No. 11. TRADES (UNION) COUNCIL. HALEIGH, N. C.

A BASE SLANDER

The hungry Democratic politicians of Sampson county are trying to get the Legislature to overthrow the will of the people in that county by creating new offices, and by passing a law providing for the appointment of county commissioners and county officers instead of permitting the people to elect them as they do in all other counties of the state.

Mr. Kerr's Speech. "The Juries as drawn in Sampson county, gentlemen of the committee, are largely Republican and Populist in their make-up, and to such an extent that the Democrats do not believe that they can get a fair trial in the court house."

"The special taxes levied by the county appears by the tax receipts given out by the collection officer, amount to about one-fifth of the total tax levy for the county. Notwithstanding the large amount of special taxes levied the county is still heavily indebted, admitted by the two Populist-Republican representatives, Duncan and Owens, to be over \$12,000, and that according to the tax receipts and a calculation based upon the asied valuation of the property—over \$20,000 had been collected as special taxes to pay up an original indebtedness of less than \$10,000."

It is hard to believe that there can be found in the county a man so wanting in self-respect and with so little regard for whatever reputation he may have who could have been induced to make such a false and outrageous statement against the people of his own county. Of course, such an infamous charge did not go unchallenged. Sampson's two bright, active, and faithful representatives, Messrs. Duncan and Owens promptly replied to the slander and branded its every statement and line as false. They showed that in no county in the state are the juries more fairly drawn and in no county are their verdicts more just than in Sampson. They further showed that this could be proven by every Democratic Judge who has ever been to the county. They further showed that Democratic mismanagement had put the county seventeen thousand dollars in debt before the Populists took charge of county affairs, and that since that time the Populist administration has not only paid its way as it has gone, but has reduced that indebtedness to about seven thousand dollars.

It may be true that on the whole there may have been more Populists and Republicans on the juries of Sampson county than Democrats. But this is necessarily so, unless the Populists and Republicans were grossly discriminated against, because a very large majority of the white voters of the county are Populists and Republicans. And, besides, a majority of the wealth, intelligence and brains of the Democratic party and opposed to that organization and its leaders and its methods. The fact that a man like Mr. Kerr is at the head of the Democratic machine in Sampson county is sufficient proof that this is so. But the charge that the meanest Democrat in the county could not get a fair trial from a jury even entirely composed of Populists and Republicans is one that no man of any regard for his reputation for truth and honesty, will ever make. Mr. Kerr will not help his standing with his own small party following by making such a charge, for the best element of the Democratic party in the county will freely admit that the county has never had more capable, fair, courteous, and efficient officers than it has had under the Populist Administration.

Let the legislature do what Mr Kerr asks them to do, and the majority against the Democratic party will be much larger at the next election.

On the sixty first ballot, the Democratic caucus nominated Mr. Lee S. Overman for United States Senator. While there was no man in the race who could be said to tower above the other candidates in special fitness for this high office, yet probably the legislature selected the strongest and best equipped man all around among the candidates.

But it is noticeable that after all of their humbuggy campaign professions of solicitude for the old Confederate soldier, that the legislature turned down two strong and capable men who in a most marked degree represented the Confederate soldier. We do not think a man should be sent to the Senate simply because he is a Confederate soldier but we simply refer to this to call attention to one of the many specimens of Democratic demagogery.

They are just about equally sincere on the temperance question.

Better Than Gold

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept up wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed sold by all Druggists.

The St. Louis Globe Democrat, commenting upon the Missouri Legislature, says: For the session of seventy days the 110 clerks in the State senate and 116 in the House will draw pay amounting to \$60,025, which is more than Missouri has allowed the militia for the last four years. The North Carolina Legislature in some respects will make an equally bad showing.

Escaped and Awful Fate

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery." This great cure is guaranteed for all throat and lung diseases sold by all Druggists. Price 50c & \$1.00. Trial Bottles free.

One by one, the leaders in the impeachment of the Judges were laid to rest. The two latest additions being the remains of that "Young Champion of Democracy" the Hon Locke Craig and that "Grand Old Man" Cy Watson.

The Hons. Cy Watson's and Locke Craig's spirits have joined that of Francis D. Winston's and other of their comrades of impeachment fame.

Cumberland county should send a delegation up to look after her little Lamb who has been able to beat only once since he has been in Raleigh. He seems to be motherless and is yet unclaimed.

Nearly Forfeits His Life

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Ardisa Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin eruptions and Piles. 25c at any Drug Store.

Our Washington correspondent thinks we are likely to have an extra session of Congress to dispose of the Cuban Reciprocity Treaty and the anti-trust Legislation.

Hon. Lee S. Overman received the Democratic Caucus nomination for United States Senator last Thursday night, it being the 61st ballot, and was elected the next day.

Senator Pritchard received the entire Republican vote.

Craig's confidence in machine promises is thought to be shakney. The Senatorship was to be his reward for his actions in the impeachment proceedings.

The presumption is that the Hon. Cy Watson's faith in Democratic love for the old Soldiers is on the decline.

Craig and Watson were completely knocked out in the Senatorial fight on the 61st round.

That Penitentiary Surplus.

In commenting upon the report of the Penitentiary for the past year showing assets over \$40,000 and no debt the Statesville Landmark rises to remark;

"Some years ago in a small Western town a bank was started. By and by a statement of the condition of the bank was issued, showing assets, liabilities, cash on hand, etc. The next day a citizen called to interview the cashier and asked for an explanation of the statement. It was explained: 'Do you mean to say that you have \$25,000 cash on hand?' asked the visitor. The cashier assured him that it was true. 'The boys are a little ticklish,' said the visitor, 'and as they had heard that you were going away for a day or two they sent me around to see that everything was all right. Would you mind just to please the boys, getting up on a chair and waving them \$25,000 around just to show them that you have it and that everything is all right?' The cashier was obliging and when the boys were called in he got on a chair and waved the \$25,000 in their sight. Whereupon they gave a whoop and went out satisfied. Now we're not disputing anybody's statement about the penitentiary's affairs but if the management could contrive to exhibit that \$40,000 of net assets so that we could all see it we would all be better satisfied."

A SUSTAINING DIET.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the day fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.
