A MORTGAGE ON PRESENT AND NEXT GENERATION

The Democratic Legislature has decided to issue bonds. This is one of the fruits of Red Shirt Democratic rule.

The House has already passed a bond bill for \$300,000. The Senate is urged to make it a half million. Many politicians and Democratic newspapers say that it will hurt the party just as hard to issue \$300,000 of bonds as it will to issue double the amount.

But the result of Democratic extravagance and mismanagement will be the same on the tax-payers. Every year the people will be taxed about \$15,000 extra to pay the interest on these bonds.

How much more of such Democratic "economy and good government" do the people want?

THE REPORT OF THE WHITE WASHING COMMITTEE

The Whitewashing has been done but it took some time as several coats had to be put on before they could get it to look anything like white.

The joint legislative committee appointed to investigate the charge of cruelty to the convicts on the march from Spruce Pines to Marion, a distance of over twenty-five miles, on January 21st, made its report to the Legislature last Wednesday night. It found that the road is the worst in the State, the mud being on an average of 3 to 5 inches (and in many places over a knee-deep) that most of the convicts were shackled together two and two and by chains around the ankles, and these convicts (some of them being very sick) had to drag these chains through the mud and ice for twenty-five miles on one of the coldest days of the winter driven on by curses and threats of the guards, and still the committee failed to see where any cruelty had been done.

The following is an extract from the committee report:

"The committee find that on arrival at Marion three gallons of whiskey were divided among the convicts, but no coffee or warm food was issued to them that night or the next morning, which the committee thinks could and should have been furnished; that the convicts reached Marion about 6 p. m., and was immediately put in cars, but that because of a railroad accident the cars were not moved that night and the convicts were kept therein from the evening of the 21st to the morning of the 23rd, 36 hours, before they were taken out a length of time too great to keep the convicts confined in the cars, and the authorities should have seen that at intervals they were taken out and given fresh air and exercised.

The committee fails to find any acts of cruelty on the part of the penitentiary superintendent or of the employees, but that the superintendent has always been on the side of humanity; justice and mercy, and that the same is true as to Supervisor Lashley."

We stated in our editorial last week that the committee would whitewash the affair for in the eyes of some democrats it is better for humanity to suffer tortures than for one of their number to lose a job or even be reprimanded. In other words, judging from the outcome of this affair, a democrat, if he is strong in the faith, can do no wrong. But there is a day of reckoning coming for the persecutors of those convicts when a democratic committee will be neither judge nor jury and the verdict will be different.

The Red Shirt Democrats of Wilson who have been trying to keep their friend Vlek, the negro post-master at Wilson in office, are no doubt very much grieved that a strong and influential man like Dr. Person is to be postmaster.

SENATOR JETER C. PRITCHARD

Senator Pritchard has just closed a term of eight years of most honorable and useful service in the U. S. Senate.

Few men have carried a greater burden of labor and responsibility during this period. He has been not only a faithful Senator for his own state, but practically a Republican Senator for the whole South.

The number of people whose wants he has patiently listened to and whose interest he has tried to serve has been enormous. During it all he has never lost his patience or been unkind to anyone.

Besides he has always given the closest attention to the interests of his state. During all this time he has been the close friend of and a power with both the McKinley and the Roosevelt administrations.

North Carolina loses much in his retirement from the Senate. He was worth more to the industrial progress of the State than any two or a half dozen Democratic Senators can possibly be. We believe that a large part of the Democratic party realize that it would have been better for the State for him to have been returned to the Senate.

It is to be hoped that the time will soon come when the masses of the people in the state and in the whole South will vote on business principles and not on sentiment or party prejudice. And the sooner this condition comes the better it will be for the State.

GOV. BECKHAM'S MANDAMUS

On last Wednesday night the following news item was sent out from Frankfort Kentucky:

"Attorneys for Governor Beckham this afternoon filed in the Woodford circuit court a petition for a mandamus requiring Chairman Allie Young of the Democratic state committee and the member of the sub-committee having the state primary in charge to place his name on the ballot as a candidate for the office of governor."

This is the way they do "things in Kentucky. The political situation in that State is returning to the days of Goebelism. Tillmanism in South Carolina, Simmonism in North Carolina and Goebelism in Kentucky are three of a kind—and a very bad kind at that.

In our editorial last week on the democratic juror who was sent to jail in Sampson county; the printers made us say that Herring, the juror in question, was a member of the Board of County Commissioners when the editorial as written stated that he was a member of the Board of County Canvassers.

How much of this money which the Democratic administration is borrowing goes to pay the salaries of the new offices created by the Democratic Legislature for party henchmen?

Senator Pritchard's friends did the handsome thing in presenting him with a costly silver service on the evening that his term in the Senate expired. And too it was a compliment that he highly deserves.

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full-sized ONE DOLLAR package of VIT-E-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt. If the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used, HEAD this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vite-Ore is a natural, hard, adamantite rock-like substance mineral—Ore—mined from the ground like gold and silver, and requires about twenty years for oxidation. It contains free iron, free sulphur and magnesium, and one package will equal in medicinal strength and curative value 500 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Affections, Stomach and Female Disorders, La Grippe, Malaria Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package, will deny after using. Give age, ill and sex. This offer will challenge the attention and consideration, and after the gratitude of every living person who desires better health, or who suffers from pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skepticism, but ask your investigation, and at our expense, regardless of what ill you have, by sending to us for a package. You must not write on a postal card.
