"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED AROUND AT NOON-DAY, SLEEP LAY DOWN WITH DREAM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD."

SOME BLESSINGS OF GOD TO GOVERNMENT.

The valuation of property is to be raised, we are told, any where from seventy five to one hundred and fifty millions. This it is calculated will raise from twenty to thirty three per cent. more money than formerly.

There were bills to pay. More-over there were scores to settle, and big ones. There were cross roads politicians of high and low degree—mostly the latter—who had organized and led mobs in the diabolical performance of debauching the suffrage, and these must be provided with jobs at state expense in recognition of their services: for it was accounted a sacrifice, for even Frank Winston to "sink his conscience" and cavort up and down the State organizing people into maniacal mobs "for the public good."

Some of our contemporaries are complaining over the fact that as yet they have been unable to secure copies of the laws enacted by the last legislature. It is quite natural that every one should wish to see just what laws were enacted, but you can't blame the authorities for being ashamed of many of them and for not wishing to publish them to the world.

The old State Arsenal is still standing on the South-west corner of the Capitol Square.

Up to the hour of going to press we had not seen an itemized statement of the books of the penitentiary showing that great surplus the democrats stated some time ago that they had on hand.

"We have had in North Carolina a peculiar period of stress and storm. Our state has undergone a revolution since 1897. Large sections of our State were under arms. Such periods invariably bring an aftermath of violence. Again, we may find a cause in the frequency of lynchings. Life is life, and it is cheapened at every man's peril. The habit of condoning this crime will invariably react upon the white race."

The above appeared in last week's issue of the Biblical Recorder. The Recorder is right as to the cause of the increase in the number of crimes committed in the State in the last few years, and we could not expect other than for crime to be on the increase after having lawless mobs of red-shirters parade our State loaded with bad whiskey, pistols and shotguns, taking the law into their own hands and terrorizing the whole State. These red-shirters were the tools of the democratic party, incited to violence to gain their political ends. These men were shielded from the law, and this did not have the tendency to make them law-abiding citizens afterwards. And such lawlessness has had a very damaging influence over the younger generation which will take many decades for them to outlive.

DEMOCRATIC REGISTRAR GONE WRONG.

This Time It is Almost Under the Dome of the Capitol.

The democratic registrar for Panther Branch Township Wake County, N. C. in the elections of 1900, and 1902 recently (?) went wrong. And here is what he did. Made a mortgage on lands belonging to his wife forging her name the name of a magistrate and that of the clerk of the Superior Court for the county. On this mortgage he drew, it is said, \$1000.00. He mortgaged saw mill and cotton gin plants and machinery, none of which he possessed and drew \$5000.00.

He mortgaged cotton not a pound of which he owned or had in his possession and drew several hundred dollars on that.

He forged notes and endorsements thereto for the sum of \$500.00 and then absconded to Paris unknown. Now, we are moved to wonder if any body is surprised? If they are we desire to inform them that this part of the population is not, for in the year 1900, we were at the polling place in Panther Branch Township Wake Co., N. C. and saw this self same democratic registrar help to steal the election in that township.

Yes, openly and above board, assisted in this high handed robbery of the citizens most sacred right.

Some may think, and have a right to, that a participation in such a demoralizing piece of rascality as stealing votes and elections would cause any man to steal money, and it will, even though he never had rogish tendencies before. But in this particular case, as in the majority, the democratic election board knew full well the grand rascality of their subjects therefore he was, "just the man for the place," could and would do their dirty work without any compunction whatever. It certainly is getting time for the democratic party in North Carolina to call a halt and do some missionary work among some of their subjects for the seed sown in '98 and 1900 by these democratic politicians are ripening into fields of lawlessness and the State is reaping a harvest rich with blackest crimes and has promises of even larger yield of criminals than has yet been seen. Nothing but a State of lawlessness can be expected to exist in any State or community where protection to the violation is guaranteed by the officials and money is appropriated out of the public treasury to defend them.

These men were promised present and future protection against any crime they might commit in the interest of the democratic party, it mattered not how black, and if they could steal elections and murder innocent men then they can and will do it now. And even though crime holds high carnival over the State from the mountains to the seashore and murders red handed, stalk the State at high noon there seems yet greater possibilities for the criminal.

Haywood-Skinner Case Continued. The case of the State against Mr. Earnest Haywood for the killing of Mr. T. Ludlow Skinner until Thursday October 1st which will be during the first week of the next criminal term of Wake Superior Court. The continuance was asked by the defense stating that two of their principal witnesses could not attend at this term of court.

A REPLICA OF JERUSALEM.

Fifty Natives Participate in a Unique Ceremony on the World's Fair Grounds.

St. Louis, July 11.—A plot of ground consisting of ten acres located upon a hill at the World's Fair grounds was formally dedicated late to-day as the site for the replica of the city of Jerusalem, one of the distinct exhibits of the Louisiana Purchase exposition. The dedication was conducted by about 50 natives from Jerusalem, and fully 10,000 people witnessed the ceremonies.

Madame Lydia M. Von Finkelstein Ford, a native of Jerusalem, presided at the laying of the corner stone, and as the ceremonies proceeded in Hebrew and Arabic, she interpreted in English. The 50 participating natives of Palestine wore Oriental costumes. A large and magnificently embroidered tent from Egypt sheltered the participants and when all was ready ten patriarchs representing the ten tribes of Israel issued forth, each bearing a long scroll containing the Mosaic laws.

A sacrificial lamb, brought from Egypt for the purpose, was led forth. Salt was sprinkled over the participants and unleavened bread was distributed.

The corner stone was laid with a ceremony that occupied 30 minutes. It was then sprinkled with oil, salt and incense and was to have been sprinkled with blood from the slaughtered lamb, but popular feeling being against the slaying of the lamb, the motions of killing were gone through with and the lamb was not killed. It is estimated that the erection of Jerusalem will cost \$4,000,000.

Paying The Price of Happiness.

"In the quest of happiness, in the attitude which we take toward the world, these things it behooveth us to mind:

It is the things we desire that are our best index, and not the things that we have. It is willingness to pay the price of our happiness that gauges our real earnestness to have it. And it is not true that any other person's idea of happiness is 'all wrong' because it is not your idea or mine."

These are the concluding paragraphs of a paper by Miss Clara E. Laughlin, in the August Delineator, on the quest of happiness—a subject about which philosophers have busied themselves for some thousands of years, but a solution of which, adequate to all, none has been able to provide. Miss Laughlin does not offer any universal panacea but some wholesome advice that may be taken to heart by many who are engaged in the pursuit of happiness.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif. writes: "For 15 years I endured insufferable pain from Rheumatism, and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed. Sold by all druggists.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully, and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me, and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c. and \$1.00. Trial bottles free at all drug stores.

PERSONAL TO SUBSCRIBERS

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full-sized ONE DOLLAR package of VIT-E-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vit-E-ore is a natural, hard, adamant rock-like substance mineral—Ore—mined from the ground like gold and silver, and requires about twenty years for oxidation. It contains free iron, free sulphur and magnesium, and one package will equal in medicinal strength and curative value 500 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Affections, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as those sands testify, and as to one, answering this, writing for a package, will drop after using. Give age, ill's and sex.

This offer will challenge the attention and consideration, and afford the gratitude of every living person who desires better health, or who suffers with ill's and diseases which have defied the medical world and grown worse with age. We care not for your skepticism, but ask your investigation, and at our expense, regardless of what ill's you have, by sending us to you a package. You must not write on a postal card.
