further appreciable extent, and when the turn comes you can buy more as profits accrue. An advance of 10 to 20 points is inevitable. In order to keep our public servants in thorough touch and sympathy with the oppressed masses, and to check to some extent the acramble for other, we demand a reduction of salaries until such time as through an increase of the currency the price of property and products will justify the present rates. is inevitable.

Ten shares of one these low-priced may be bought on \$100 deposit, with a certainty that no loss can result. Ten additional shares can be bought on each I point rise without any further desposit or hability whatever.

The profit would be:

\$3500 on 10 points advance.
\$1,200 on 15 points advance.
\$2,100 on 20 points advance.
INCREASED EARNINGS AND DIVIDENDS, THE ENORMOUS IMPORTS OF GOLD, and the unprecedented EXCESS OF EXPORTS OVER IMPORTS, make a phenomenal rise certain as soon as the Cuban tension is relieved, and Wall Street, as usual, has about discounted the worst than can occur.

THE RULE OF THE PROPLE.

We favor the principle of direct legislation known as the Initiative and Referendum, in order to restore and preserve the rule of the people. "It will not be opposed by any Democrat who endorses the declaration of Jefferson that the people are capable of self-government, nor will it be opposed by any Republican who holds to Lincoln's idea that this should be a government of the people, by the people and for the people."
