gesclutions Passed by the Joseph P Johnsten Camp of C at derate V-terans How Some of the Resolutions Opposing the Amendment Were Secured by Puliticians Against the Wishes of the

Majority of the Camps. The resolutions below, passed by the Joseph E. Johnston Camp of tonfederate Veterans, of Dalton, on., are very interesting reading. The fact that this Camp first passed esolutions opposing the amendment to pension Confederate Veterans, and then afterwards passed the resoations given below, and the circum stances under which it was done, i all more interesting.

It will be remembered that whill Senator Butler's amendment to the Pension Appropriation bill to pen ion Confederate Veterans, was pen ding before the Senate, a number of resolutions from Confederate Camps. opposing the amerdment was sent to certain Senators in Washington, and the impression was created to a cer tain extent that these resolutions ex pressed the sentiments of the Camp from which they came and of th Confederate Veterans generally. That this impression was false i growing plainer each day.

One of the resolutions that wa sent to the Senate, opposing the amendment, was from the very Camp which now repudiates the resolution and pass d strong resolutions favoring the amendment.

The following letter explains the whole matter: DALTON, GA., March 13.

The above letter shows that a few politicians hurriedly called a meeting and passed without discussion. some cut and dried resolutions opamendment without the knowledge of nine tents of the members of the Camp. In how many camps the same snap judgment was taken remains yet to be seen. One thing is clear, however, that the politicians were anxious to create the impression that the Confederate Veterans were opposed to the pensions. When there was a full meeting of the Joseph E. Johnston Camp, what did they do?

After full and free discussion, they reseinded the former resolutions and passed the following:

It provides for appointment by the Governor, with the consent of the Senate, of a board of assessors, the members of which shall have access to all accounts of the companies to whom it applies, and who shall assess these companies' property at the average rate of State. county and municipal taxes upon all property within the State. Various features of the act will doubtless be tested in the Sapreme Court.

The enactment of the bill, which has been a subject of discussion for years past, is considered a triumph for Gov. Pingree, and it is not believed that the amendments made by the Senate will detract from the objects of the bill to any extent.
