CHAT

(By A. V. Dockery)

If people do not believe there is a possibility of feeling throughout the country...

The former is being brought to attention...

He may think that he is paying the man to do a job...

We have a number of people who are...

If the government is to be kept in the hands...

And if the government is to be kept in the hands...

There are people who are getting almost as good a government...

There will still be enough whiskey to fight snakes with.

We have a number of people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

There are people who are getting almost as good a government...

South Carolina Losing Money

Charleston Dispatch, 19th, to the New Orleans Times Democrat.

South Carolina is spending more money than she is making.

The estimated revenue for this year will be about \$1,000,000...

The State board of assessors, the Auditor and the Finance Committee...

The House we expect to find a leading feature for increasing the revenue...

It is probable that this morning it will be decided to recommend to the next Legislature...

the adoption of the New York franchise system of taxing franchises...

in New York is more than satisfactory, and the law has not the tests of all the...

in the state. If that system can be adopted in South Carolina...

the income of the State will be more than doubled. The assessments on railroads...

have been raised this year, and it is expected that an increase of about \$20,000...

will be derived from such property.

THE WILSON MURDER

The State Route and the Defense Offers Testimony

The trial of the murders Percy Jones at Wilson is still in progress.

The late rests and the defense is now offering testimony.

We will give you account of the important facts and the decision of the court...

in our next issue. It looks now that justice will be meted out to the slayers of Jones.
