"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME WALKED ABROAD AT NOON-DAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD."

Not since reconstruction days have we heard of so many crimes of every order being committed in our State. Since our last issue we have read of a big fight on Quaker Gap Mountain, in Stokes county, a half dozen or more participating in the fight. One man was killed, and three or four others wounded.

At Asheville Tuesday a young man shot his employer. Near Winton Tuesday a negro attempted rape on a white woman. Near Charlotte Wednesday a lady was criminally assaulted by an unknown person, and the same day a mother's young son was kidnapped.

At Salisbury Monday one man shot and seriously wounded another. At Dudley, near Goldsboro, Friday, two men were shot, and this was near the town from which our Governor hailed, and where he enlisted some of his red-shirt recruits. At the same time, at Wilson, only a few miles distant, the trial of half a dozen or more men was in progress for foully murdering Percy Jones a few weeks ago.

And it will further be remembered that Wilson was a hot-bed of red-shirts in 1900. Under fusion rule the Democrats charged the fusionists as being responsible for every crime of every nature that was committed in the State. Can it be that the fusionists are still responsible for the great increase in crimes of every kind that are being committed daily in our State? Or isn't it simply that we are "reaping the whirlwind" of the seeds sown by the lawless red-shirts and registrars in 1900?

The following appeared in last Thursday's issue of the News and Observer: "Hello there! The Asheville Telephone Company has been merged with the Bell. Are we soon to have only one telephone system?" For the good of those who have to use telephones we certainly hope that the time is not far distant when we will have only one telephone system—but mind you, that system should be owned by the government, then we would have a much better and cheaper service than we now have. For instance, in the city of Raleigh we have three telephone systems, which cost the business men \$72 per year, while if we had only one telephone system, and that one owned by the government, the 'phone service would cost our business men about \$18 per year instead of \$72, and at the same time have much better service than we now have with the three 'phones.

The Asheville Register, speaking of how the Democrats view the negro vote, puts the answer in a nutshell in the following words: "The fact that a large number of negroes have been registered for the city extension election in Raleigh, only confirms the Register's oft-repeated position, to-wit: that the negro is out of politics when the Democrats don't need him, and in when they need him."

For the first time our paper appeared last week with but one small editorial. The editorial was murdered before it reached the press—that is, it was left hanging on the hook. But we hope our readers enjoyed the articles from our contributors instead.

CHIT-CHAT. [By A. V. DOCKERY]

Registration by proxy is something new under good government, yet it is claimed that the oath was done away with in some instances by registrars for the recent city election, and people were registered by proxy.

Perhaps we ought to have perpetual elections in North Carolina. At all events, they are becoming about as common as Central American revolutions. So soon as this morning "the organ" is sounding the tocsin for another election in Raleigh to run the bar-rooms out of existence, and still Wilson town has good government.

It cost too much to run our State asylums sumptuously—\$20 per capita for boarding patients is four times as much as what a great many sane people are compelled to live upon. To fit big expenses higher taxes must be collected.

Object of our "good government" appears to be to harass every industry, whether corporation, farming, merchandizing or liquor, in order to raise money to pay the salaries of the new offices they have created for their pets. Would Rolco Conkling Mitchell and Senator Banks be mollified with the tail end of the procession?

As a sequence to the extension election, the internal Raleigh people ought now to petition for an election on fence or no fence, and cut the water, gas, and the education purse off from outsiders.

Illinois negroes demand justice vs. lynching—they have got just one good government out there as here. The Japanese are moving to open Manchuria, but should the can opener successfully perform the operation, [Muscovites we have been found already in possession.

Whenever a Republican sheriff embezzled, it was quickly heralded throughout the State; but with a defaulting Democratic sheriff to the extent of about eight thousand dollars, all is quiet in the Red-shirt county along the Pee Dee.

If it is not class legislation to disfranchise the negro, why would it be to legislate him out of town and back into the country, where there is plenty of work for him? The Republicans will not need to distribute campaign documents next year, because the tax receipts will be the most powerful documents.

It is doubtful whether the possession of enormous wealth, or to be in the power of abject poverty, is the most miserable existence. CHILD BLEEDING TO DEATH. Fatal Results From Very Small Scars. Charlotte, N. C., June 29.—Said Mulwee, the fifteen year old son of Mr. John Mulwee, of lower Steel Creek, is at the point of death as the result of a slight cut on one of his feet. Saturday young Mulwee was raising a window, the sash slipped from his hand and fell, shattering several of the panes. A piece of broken glass struck the boy on one of his feet, inflicting a small cut. Immediately blood commenced to flow copiously, and despite the fact that everything has been done to stop the flow, the young man is slowly bleeding to death.

were the flagman and conductor. To this circumstance is the fact due that there was no loss of life. The fast Florida vestibuled train had crossed the bridge just ahead of the freight.

DEMOCRATIC EGOISM.

Hypocrisy No Name for Democracy—North Carolina Following in the Steps of Kentucky. A Democratic weekly defining Democracy, says it is the "Golden Rule—the Ten Commandments—the Sermon on the Mount, and the American Declaration combined."

A leading Democratic daily carries a blazing advertisement of a large wholesale and retail liquor house, and at the same time leads the reform temperance movement, backed by the clergy and laity and the religious press of the State.

Hypocrisy, then, is no name for Democracy in our State. This is the gang that is the leaders in the great educational campaign of which we hear so much. Is this the education they propose for our people? There is no nation so thoroughly imbued with education as the Chinese, and this same education is the kind they are preparing for us.

Better define Democracy as rotten eggs, murder, arson, and the whole catalogue of crime, than call it the "Golden Rule." Look at poor, bleeding Kentucky, under the Goebel election law, of which the election law of our State is a parallel, and say if you would educate us along these lines.

Suppression of free speech is one of the crimes of Democracy, and they have educated us along this line. They suppressed free speech when secession was rife in the land, and no one could be heard unless he would preach that doctrine. Yet the people voted it down, first, last and all the time, until this same Democracy fired on Fort Sumter and thus left no alternative to us but to fight for or against our own people.

In my next I wish to tell how eloquence and wisdom were far apart when this, the struggle of the ages had been forced upon our people. (To be continued.) ASSASSINATED IN TEXAS CAPITAL. The State Comptroller Meets Death at Hands of a Discharged Employee. Austin, June 30.—State Comptroller R. M. Love was assassinated at his office at the State capital at 10:30 this morning by W. G. Hill, a discharged employee.

Brutally Tortured. A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism, and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed. Sold by all druggists.

Night Was Her Terror. "I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully, and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me, and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c. and \$1.00. Trial bottles free at all drug stores.

A Goldsboro Family Narrowly Escapes Drowning at Beaufort. Beaufort, N. C., June 29.—Mr. Joseph and family from Goldsboro, who are stopping at the Mansion House, came near being drowned to-day on the Bird shoal, about a quarter mile from Beaufort. They were in bathing, when one of the party stepped in deep water, and the other members of the family went to the child's rescue. They were soon all over their heads and in great danger of losing their lives, as none of them could swim. Palmer Davis, a colored boatman, went to save them, and he succeeded only by good judgment and and heroic efforts.

Mr. William Borden, from the University of Maryland, rendered efficient service in rescuing the imperiled bathers. WEEK END RATES VIA S. A. L.
