J. H. KENNIS DEAD.

Mr. James H. Kennis, one of Raleigh's oldest and most prominent citizens, died at his home here, Tuesday at 3 o'clock, aged 78 years. No man was more generally known throughout the State. He was the publisher of the Turner's N. C. Almanac. He was a consistent member of the Methodist church. His funeral was preached from the Keston Street Church Wednesday. He leaves four children and a host of friends to mourn his death.

THE SUN'S ECLIPSE.

There will be a total eclipse of the sun witnessed next Monday, May 28th. In this section it will be total. It begins at 7:37 a. m. becomes total at 8:40 and ends at 10:10 a. m. It is caused by the dark body of the moon passing between the earth and the sun. There will be a large body of people at Pinehurst from all parts of the United States to witness and study the sun's problems. No one need get alarmed, and should see it, especially the middle-aged. They may never get another chance. It will be interesting. So get the children up in time to see it.

A TERRIBLE EXPLOSION

Twenty-Two Miners Lose Their Lives in the Cunnock Mine

About 5 o'clock Tuesday evening May 22nd, there was an explosion in the coal mine in Chatham county, known as Cunnock Mine, in which twenty-two miners lost their lives, ten whites and twelve colored. The explosion is supposed to have been caused by a broken gaseous lamp. The accident was in that known as the east heading, and between forty and fifty men were in the mine at the time.

FIVE BROUGHT OUT ALIVE

Five were brought out alive from the east heading, while none of the men in the other parts of the mine were injured.

THE NAMES OF THE KILLED ARE AS FOLLOWS:

White—Jno. Connelly, Mine Superintendent; Joe Glass, William Tyson, Jas. McCarthy, Jno. Hankey, Westly Clegg, Jno. Willett, Jno. Gatewood, Robt. Gatewood.

COLORED—Sam McIntire, Dan Goldberg, Joe Fagan, Will Reeves, John Reeves, Alie Bynum, Joe Taylor, Jim Maki, Jno. Lee, Palmer, Jim Palmer, Jno. Palmer, Geo. H. Hester.

WITHIN AN HOUR AFTER THE EXPLOSION

the work of rescue began and by night all the bodies except one, that of Sam McIntire, had been brought to the top. Jno. Connelly, the mine superintendent, came there three years ago from Pittsburgh, Pa. He leaves a wife and three small children.

WHILE TYSON WAS THE SON OF MR. JORDAN TYSON.

This is the second explosion this mine has had within the past four years, the former one having occurred on December 28th, 1895, where sixty-three men lost their lives.

WHAT CHAIRMAN BUTLER SAYS.

About the Action of the People's Party National Convention in Nominating Vice-President.

WASHINGTON, May 18.—Chairman Butler, of the Populist party, said to an Associated Press reporter to-day it was true that Mr. Bryan and Mr. Towne had expressed preference not to have the People's Party nominate for Vice-President, but that the committee's judgment was that the best way to elect both was to nominate.

CANDIDATE TOWNE TAKES.

The Action of the People's Party National Conventions sets an Example of Unselfish Patriotism to Other Reform Parties.

DULUTH, May 11.—Charles A. Towne makes the following statement with reference to his nomination to the vice-presidency by the Sioux Falls convention: "It was my intention to appoint a conference committee to meet with some committees from the Democratic and Silver Republican conventions at Kansas City on July 4, for the purpose of jointly considering the vice-presidential nomination. This opinion was freely communicated to prominent members of the convention, both before it assembled and while it was in session. In the exercise of its discretion, however, it decided differently."

CHAIRMAN HOLTON.

Replies to Chairman Butler and Agrees to Discuss Any Disfranchisement.

Chairman Holton replies to Simmons and refuses to meet him in joint debate, because Mr. Simmons' crowd has shown they are not in favor of fair, friendly and impartial discussion.

But Mr. Holton agrees to meet Mr. Butler and his candidates on any subject about which the two parties are not agreed. He is willing to do this, because the People's Party has shown a willingness and fairness to discuss all questions dispassionately, and leave it to the people to decide peacefully at the polls with a free ballot.

Caucasian Complimented.

MR. EDITOR:—After reading your worthy paper and finding it to be the very paper that every voter ought to have, I enclose my subscription. The Caucasian keeps every voter in close touch with the proposed Constitutional amendment and present election law which hang so heavily over our heads.

There will be a total eclipse of the sun witnessed next Monday, May 28th. In this section it will be total. It begins at 7:37 a. m. becomes total at 8:40 and ends at 10:10 a. m. It is caused by the dark body of the moon passing between the earth and the sun.

POPULISM IS GROWING.

Newberne Votes on Municipal Ownership and Decides to Let the Town Run the System.

From The News and Observer, May 16th, we clip the following from the Newberne correspondent: "An election was held in this city to-day to determine whether or not the city should purchase the local water-works and sewerage system."

The election resulted in a majority of 475 of the votes cast in favor of purchase. The majority of the total registered vote in favor of purchase was 131. The city will therefore own the waterworks and sewerage system.

Could not express the rapture of Annie E. Springer, of 125 Howard Street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden.

Another remedy and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I was able to do anything I could do. I feel like sending my praises throughout the Universe."

ROBBED THE GRAVE.

A startling incident, which Mr. John E. Philbrick, of the University subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunk, long coated, pain continually increasing weaker day by day. Three physicians had given me up. Fortunately I had a friend who advised me to take Dr. King's New Discovery. To my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and an new life, and robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at all Druggists."

THE FINISH OF THE DISFRANCHISEMENT FRAKE.

One of the most persistent and oft-repeated of the falsehoods used to bolster an administration of corruption and preface a series of frauds on the ballot has been the disfranchisement fake. It has been asserted that Chairman Simmons said in a speech at Wilkesboro that the Democratic party proposed to disfranchise the negro and all whites who cannot read.

The record of the Democratic party, which was in undisputed power in North Carolina for twenty years, was full answer to the charge that it intended to disfranchise any voter, and was accepted by all reasonable men. The constitutional prohibition ought to have shut the mouths of the educated liars. When neither of these things satisfied the Fusion hewlers, the Chairman of the Democratic Executive Committee, in order to leave no loop-hole for Fusion politicians to deceive the most ignorant, made a statement committing the Democratic party not to disfranchise any voter.

Following this guarantee is the like utterance of the leaders of the party on the stump and the statements in the Democratic papers. We will no longer hear this lie that the Democrats propose to disfranchise voters from any man who values his reputation for truth. The assurance from the State Chairman and the leaders of the party settled the matter fully and completely. If any Radical demagogue repeats the lie in the face of these assurances nobody will pay any attention to such a malinger.

HERE IS THE REPLY TO WINSTON.

Winston, N. C., Nov. 3, 1898. Hon. F. M. Simmons, Raleigh, N. C.—We were present and heard every word of your speech at Wilkesboro. The statement that you said in your speech that if the Democrats got the Legislature they would pass a law similar to that of South Carolina and Mississippi and disfranchise negroes, is a lie out of the whole cloth. No such statement was made by you, nor anything from which such an inference could be drawn.

From Wilkesboro the following affidavit was received: "That I heard the speech of Hon. F. M. Simmons at the court house, in Wilkesboro, on the 15th of August. The only reference made to the election law was that, if the Democrats got in power, they would pass an election law which would prohibit shipping in of illegal voters on the eve of election from Virginia, South Carolina and other States. He further stated that under the recent decision of the Supreme Court we could have one system of county government in the East and one in the West, so that white government could be restored in the East without interfering with the present system in the West."

The assertion that Simmons said that if the Democrats got in power, they would pass an election law similar to that of South Carolina and Mississippi, is absolutely false: the statement in the affidavit of J. W. Davis that Simmons said in his speech that Democrats would pass a law so as to disfranchise the negroes in this State, is absolutely false.

THE DISFRANCHISEMENT "LIE."

Raleigh's Leading Attorneys Show Its Impossibility by Quoting the Laws of the State.

SOME VERY INTERESTING READING REPRODUCED.

From The News and Observer 1898 Campaign Utterances—The Affidavits of "Men of Character and Standing"—What Simmons Said and What Simmons and his Legislature Did do.

Read the Following Carefully and Then Say Who Lied.

(From The News and Observer, October 28, 1898.)

The following letters are self-explanatory and give the lie, once for all, to the charge being made by the Fusionists, that it is the purpose of the Democrats, in case they get the Legislature, to disfranchise the negro.

RALEIGH, N. C., Oct. 17, 1898. HONS JAMES E. SHEPHERD, C. M. BUSBER, E. O. BURTON AND W. N. JONES, GENTLEMEN:—The Republican Fusion candidates for the Legislature and county offices in this county are trying to scare the people by falsely stating that if the Democrats are elected, they will at once pass an act of the Legislature to disfranchise the negroes. The statement is so absurd and foolish, it is hardly necessary to deny it, but in order to satisfy the public, I will be obliged if you will give me your opinion, whether the Legislature has the power to pass any law to disfranchise any one, and oblige. Yours truly,

ARMISTEAD JONES, Chairman Wake Co. Dem. Ex. Com.

RALEIGH, N. C., Oct. 17, 1898. RALEIGH, N. C., Oct. 17, 1898. A letter just received from a prominent farmer in Halifax county says: "I am only a poor farmer with a wife and six little children, but I love my country and I love my family. I did all I could to help carry the State for Bryan in 1896, and will do the same this year. But when I think of the effort of certain politicians in North Carolina who pretend themselves to be for Bryan and try to fasten on this State a scheme that will disfranchise my boys, because they are not educated, makes me feel very much like fighting. My boys have been forced to stay at the plow and make five cent cotton to keep starvation from the door, while the sons of some of these politicians who are trying to bull-doz me by calling me and my boys white negroes, have been raised up around towns with silver spoons in their mouths and have had from six to eight months schooling year. I do not believe that God will suffer such a wrong to be done."

The above are the sentiments of not only every man in the State whose sons have been too unfortunate to get an education, but they are the sentiments of all educated men who have any regard for the white illiterate boys of the State. THE CAUCASIAN is satisfied that they are the sentiments of an overwhelming majority of the white voters of the State, and that they will so vote on next August.

Volunteers Wanted. Wanted: Enough volunteers to bury the proposed amendment beyond the hope of a resurrection, and thus save the liberties and rights of the citizens of the good Old North State. Hell's ovens may attack us, clouds may gather black and ominous, and red-shafted lightning may threaten us with destruction, while echoing and detonating thunders may roar along the labyrinth of the sky, yet with God and right on our side, we can conquer the enemy. Any man who says that we are, or have been, under negro rule in North Carolina is so ignorant that the amendment would disfranchise him if adopted. The amendment ought to be discussed as a moral question, but morally plays such an insignificant part in Democratic policy that it is not worth the "sweetness on the desert air" to attempt it.

Surely it seems to us that the time has come when foreign powers ought to interfere in behalf of the Boers in South Africa. The time has come when those who are offering to raise regiments of female volunteers to defend their country from the threatened attack of gold-loving Britons. This is enough to bring tears to the eyes of all men who have a spirit of patriotism. We have faith enough in an All-wise Creator to believe that He will do His part in helping us in the amendment. We hope that the people will do their duty. We have enough charity of love for our fellow-citizens not to cast a ballot to disfranchise them. We have had some very dry weather in this locality, but copious showers of rain during the past few days have put pleasant smiles on the suburban faces of our neighbors.

EZEMA = SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seeps on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted.

This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease. While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this.

S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Cardington, Ohio, says she was afflicted with Scrofulous sores and Eczema from birth. Her face was covered with sores and her hands were very sore. She was treated by all the doctors in town without being benefited, and in her search for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She strictly kept to the diet which has been in her power since that time. "What it has done for me it will do for others."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address, S. S. S. Co., Atlanta, Ga.
