The Imperial Policy.

An imperial policy cannot be defended on any ground. From a financial standpoint it will be an expense to a large majority of the people.

There is an irreconcilable conflict from a government that derives its authority entirely from force.

A MONSTROUS ABSURDITY.

Very Good Democrats Opposed to the "Grandson of His Grand-Father" Constitutional Amendment Clause.

The correspondent of the Charlotte Observer, writing that paper from Fayetteville, under date of March 4th, says:

The Observer correctly guesses public sentiment in throwing out a word of warning against taking for granted the carrying of the ballot box of the suffrage constitutional amendment.

The suffrage amendment referred to above, which was adopted by the last Legislature, is as follows:

SECTION 1. That Article VI of the Constitution of North Carolina be, and the same is hereby repealed, and in lieu thereof shall be substituted the following Article of Said Constitution:

ARTICLE VI. Suffrage and Eligibility to Office—Qualifications of an Elector.

Section 1. Every male person born in the United States, and every male person who has been naturalized, 21 years of age and possessing the qualifications set out in this Article shall be entitled to vote at any election by the people in the State, except as herein otherwise provided.

The clouds of bad blood enveloping humanity have a silver lining in the shape of a specific to remove them.

The claim that the election law enacted by the legislature is a fair one is not true. It is so framed as to give the ballot box thieves full license to steal, and under which it will be almost impossible to convict and punish them.

THE NEW BULL-PEN ELECTION LAW

Its Provisions as Interpreted by a Leading Democratic Paper.
