We condemn the Democratic Legislature of 1899 for its extravagant expenditures of public money amounting to \$1,594,765.76 in 1899, as opposed to 41,283,971.11, expended by the preceding Legislature, an excess of \$310,-794.65, not including the sum of \$100. 000 for public education nor the \$63.950 for purchase of State farms.

We further condemn -aid Legiala-

We further denounce the machine leaders of the Democratic party for laying the whip on the banks of the Democratic Legislature and forcing them into enacting and submitting a disfranchising constitutional amendment in violation of the solemn pledges of the party made not only officially in their campaign handbook but by members of the General Assem bly and other Democratic candidates for office in their canvass before the people. We denounce them not only for doing this in violation of their pledges, but also for submitting a measure most odious in form and danger ous in effect. That General Assembly being composed of some of the best lawyers of the party, must have known, or at least had a reasonable doubt, not only as to the unconstitu tionality of the monstrous provision of Section 5, known as the "grandfather clause" in said amendment, but also of the great danger of that unconstitutional sectional section falling, leaving the remainder of the amendment to stand, thus disfranchising by an educational qualification fifty or sixty thousand white voters of North Carolina, who in 1898 gave the Democratic party power in the Legislature, and one of 'he d mocrats in 'his 'o ality of whose ignorance is no fault of their A sheville who is opposed to the suffrage own but is chargeable to the neglect of to disfranchise them and make their sizerace ignorance a crime alongside that of state in
