OUR HICKORY LETTER.

APRIL 3 1890 Notwithstanding the cold it's be and there is yet plenty of fruit I a fruit crop is a big thing in on etion. The weather seems to have a red, and our truck growers and farmers can finish preparing there and planting their crops. Th roads will soon be so mill men car their lumber to market. Hickory a quite a lumber market. We have several factories which prepare and

sell building material of all kinds. More goods are shipped to and from Hickory than any town from Salebury to Asheville, While we only have about 3 500 inhabitants get we have a good firming country around us. Our cit z na are not like those compessing most Southern towns: They are broader, more natimal in their views. One reason, they are from nearly every state in the Union, especially Northern

We can't see how a negroe's vote always kills a white man's vote. I' that be true then the D mocrats ried to kill 120 (00 while votes last fall. They eams n ar voting all the begroes. In Halifax and other counthe that have a m juity of negro viters, always give a big m jirity. What white votes do they kill, and who is responsible for i ? The D mocrats carried every negro township and county in the State. They did it by voting the negro and having him kill some white man's vote. S.D.m. ocia's are meaner than we, as they sinned against light and knowledge.

It may be they are foolish enough to believe the amendment won't disfranchise a worre man and that's Way they gave us an election law that will. They had one b fore that did. Tory made no diff rence between a pegro and a while man ther, and they won't now.
