MURDERS CONTINUE TO INCREASE UNDER "GOOD GOVERNMENT"

Under Fusion Rule "Lawlessness walked the State like a pestilence. Crime stalked abroad at noon day Sleep lay down with alarm and the sound of the pistol was more frequent than the song of the mocking bird".

Now that Fusion rule is a thing of the past and more than two years of "good government" have past into history how would it do to take stock and see just what are some of the blessings the happy transition has brought the people of N. C.?

The Whiteville News contains the following: "Four foul Murders and nobody punished. Within the last two years four foul murders have taken place in this county. Will Bardin colored was shot and killed in the Swamp near Fair Bluff and not a one has ever been charged with the crime. Felix Foley was called from his home and shot to death at his own gate. No one has ever been punished for the crime. Jesse Soles and James Stalley were murdered and burnt up in one fourth of a mile of the spot where two murders were committed a few years ago. It begins to look like Columbus County only punishes Negroes for stealing chickens and lets robbers of human life go free."

Judging from Aycock's phraseology above quoted the county, mentioned should be a "Fusion" county, but as a matter of fact this part of N. C. adjacent to Tillman's dominion long ago succumbed to red-shirt tyranny and mob rule, and is as safely democratic as Aycock's county of Wayne or Tillman's native borough where not the slightest pretence of an election outside of the democratic primary has taken place for years.

It is worth remembering in this connection that Columbus is a "dry" county—no intoxicating drinks allowed to be made or sold within her limits. So the cause of this blood-thirsty attitude of her people cannot be charged to the country distilleries and bar rooms over which Simmons wept and Watts gnashed his teeth and the eyes of our beloved governor threatened to bulge out of their sockets during the past winter.

A number of new cases might be mentioned which tend to confirm the already established fact that N. C. in this day of "good government" is actually steeped in crime and debauchery. The bloody affair at Henderson in which two lives were sacrificed and others imperiled, the disgraceful filthy revolting affair in the city of Raleigh involving the lives of three white men and the character of a white girl of tender age. (The last mentioned deplorable affair confirms the Simmons-Watts-Aycock idea that only town people should be allowed to make and handle whiskey doesn't it?)

The "morally stunted" according to this trio live in the country—the pure in heart inhabit the towns. But why cite cases to show what is already established—in fact admitted by the "good government" regime? Let us turn from the dark and doleful spectacle for a moment and theorize a little as to the probable cause or causes.

What, then, do you ask has come over our people that human life is less sacred than among the savage Indians of our western wilds? A cause is supposed to precede every effect. Will Mr. Aycock tell us now after more than two years of his "good government" that Fusion rule is responsible for the whole business? Did he really believe that Fusion rule was responsible for the conditions described by him in the words quoted at the beginning of this article? In fact did such conditions exist then save as they were produced and forced upon an unwilling people by the red-shirted mobs of 1898 who had been aroused with mean whiskey and inflammatory speeches by Simmons' cohorts for the express purpose of bringing about the very condition described by the saintly(?) Aycock in his inaugural address? Was not Pritchard Tillman invited to inaugurate the revolutionary movement by

making a speech in which he advised the importation of guns and the slaughter of negroes? And was not his advice followed? And was not the massacre of more than 100 defenseless negroes in one town planned and executed in accordance with the Tillman idea except that it occurred after the election was over and it was known the mob had swept the State and would have the support of the State authorities in any attempt to punish them for crimes and outrages perpetrated in the so called effort to redeem the State? And did not some of the acts passed by the succeeding "red shirt" legislature confirm the then prevalent opinion that the leaders had entered into a conspiracy to protect from punishment persons who might be indicted for crimes committed in connection with the disgraceful and bloody campaign? In fact did not that legislature actually pardon such offenders and thus place a premium upon crime? And did not this legislature actually appropriate money from the State Treasury to defend the thieves who had debauched the suffrage and thus place a premium upon theft? And then did not Simmons and Aycock declare for peace and fair elections while they themselves were holding office by virtue of bloodshed and a debauched suffrage? Did people believe them sincere? Could they in the face of such facts believe that their pretensions were to be taken seriously? And now who can wonder that lawlessness walks the State like a pestilence, and who can question that some men in high places are indirectly responsible at least to some extent for the crimes they denounce?

AN ATTEMPT TO WHITEWASH THE SCANDAL AT CASTLE HAYNES In our last issue we told our readers about the scandal at the convict camp at Castle Haynes as reported by the Grand Jury of New Hanover county. Later reports by the Grand Jury seem to be even worse than the first report. A special from Wilmington to the News and Observer Sunday stated that the jury said not one of its members had the courage to make an examination of the bed clothing used in the portable cage in service on the roads and that at the camp proper the clothing was so full of vermin that in returning to Wilmington from Castle Haynes the carriage in which the Grand Jury was riding had to be stopped so that members of the party could pull their coats and pull the vermin from their clothing. And in the face of these facts the county authorities of New Hanover claim that the sanitary conditions of the camp are as good as any in the state or South. In the eyes of the officials the conditions that exist at the camp on alright as it is under the management of democratic red-shirt "good government". It is quite evident that we are to have another case of "whitewashing".

Jailed on a Serious Charge (Raleigh Post)

Three white men, Joe Smith, Will Putney and Arthur Gooch, were arrested on a serious charge yesterday afternoon and placed in jail. They all live in Raleigh. Joe Smith is a married man. Gooch is a mere boy, about fifteen years old. The criminal assault with which they are charged is alleged to have been committed last Friday night in the vicinity of the federal cemetery. The girl is about fourteen years of age and is a daughter of Will O'Neal.

Miss Alice Roosevelt at Biltmore

Washington, April 13.—Miss Roosevelt, accompanied by Captain and Mrs. Cowles, left Washington tonight for Asheville, N. C., where they will be the guests of Mr. and Mrs. George Vanderbilt at Biltmore. Miss Roosevelt, with the rest of Mrs. Vanderbilt's guests, will take part in the bazaar to be held in the park surrounding the residence for the benefit of the church at Biltmore. Senator and Mrs. Chauncey M. Depew will also be members of the house party entertained by Mr and Mrs. Vanderbilt.

Spanish Flagship Montjoy Floated

Manila, April 12.—The war ship Reins Caristina flagship of Admiral Montjojo, which was sunk by Admiral Dewey in Manila Bay, was floated and beached yesterday. The skeletons of about eighty of her crew were found in the hulk. One skeleton, evidently, was that of an officer, for it had a sword by its side. A wrecking company is endeavoring to raise all the sunken Spanish war ships.

IT SAVED HIS LEG

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25cts. Sold by all druggists.

The Pardon Mill is Still Running

The pardon mill is still running On April 1st, the Governor issued nine pardons for prisoners whose terms ranged from thirty days to six years. When Russell pardoned a few it was incompetency; now that Aycock has pardoned many it is Christianity. See?

Contract for State Printing Awarded

The contract for the State printing was given out Monday to E. M. Uzzell of Raleigh.

THE SAINT LOUIS AND SAN FRANCISCO R. R. OFFERS TO THE COLONIST.

Arkansas, Missouri, Kansas Nebraska, Colorado, Texas, Oklahoma, and Indian Territory's. On the following dates: February 17th, March 3rd and 17th April 7th and 21st. Write for advertising matter, Rates and information to W. T. Saunders, G. A. P. D., Atlanta, Ga.

It is plain to every observant reader why the Editor of the News and Observer gave space to a long editorial in his paper Saturday abusing Judge Pritchard because Mr. Thos. S. Rollins was appointed to succeed him as chairman. The editor of the Observer along with others of his ilk had hoped there would be a split in the Republican executive committee when they met in Greensboro and that a man would be elected as chairman that would tear down the party Judge Pritchard has built up in the State. The Editor of the Observer doesn't know how to discuss any issues except to holler "Nigger" during every campaign (and then between times when Judge Pritchard decided to have a white man succeed a negro as postmaster at Wilson the constituents of the News and Observer signed a petition which was intended to have the Negro reappointed) and the Editor knows that while Mr. Rollins is chairman he will not have an opportunity to holler "Nigger". That is why he is mad.

It is stated by several of the prominent fruit and vegetable growers in the eastern part of the State that the crops are damaged about 25 per cent by the recent "cold snap".
