JUROR SENT TO JAIL.

Clinton, N. C., Feb. 27.—Judge Peebles, who closed a two weeks' term of Sampson court today, created a sensation in the last hour of the term by sentencing a juror to jail for thirty days.

S. R. Odom, party to a land suit, invited two of the jury trying his case, E. S. Herring and M. B. Matthews, to go home and spend last night with him. Herring went, but Matthews declined. The jury brought in a verdict contrary to the instructions of the judge, who promptly set it aside and dismissed the jury and sentenced Odom and Herring to jail for thirty days.

The above news item appeared in Saturdays issue of the Raleigh News and Observer, but it might be well to state just here that the News and Observer did not comment on same editorially upholding the action of the new democratic judge, but that can be easily explained when it is known that both the defendant and juror are democrats also.

It will be remembered that some days ago two bills were introduced in the Senate, at the instance of the ex-Chairman of the democratic party of Sampson, to take the self-government out of the hands of the present Populist officials and put the democrats in control of the county, as it was claimed by the ex-chairman of the democratic party that they could not get a fair jury in Sampson under the present rule notwithstanding that this some democratic ex-chairman had supervised the drawing of the jury in Sampson for several years.

Well it does seem that the last jury in Sampson was not altogether a fair one, but it also appears that the parties concerned were Democrats and a Populist.

Incompetence is charged by the Democrats as one of the reasons why the Populist should not control Sampson county. But let it be remembered that Mr. Herring who was sent to jail was a Democratic registrar for the last election and also a member of the Board of County Commissioners.

THAT PENITENTIARY INVESTIGATION. It will be remembered by our readers that about one month ago the penitentiary officials marched several convicts a distance of over twenty five miles to Marion, N. C. over one of the worst roads in the Western part of the state and one of the coldest days of the winter. The convicts were chained together and were forced to march through mud over a knee-deep in many places dragging this frozen chain through the mud also. It was also reported that the convicts were forced to wade the streams on this bitter cold day and carry the guards over on their backs.

The Moody-Gudger contest in Asheville has brought to light much dirty work done by the democrats in Buncombe county during the last election. It seems that at least five hundred persons voted during the last election that had not paid their poll tax by time prescribed by law. The Asheville Gazette commenting upon the fact says:

"In the hearing that has been proceeding in this city in the Moody-Gudger congressional contest it has been shown that more than 500 persons voted in this county in the recent election who had not paid a poll tax. There was enough proved by sworn testimony regarding this whole poll tax voting business to make every decent citizen very tired and disgusted not only with the methods of the execution of the law in Buncombe county, but with the law itself and the loopholes left in it for such tricks as were played with it by democratic officials in this and other counties."

Governor Aycock's attention is called to the fact that by this conduct on the part of the officials of his party in this county the tax money from more than 500 polls was lost to the public schools of this county."

After hearing a case for assault in Christianburg Virginia last week the judge imposed a fine on the defendant of forty dollars and five minutes in jail. This is possible the shortest sentence to imprisonment in Virginia history.

The Raleigh Christian Advocate regards the Watts whiskey bill "as a temperance Monstrousity covered by a political domino". If further says that it was a political measure, enacted in the interest of the democratic party.

The Washington Post takes this view of the new Senator from Idaho: "The new Senator from Idaho has a displacement of 300 pounds. That is considerable statesmanship for one small State to send."

Mexico to Adopt the Gold Basis. Mexico, March 1.—There is a growing belief here that before the end of the year the country will have adopted a gold basis, with modifications to suit local needs. The continued fluctuations of silver affects trade and is now being severely felt in dry goods establishments. It is said by the advocates of a gold standard that once the advocates of the accuracy question is satisfactorily settled, trade and investment will be larger than ever before.
