"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE." GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED AHEAD AT NOON-DAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD."

How STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHIPPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITTED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

Much has been said in the Democratic press about the postoffice scandal at Washington, but all of them have failed to inform the public that Machen, who was at the head of the rural free delivery, was a Cleveland Democrat, and held over under civil service. The Democrats have been piling this matter up for campaign thunder next year, but when they wake up to the fact that Machen, in whose office the rottenness originated, is a Democrat, they will drop the matter quicker than if it were a hot brick.

The State Treasurer says the increase in the valuation of property must be from \$100,000,000 to \$150,000,000, in order to produce revenue enough to pay the State's running expenses and keep out of debt. Yes, and this amount won't last long if we have many more Democratic legislatures to squander our money for us; as for instance, increased salaries, new offices created, sending the Attorney-General over the State to protect thieves, registers, and sending tax assessors over the State, at the expense of the taxpayers, to see how many schemes can be devised to squeeze another dollar in taxes out of the poor working man.

On July 4th the President sent from his home at Oyster Bay the message that formally opened the Pacific cable to the Philippines. The message was a greeting and congratulations to Governor Taft at Manila. We can now send a message around the entire globe within an hour's time. The message by the President was sent from New York to San Francisco, to Honolulu, to Guam, to Midway Island, to Manila. Return messages by Hong Kong, to Singapore, to Madras, to Bombay, to Malta, to Gibraltar, to Lisbon, to Ozoers, and then back to New York.

The New York Sun asks: "Do women talk too much?" To which the Asheville Gazette answers: "Of course they don't. Men talk too much about women talking!" We don't know for sure, but we would guess that the writer on the Gazette belongs to the order of associated charities.

The Simmons - Aycock - Daniels company tried to capture the temperance people that met in Raleigh Tuesday. They have tried to capture the whiskey men, and are now trying to capture the temperance organization. Whomsoever putteth their faith in this company will surely see the day they will regret so doing. Didn't the News and Observer contain an article some weeks ago praising Nick Williams and his "good whiskey?" It was so good that even revivalists would not let it be destroyed. Now this same News and Observer, while holding one hand to Nick Williams is trying to capture the temperance forces with the other.

CHIT - CHAT.

[By A. V. DOCKERY] It is not always the biggest and longest steam whistle which demonstrates the most profit.

It is not good for the soul to be compelled to obliterate one's self.

People can be put under civil service who never could pass an examination even for Wake Forest.

We meet this day with those people who are ostensibly opposed to liquor. Let us hope that the matter may be argued from the home standpoint by people who touch not whiskey brandy wine cider nor rice beer. In speaking of a prohibitionist Mr. Fraps once said he talks mit you and drinks mit me. There is to much of this sort of temperance float. Give us straight goods good gentlemen—let us have honest straight prohibition.

Poverty and ignorance have remained for centuries the bulwark of nearly all the glories of religion.

And so it is the turn of Indians to lynch and burn a whole nigger town.

Possibly the North will hereafter look leniently upon a few healthy Southern lynchings. This is the solution of the race problem.

The new education ought to teach the negroes how to speak Volapuk and also how to swallow table knives.

If we keep up the education of all the races at expense of land and house, holders by and by all will want to be governor.

Something in the neighborhood of truth sometimes goes a long way amongst uneducated people—but a little of it will pass amongst folks that have learned enough to lie pretty well.

State sovereignty is dead, free trade is dead, free silver is dead, the Roosevelt Administration is able, "healthy, wealthy, and wise," what on earth will the Democratic Party go to the country upon next year? Prohibition? High Taxes? Turn the rascals in?

The Rev. Baylus Cade Populist Poet was in town last week looking none the worse for sub-treasury wear and free silver tear.

Folks with pat stomachs appear healthy but many of them get hold of sick headaches aching to the ailments of ordinary mortals who take liquor.

Old gold and new is like the owl and the virgin in some respects.

The Amazer Parker substitute for a Presidential candidate with its commitment to the "reign of law" is as futile an ad referendum as the Horace Greely antidote turned out to be.

Judge Purnell Sustained. To The Post: The Supreme Court of the United States has recently affirmed decisions rendered by Judge Purnell in three important cases. One of the most important of these was the celebrated Wilkes county bond case of which there has been so much talk, involving the sum of one hundred and thirty thousand dollars to foreign bondholders. Judge Purnell heard and decided this case while holding United States Circuit Court in the Western District of North Carolina sustaining the validity of the bonds in question. An appeal was taken by the county to the United States Circuit Court of Appeals from this decision and the court reversed Judge Purnell's decision. An appeal was taken by the owners of the bonds to the Supreme Court of the United States and it was upon the record as presented that the highest court sustains Judge Purnell.

It may not be out of place in this connection to say that the good effect of this decision will be far-reaching in its scope and bearing for the future welfare of the State and in a large measure restore the confidence and integrity of olden days, which our good old State enjoyed. The securities issued and floated will doubtless be received with greater cordiality by investors who, putting faith and confidence in our people, municipalities and counties have invested in such securities.

The second case in importance was the decision just handed down by the Supreme Court affirming Judge Purnell's decision in this case of City of Durham vs. Southern Railway Company, in which the "Craig Law" was declared unconstitutional. In the two cases above the North Carolina Supreme Court was reversed.

The third case was in admiralty, where the Judge decided that a member of a stevedore's gang could not maintain an action in rem against the ship for personal injuries, where there was no defect in the ship which was the proximate cause of the injury. This was a novel question in the admiralty law and the United States Circuit Court of Appeals overruled this decision, but the Supreme Court of the United States has just handed down a decision in the case of the "Oceola," involving the same point and principle thus sustaining Judge Purnell's decision and overruling the United States Circuit Court of Appeals.

Being thus sustained by the highest court in the land is a very high compliment to Judge Purnell. OBSERVER.

The Designer For August.

Accordant plaiting and smocking will again aid in beautifying garments for women and children. To know all about either process one should read THE DESIGNER for August, which, in addition to illustrating and describing the above, pictures all that is stylish in millinery and fashions for this season of the year.

"How and Where Perfumes are made," by Katherine Louise Smith, "Women Who Make Money," by Landon Knight, and "Floral Stands of Honolulu," are three interesting articles to be found in this issue, which also contains three excellent short stories, "A Sunflower Drill," illustrated pages on "Woman's Fads and Fancies," "Fashions and Fabrics," and "Fans and What to Make of Them." Opportunities for money making are supplied in the departments "What Women Are Doing," "Helps Along the Way" and the Puzzle Page, while practical and helpful suggestions are given in "Etiquette Hints," "Toilet Table Chat," "In Motherland," "Floriculture" and "The Kitchen Kingdom."

Boy Drowned in Neuse River. Goldsboro, N. C., July 4.—A young son of Mr. Matthew Jones was drowned in Neuse river at the railroad bridge yesterday. The boy climbed up to the bridge and was watching men at work on it, when he lost his balance and fell twenty-five feet or more to the swift current below. He was carried out of reach by the strong current and was drowned before help could reach him. The body was found in a deep hole some distance from where he fell.

The Tax Assessors.

Shelby Aurora.] The tax assessors at this time occupy a very unenviable position. On the one hand, the Legislature and the State officials are demanding an enormous increase in the valuation of property to meet their extravagant expenditures; on the other hand, the tax payers are clamoring for only a moderate increase. We shall see what we shall see.

Yes—the Democratic Party.

Charlotte News.] The intemperate advocates of temperance are its worst enemies.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism, and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed. Sold by all druggists.

Night Was Her Terror.

FIVE CARS DERAILED NEAR SOUTHERN PINES—NO ONE HURT.

Southern Pines, N. C., July 6—Five cars on an extra freight train No. 650, pulling out of the siding at Manly at 12 o'clock last night, were derailed, three of them turning bottom up over an embankment. The cause for the accident is a profound mystery, as eleven cars and the engine had passed over safely. The train was a heavy one—loaded with lumber from Aberdeen. A wrecking train was soon on hand and no delay to passengers, except 31, southbound, which was delayed about forty minutes. No one was hurt.
