THE BLOCKADE RAISED

Venezuela's Representatives and the Representatives of the Powers, Reach an Agreement

ANTI-TRUST LEGISLATION PASSED

Elkins Anti Rebate Bill Passes House and goes to President. Treat Vote on Stevedore Bill Expected This Week.

Special to the Caucasians:

Washington, D. C. Feb. 16th: Mr. Bowen, Venezuela's representative in the peace negotiations at Washington and the representatives of the allied powers Germany, England and Italy, have signed the protocol providing for the immediate raising of the Venezuelan Blockade and for the reference of the question of preferential payment of claims of the allies against Venezuela to the Hague arbitration tribunal.

By the provisions of the preliminary protocols, Venezuela is the gainer in that she secures the immediate raising of the blockade and the return of her war and merchant vessels which have been captured by the allied fleets.

The terms of the agreement are that Great Britain, Germany, and Italy are to receive down payments amounting to something like \$27,000 and that Germany in addition is to receive in monthly installments amounts which in five months will aggregate \$340,000. As a guarantee for the full satisfaction of the claims of the allies, Venezuela pays 30 per cent of customs receipts of L. G. and Port Cabello to be held in trust for all the creditor nations of Venezuela until the question of preferential treatment is determined by the Hague Tribunal.

The final test on the stevedore controversy is expected this week when the adulterated appropriation bill is brought up. On this bill the stevedore bill will be proposed as an amendment. This test will be reached on the question of overruling the President's veto of the Senate as to whether or not the stevedore bill on the Agriculture appropriation bill is in order. If the Senate refuses to accept the stevedore bill as a rider to the appropriation bill, it is probable that it will end the matter for this session.

In the meantime the compromise plan seems to have been dropped. The anti trust question as far as legislation concerning trusts is concerned was settled last week when the House passed the Senate measure known as the Elkins anti rebate bill.

The Senate Committee has turned down the negro C. A. n. n., refusing to report favorably on his nomination to position Collector of Customs at Charleston.

The North Carolina delegation in Congress called on Representative Cannon yesterday to invite him to a meeting of native sons of the Tarheel State, to be held in Greensboro, N. C., next October. The meeting will be for native sons of Tarheeldom residing in other States. Mr. Cannon, who was born near Greensboro and lived there till he was six years of age, promised to attend. He will be the chief guest of the occasion.

Senator Wellington has introduced a resolution in Senate to appropriate \$100,000 for experiments in a parcel post between Washington and nearby cities. A plan of campaign has been inaugurated to endeavor to get the Governor to adopt this much needed auxiliary to the Post-office Department, to be followed in about the same way. Sen. Butler succeeded in getting free rural delivery. That is by getting the Government to begin by small experiments through which the systems will so appeal to the public deriving the benefit from it as to cause a public clamor for it as in the case of free rural delivery.

OUR LEGISLATURE

Saturday Mr. Freeman, of Henderson read from a Hendersonville paper an item charging the Republican caucus with having unannouncedly agreed to oppose all temperance legislation. DISCUSSION OF LIQUOR BILLS

Mr. Thompson, of Onslow was the first speaker on the Watts whiskey bill. He opposed it chiefly on the ground that he believed it would injure the Democratic party. Mr. Guion, of Craven made an argument in support of the bill.

Mr. Morton, of New Hanover, opposed the bill in vigorous speech, and urged the adoption of his amendment which leaves the question to a vote of the people in every county.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong. And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed. Scott's Emulsion really feeds and gives the child growing strength. Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Read it in His Newspaper. George Schaub, a well known German citizen of New Lebanon, Ohio, is constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by T. F. Sanders

Mrs. Fred Unrath, No. 228 Territorial Street, Benton Harbor, Mich. "I am pleased to give my experience with Wine of Cardui for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise." OTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. With great privilege women do not get all there is in life—too often they grow into the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is suffering—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all structural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity. Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI. A million suffering women have found relief in Wine of Cardui. "On July 3d, the Crescent Hotel at Eureka Springs opens as an all-year-round resort, under the management of the Frisco System. Extensive renovations and improvements have been effected which will make the Crescent Hotel equal of any hostelry to be found in the Southwest."
