Raleigh, N. C., January 24, 1901.

Entered at the Post Office in Raleigh, N. C., as second-class mail matter.

The Express Company at Asheville has an unclaimed corpse in its office.

Tonight the B. and O. Institution will give an entertainment to the Legislature.

Hon. Josiah Turner, of Hillsboro, made us a pleasant call on Monday evening.

Look at the label on your paper and if your subscription has expired send in a renewal.

Now is the time to subscribe to the CAUCASIAN, so you will get the proceedings of the Legislature.

Ira Newton, of Elkton, N. C., a student of the University, died at Chapel Hill Tuesday morning.

The little four year old son of Mr. Morris Haskell, of Durham, was buried to death Monday afternoon.

Capt. S. B. Waters, a citizen of New Bern, fell dead in his boat while hunting ducks on Trent River Tuesday afternoon.

Would you believe the News and Observer is not in favor of building a fertilizer factory at the penitentiary, the first bill proposed by this legislature, it was not in favor of.

### "OUR EXCELLENT GOVERNOR."

Gov. Russell Endorsed by the Assistant Door-keeper of the House.

On Saturday before the inauguration Gov. Russell sent a message to the House of Representatives by Mr. Cade, his private secretary. When Mr. Cade arrived at the door of the House the door-keeper stepped about half way up the aisle of the House and said: "Mr. Speaker—a message from our excellent Governor." Mr. Cade was then admitted with the message.

By request Senator Butler's name was not put in nomination in either house.

#### Fire in Her Cargo of Cotton.

Key West, Fla., Jan. 20.—The British steamer Hellenor, from Galveston, Texas, to Liverpool, England, via Norfolk, Va., loaded with cotton, arrived in port at noon, today, with her cargo on fire in the forward hatch. The fire was discovered on the 18th. A survey was ordered for to-morrow. There are 9,000 bales of cotton aboard the steamer. The extent of the damage is not ascertained.

The government of Chile has bought 400 freight cars in the United States.

# THE QUEEN PASSES AWAY.

CHILDREN AND GRANDCHILDREN AT HER BEDSIDE.

At Half Past Six O'clock Tuesday Evening the Queen Stricken Her Last—England Grief Stricken.

Victoria, Queen of Great Britain and Ireland, passed away at Cowes, Isle of Wight, Tuesday evening at 6:30 o'clock.

The Queen was in her 82d year, and had been in ill health for several weeks. Three physicians had been with her during her illness, and they and her children and grandchildren were all gathered around her bedside when she died.

Used Vile Language in a Religious Argument.

Luray, Va., Jan. 21.—A novel case, in which a justice of the peace of this county is the prominent figure, was before the Page county court at its January 21 session.

The case was brought by a white man, who had been employed as a laborer about the halls of the Legislature at \$2.50 per day. These colored men were brought to Raleigh by the members from their homes, and no doubt these colored men rendered valuable services in behalf of the white supremacy in the August election. The employment of these negroes was resented by the white people around Raleigh to such an extent that they have been set aside and white men put in their places.

The following call was circulated around the capital and on Fayetteville street last week:

"Called meeting of White Supremacy Clubs."

"Owing to the fact that negroes have been put in office in the capital by the white supremacy Legislature, it is necessary that the remnants of the White Supremacy Clubs hold a ratification and judgment meeting at once. This meeting will be held in front of the market House, Saturday evening, Jan. 19, 1901. Speeches will be made by all the white candidates who were defeated."

"Chromes will be distributed of prominent D. moorers."

"Come early and be sure you are a Democrat."

Butler's Creek School Reopens.

The correspondent of the Morning Post from Butler's Creek says: The public will be glad to know that we have had a most prosperous opening. One hundred and seventy-five students (100 boarding students) have been enrolled, making an enrollment of 350 for the year, representing 40 counties and 5 States. The subscription list for the new building continues to grow. At a meeting of the citizens of the community today, nearly \$1,500 was subscribed. The subscription is now beyond \$2,000. Quite a number of new houses are going up in the community. The fire seems to have been an inspiration to all our people. We are sure we shall have the help and sympathy of the public in trying to rebuild.

Hobson to be Presented With a Diamond Pin.

Richmond, Va., Jan. 19.—The national convention of the Kappa Alpha Fraternity, in June, will probably be held in Richmond. The local alumni chapter, at their annual banquet tonight, appointed a committee to co-operate with the Richmond College Chapter in extending an invitation, and urging its acceptance.

The most interesting feature of the convention will be the presentation to Lieutenant Richmond Pearson Hobson, the hero of the Merrimac, of a handsome diamond turbanity pin. Hon. John Temple Graves, of Georgia, has been selected to make the presentation.

Boers Capture Train.

Pretoria, Jan. 19.—The Boers have captured a train loaded with mining material between Brugspruit and Dalmaral. The passengers were robbed of everything.

Andrew Carnegie, the great iron manufacturer, it is said, will build a new plant at Toledo, Ohio, at a cost of \$12,000,000. This will be the largest plant than any now in existence. They will cover 5,000 acres of ground, their construction will require a year's time, and when completed they will employ 5,000 men.

Literary Notice.

The Vir Publishing Company of Philadelphia promises the fourth volume in "The Self and Sex Series," entitled "What a Man of Forty-Five Ought to Know," by Sylvanus Stall, D. O., on before February 25. Some seventy-five thousand copies of these highly commended purity books have already been sold.

The Richmond Dispatch denies the report that it has changed hands.

# A WIDOW WOMAN ELOPES.

Goes to Illinois to Join a Young Man—Name of the Parties Not Yet Known.

The Winston correspondent of the Charlotte Observer of the 20th instant says: "It was learned today that a married woman left Winston yesterday for Champaign, Ill., without advising her husband. He did not suspect anything wrong until late in the afternoon, when he discovered that she had left home. Upon going to the Courthouse passenger depot he was advised by the agent that his wife had bought a ticket and left on the 10:30 train. Upon investigation the husband learned further that another man had won his wife's affections and that he left Friday evening for Champaign. The forsaken husband wept bitterly when he had been convinced that his wife had left him. Names have been given out, but the conductor of the train from Winston to Greensboro tells me that the woman is about 36 years old and fairly good looking."

A THOUSAND TONGUES

Could not express the rapture of Annie E. Springer, of 1135 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember feeling before. I feel the constant praise throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. and \$1.00. Trial bottles free at Drug Stores—every bottle guaranteed.

A Pest House Burned.

Omaha, Jan. 19.—Two hundred masked men, armed with guns, tonight attacked the pest house at South Omaha. The building was a small one, recently purchased by the city as an emergency hospital for the reception of smallpox patients and was to have been put into use today.

The citizens became enraged at the location of the building within the city limits, and Friday night an attempt was made to burn this structure, but it was saved by prompt action by the fire department. Tonight a crowd of men gathered near the building, overpowered the guards stationed inside, stood off the police with guns, and again set the building on fire. They quickly destroyed the building, burned the ground and dispersed. No arrests have been made.

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one remedy, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. It is necessary to get out the inflammation, and when this is done you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured, but it is not a thing to be trifled with, and it is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars to anyone who can cure a case of Deafness that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Hall's Family Pills are the best.

Temperature of the Cotton States.

N. Y. Commercial.

The Southern States have the most perfect cotton growing climate in the world, having an average temperature for the year of 64 to 67 degrees, with a temperature during the cotton growing period from 74 to 77 degrees. The relative humidity for the year east of the Mississippi is 67 to 79 per cent. west of the Mississippi 63 to 74 per cent., which may represent the average per cent. from April to October, or during the cotton growing season.

The Atlantic States receive the least amount of rain and the Gulf States east of the Mississippi the largest amount. The States west of the Mississippi average a little more than those on the Atlantic.

ROBBERED THE GRAVE.

A startling incident, which Mr. John Oliver of Philadelphia, was the subject of a recent trial in that city. "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and chest. On a rainy day, growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bites' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now well and know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c. guaranteed, at all Drug Stores.

Accused Mother Sought Death.

Keyser, W. Va., Jan. 18.—The little village of Moorfield, Hardy county, was known in a state of excitement by the discovery, in a constantly used well, of the body of an infant. A young woman named Annie Davis was found by the coroner's jury to have been its mother and wholly unprovoked. The finding of the jury, the girl went to the same well and jumped in, but was rescued.

THAT THROBBING HEADACHE

Would quickly leave you, if you use Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and expand nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all Drugstores.

A member of the board of internal improvements says the Atlantic and North Carolina railroad is now worth \$1,000,000.

EDITOR'S AWFUL FLIGHT.

F. M. Higgins, Editor Seneca, (Ill.), News, was afflicted for years with Piles that no doctor or remedy helped until he tried Buckle's Arnica Salva. He writes: "I was wholly cured. It's the best cure I ever got on earth and the best sale in the world. Guaranteed. Only 25c. Sold by E. H. Kolliday, Druggist."

# BASS FRAZER'S FATHER ROBBED.

Gives Negro \$500 in Gold and a Pack of Potatoes, But Falls to Get His Son.

Atlanta, Jan. 20.—Mr. N. H. Frazer, of Union Springs, Ala., whose son Bass was kidnapped several weeks ago while a student at the Technological School here, has apparently lost \$500 by a deceiver letter sent him.

Frazer received a letter stating that if he would place \$500 in gold, the amount offered for his son, in a sack with a pack of potatoes and proceed along the road near the United States Federal prison, several miles from this city, he would appear at a hotel in this city looking for his father at an early hour Sunday morning.

The letter was signed "Packard" and in it was stated that January 19 and the instructions were minute and specific. Threats of exposure and failure to carry out the instructions were frequently made in it. Mr. Frazer's son, a brother of the kidnapped boy, carried out the plan of the letter, met the negro as arranged and gave him the money and potatoes, Saturday night.

This morning he was at the hotel mentioned and has remained there all day, but Bass Frazer has not appeared and no trace of him or the persons who received the \$500 can be found.

Thomas Edison Jr. May Have to go to Jail.

New York, Jan. 19.—Thomas A. Edison, Jr., has been adjudged guilty in contempt by Judge Freedman, of the Supreme Court, for failing to obey an order which directed him to surrender \$400,000 of stock of the Steel & Iron Process Company, and has had an order entered against him requiring his imprisonment until he does so. In addition he will have to pay \$138, costs of the proceedings. Wm. McMahon sued Edison and Wm. Holser to recover the stock, alleging that it was promised to him, pursuant to an agreement for services which he rendered to the company in floating its stock. The company was incorporated with a capital of \$1,000,000 and a judgment was taken by default which required the stock to be delivered to McMahon. Edison denied that McMahon was the party through whose efforts the stock was floated.

Curtailment Not Necessary.

Charlotte, N. C., Jan. 18.—Dr. J. H. McCaden, president of the Southern Cotton Spinners' Association, in an interview today relative to the possibility of cotton spinners agreeing to curtail their output on account of the dullness of the market, said, "This is our regular dull season. I think that about the first of February trade will so quicken that curtailment will not be necessary." Whether the board of Southern Cotton Spinners would act on this question next week in their meeting here Dr. McCaden did not state.

Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been cured with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up.

Like Bogies Like.

It enters the system and breaks out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Catarrh, Scabies or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early life.

It remains smoldering in the system forever, unless properly treated and driven out in the beginning. S. S. S. is the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

SSS cures Contagious Blood Poison in every stage, contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleans the blood and at the same time builds up the general health.

Our little book on contagious blood disease is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure it. It is free and should be in the hands of everyone seeking a cure. Send for it.
