We notice that certain machine Democratic newspapers are constantly harping upon what the last legislature did for public education as one of the good things done by that legislature. What are the facts? The Populists State Superintendent for public school fund of the state which would insure a nine months school in every district from the mountains to the sea. In his report to the legislature he showed how this could be done by simply requiring certain corporations in the state that now pay a very small proportion of the burdens of taxation to pay their fair and equal share. So two things could have been accomplished if his advice had been heeded : first, the burdens of taxation would have been more nearly equalized by having the rich to pay something like the same proportion that the poor have to pay, and at the same time more than double the length of every public school in the state. Did the legislature act on this advice? No. Instead of raising \$500,000 by incided to let the corporation and monopolies go scot-free and to increase the burden of those who already pay taxes to the extent of a hundred thousand dollars for public schools. Thus, instead of raising dollars was raised, and that was raised out of the pockets of those who already pay more than their whether the last legislature belonged

THE NEW BULL PEN ELECTION LAW

The recent Legislature repealed tue non-partisan election laws of 1895 and 1897, which guaranteed to every party the right to be represenud on election boards by election officers of their own choosing, and enacted an election law more vicious than infamous Simmons Bull-Pen Election law that was in force before

The leading provisions of this law s published by the Raleigh News & berver are as follows:

1. That the election for State and county officers shall be held on the first Thursday in August and every two years thereafter.

2. That there shall be a State board of elections composed of five persons elected by the Legislature for a term of two years.

3. That there shall be a county board of elections consisting of three persons, appointed by State board for a term of two years.

4. That the State Board of elections shall meet in Raleigh the first Monday in May, 1899, and organize by electing one of their number chairman and another secretary. Another meeting shall be held on the first Monday in April in each election year. Special meetings may be called when necessary. For their services the board shall receive four dollars appoint all registrars and judges of elections. Members of the county boards may be removed by the State board; and the county board in turn may remove any registrar or judge of election.
