No. 11
TRADE UNION COUNCIL
MILWAUKEE, WIS.

A SAMPLE OF DEMOCRATIC "ECONOMY AND GOOD GOVERNMENT"

It has now developed that it will be necessary for the legislature to provide for issuing over six hundred thousands dollars of bonds to meet deficits and keep the State Democratic Administration going. Last year when it became necessary for Governor Aycock and his Treasurer to borrow two hundred thousand dollars, it seems that they tried to keep the fact secret. When letters were written to the State Treasurer asking if the State had borrowed that amount or any other amount of money, the Treasurer was slow in answering, and the facts were first given out by Senator Simmons in his speech in the Democratic State Convention, at which time he tried to apologize and explain away the causes for the deficit. The Democrats at that time attempted to charge that this \$260,000 loan was made necessary on account of the debts created by the former fusion administration. That charge was promptly denied and proven with facts; but even if that charge were true, what explanation can Democrats now make for borrowing and additional four hundred thousand dollars?

The fact is that when the Democratic Legislature got control in 1898 there was in the hands of Treasurer Worth of the State over one thousand dollars in cash, and if that Democratic Legislature had not largely increased appropriations and expenses, including salaries for new offices created, it would not have been necessary to have borrowed money, sold bonds, or run the state in debt. This same Democratic Legislature required Treasurer Worth to sell one hundred and thirty-six thousand dollars worth of bonds, which were purchased by the State in 1895 out of the surplus revenues that were raised, to pay the interest on the four percent bonds. A former Democratic Treasurer had already sold one hundred and thirty thousand dollars worth of these bonds to meet former deficits created by Democratic legislatures. The remainder of these bonds were turned over in 1896 to State Treasurer Worth and by him were held intact and never a dollar of them used to pay expenses created by the fusion legislatures, and it was not until another Democratic legislature came in power that they forced the sale of the remainder of these bonds.

So it will be seen that it was by the action of the Democratic legislatures that the whole amount of these bonds, that is, two hundred and seventy-two thousand two hundred and fifty dollars, had been sold to meet Democratic deficits; and that, in addition, they soon thereafter borrowed two hundred thousand dollars more. Now they propose to issue bonds to borrow four hundred thousand dollars more, making over six hundred thousand in all. This is a sample of Democratic "economy and good government."

AFTER THE FLESHPOTS AGAIN.

Every day there is renewed evidence of the apostasy of the Southern Democrats. They lose no opportunity in throwing bouquets at Wall Street and Tammany and the Northern and New England Democrats. They lose no opportunity to make these elements understand that they are ready to desert their declared principles of 1896 and 1900 and to enter into a league with Tammany and Wall Street Democrats on any platform and with any candidate that will win and enable them to again reach the pie-counter and feed from the fleshpots. Almost every day we see declarations from Southern Democrats that they favor Judge Parker of New York for President. What does Judge Parker stand for? Nobody knows. He is a colorless "statesman". He has no defined position on any national question; has been a local reclus on the bench, and has never taken any part in national affairs. It seems clear that Wall Street is allied with him and that he is selected as the colorless candidate to enable the Southern Democrats to

support him because nobody knows what he will stand for until after he is elected, if he should be elected. The present situation illustrates exactly the sum and substance of Southern democracy, a party of negation, without principles except for campaign purposes, and ready to support any candidate that can get the backing of Wall Street provided it will enable them to win. They are now playing the same game that they played when they put Grover Cleveland in the White House.

The Washington Post ventures the following remark:

"The Maryland man who is asking for a pension because he was frightened during the war between the States will be sure to put a notion into the heads of the Boston folk who were so thoroughly frightened at the inception of our war with Spain. The scare up that way was so pronounced that the famous Mahan and his board of strategy took extraordinary means to protect Boston Harbor from the phantom Spanish fleets."

Gov. Aycock proposes to make the Bond issue \$500,000 instead of \$400,000 as was first proposed.

Had it occurred to the Governor and the Legislature that the Bonds would have to be met with 4 percent interest some day. But then it is more than likely they do not anticipate having control of the State Government when that time comes.

Well things do point that way.

The Watts whiskey bill with its amendment passed the House of Representatives last Friday night. It will have to go to the Senate now and will probably have other amendments attached to it before it passes that body. This bill is said to have been drawn by Messrs. Simmons and Aycock.

AN AWFUL TRAGEDY IN RALEIGH

Mr. Earnest Haywood, a prominent lawyer, shot and killed Mr. Ludlow Skinner, in front of the Post Office Saturday afternoon.

Saturday afternoon Mr. Ludlow Skinner was shot and killed by Mr. Earnest Haywood. The shooting occurred in front of the post office, but it seems that very few, if any, saw the first shot fired, but it is claimed by many that the second shot was the fatal one. Mr. Skinner went across the street after he was shot and turned as if to come back to the post office, but fell near the street car track, where he died a very few seconds afterwards. The exact cause of the shooting is not known, but it is supposed it was on account of affairs connected with the Skinner estate, and some family troubles.

Both of the families are among the most prominent in the state. Mr. Haywood is a prominent lawyer of this city and Mr. Skinner was a prominent business man, and a son of Dr. Thos. Skinner, of this city. Eaywood was committed to jail.

Escaped and Awful Fate

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases sold by all Druggists. Price 50c & \$1.00. Trial Bottles free.

She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. A SUSTAINING DIET.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the day fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the fall effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic, say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's colic, cholera and diarrhoea remedy.
