SELE GOVERNMENT DENIED.

Thursday of this week has been We claim that we have a government of the people, by the people, set apart by the Senate for the conand for the people-but this princlsideration or certain amendments to the Watts Law. One bill provides ple of government is often more a theory than a practice. A bill was that no whiskey shall be manufacpending before the Legislature a few tured in towns of less than 1,500 days ago, introduced by Representapopulation; another bill fixes the tive Butler of Sampson county, prominimum population at 1,000, while viding that the County Boards of still another does not state any min-Education in the various counties imum population, only provides for shall be elected by the people-at police protection, etc. No one can the same time and in the same manpredict with a certainty just what ner that other county officers are action will be taken, but many elected. This was a meritorious think there will be but little change bill and should have received the made in the present Watts Law.

the State?

unanimous endorsement of every member of the Legislature

The United States Senate Tuesday

Gov. Glenu has recommended to

the Legislature that a State purchas

ing agent be appointed to buy sup-

plies at wholesale for the State in-

stitutions. If such an agent is ap-

passed the House Statehood Bill in These Board of Education have amended form. The bill as passed large powers. They appoint the admits Oklahoma and Indian Terri-County Superintendent of Educatory as a single State, and New Mextion, and all the school committeeico as another State. A previous men in the county. They have control of the entire school fund of bill was to admit Arizona and New the county, which is the largest Mexico as a single State, but Arizona fund provided for by the taxpayer was left out in the cold and New in the county. They locate school Mexico admitted as a single State. houses, employ teachers and fix their

salary, consolidate districts and Gov. Warfield, of Maryland, is create new ones, and, in fact, have advocating putting business in policharge of all the entire school inter- tics and placing it above political
