

How many wo men realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this ime draws near is not without

reason ? If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period, and may be relied upon to overcome all distressing symptoms and carry them safely through to a healthy and happy old age.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can. Mrs A. E. G. Hyland, of Chester-

town, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:-"I had been suffering with falling of the womb for years and was passing through the change of life. My womb was badly swollen. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham for advice. It is free and always helpful.

IDEA CAME FROM SHEFFIELD.

First Commercial Traveler Sent From That City.

It has generally been supposed that the commercial traveler is a product of our own busy day, but as early as 1757 a Sheffield cutlery manufacturer conceived the idea of sending to the continent glib talkers to convince the merchants that the English-made cutlery was superior to that of local manufacturers, and so marked was his success that it was not long before the same idea was put into practie in oth-

As early as 1765 the term "bagman" had become common, the word being defined in Murray's Dictionary of that year, the example being quoted from Goldsmith.

The title "commercial traveler" is the only modern part of the idea, the ancient bagman lasting until the improvements in travel caused the term to become obsolete.

In earlier years the salesman traveled with his samples in a bag strapped to his horse's back and moved from place to place, and it was not until the passing of the stage ceach days that the sample trunk became the feature of the traveler's out-

When the Bomb Burst.

The Sultan-"And how did it happen, vizier, that you failed to interpose your wordthless body between your sovereign and the bomb?"

The Vizier-"Pardon me, your highness, it was all over so quickly that there was no time to make a move." The Sultan-"A wise servant anticipates the danger of his master."

The Vizier-"Had I anticipated the danger, your highness. I would have prevented the throwing of the deadly missile."

The Sultan-"Then you are not good at anticipation?"

The Vizier-"No, your highness." The Sultan, smiling-"In that case you have not anticipated the fact that I am about to fine you twenty purses of 100 sequins each, and in addition to present you with thirty lashes across the soles of your unanticipative feet." -Cleveland Plain Dealer.

True, the pen may be mightier than the sword, but the pencil isn't much good without the help of a knife.

COFFEE NEURALGIA Leaves When You Quit and Use Postum.

A lady who unconsciously drifted into nervous prostration brought on by coffee, says:

"I have been a coffee drinker all my life, and used it regularly, three times

"A year or two ago I became subject to nervous neuralgia, attacks of neryous headache and general nervous prostration which not only incapacitated me for doing my housework, but frequently made it necessary for me to remain in a dark room for two or three days at a time.

"I employed several good doctors, one after the other, but none of them was able to give me permanent relief.

"Eight months ago a friend suggested that perhaps coffee was the cause of my troubles and that I try Postum Food Coffee and give up the old kind. I am glad I took her advice, for my health has been entirely restored. I have no more neuralgia, nor have I had one solitary headache in all these eight months. No more of my days are wasted in solitary confinement in a dark room. I do all my own work with ease. The flesh that I lost during the years of my nervous prostration has come back to me during these months, and I am once more a happy, healthy woman. I enclose a list of names of friends who can vouch for the truth of the statement." Name given by Postum Co., Battle Creek, Mich.

Shot by Hunter. Tarboro, Special.-Mr. S. T. Cherry, one of the most prominent men in the county, was accidentally killed on late Wednesday afternoon. The circumstances which caused his death are singular. Mr. Cherry had gone out into the woods and secreted himself for the purpose of finding out who, he his land. Dempsey Weaver, a tenant. was doing the hunting. Seeing a small portion of his victim's form moving behind the bushes, he mistook Mr. Cherry for a squirrel and shot and instantly killed him.

Mutual Investment Company.

Salisbury, Special.-With an authorized capital of \$100,000, the Mutual Investment Company has been organized here for the purpose of buying, holding and developing real estate in and around this city. Whitehead Many a lawyer has discovered that Kluttz, C. B. Jordan and Dr. R. V. Brawley and other leading Salisbury men are behind the new corporation. which begins business with prospects. The plan is a new one and contemplates a systematic savings on the part of the shareholders, who are the younger business and professional men in the community.

Coaldn't Hold Court.

Wilkesboro, Special.-A two week's term of court for the trial of civil cases only convened with his honor, Judge O. H. Allen, presiding. The calendar was called and it was ascertained that so many of the attorneys plaintiffs, defendants and wittnesses were in attendance at the Federal court at Greensboro that the court would not be held and the grand jury was dicharged without trying a single

Mitchell County's First Bank.

Asheville, Special. - A gentleman here from Bakersville, Mitchell county tels of the organization of a new bank at Bakersville. The bank was organized by Col. Isaac H. Bailey, of the place. Mr. Bailey was elected president and a charter will shortly be secured. The bank will be known as the Bank of Bakersville. It is the first banking institution that has been organized in the county of Mitch ill.

Negro Killed by Cave-In.

Wadesboro, Special .- An embankment, ten feet high, at Mr. W. T. Brasington's brick yard, caved in Wednesday while hands were digging clay, and so injured one man, a negro, Ed. Hammond, that he died in a few

Items of State News.

Fire damaged the Eagle Furniture Co. at High Point to the amount of \$25,000 on Wednesday night.

A special from Salisbury says: Mr. Joe McDaniel, 84 years of age, came to Salisbury to obtain license to marry Miss Lou Dawson, who is just eleven years his junior, 73. Both parties to the marriage are inmates of the county poor house.

State Treasurer Lacy says that on the 15th of December, he will be call ed on to pay \$275,000 on pension warrants; December 1, \$40,000, the monthly operating expenses of the State administration; January 1, \$75,-000 interest on the bonded debt and \$40,000 current expenses for the month; and about the middle of Jannary \$200,000 of public school warrants, under the act giving aid to schools for keeping them open at leas four months in the year. This will make about \$750,000 to be put out in that period.

News Notes.

Dr. Giles M. McAden, of Charlotte, one of the wealthiest men of the State, died in New York City on Sunday morning.

was received in Greater New York Thursday. Ex-Senator Hill made a plea abatement for Lawyer Patrick, who

Haitian Minister Resigns.

is under sentence of death for the murder of Millionaire Rice.

Washington, Special.-The resignation of William F. Powell as United States Minister at Haiti has been submitted to the president and accepted. As his successor the president has determined upon Dr. H. W. Furniss of Indianapolis, Ind., a prominent negro. Dr. Furniss is at present consul to Bahia, Brazil. He will assume his Ten days' trial leaving off coffee and duties as minister to Hait; about November 15th.

THE CHANGE OF LIFE NORTH STATE NEWS SEXTILE NEWS OF INTEREST

Notes of Southern Cotton Mills and Other Manufacturing Enterprises-

Ware Shoals, S. C .- Another bi Southern mill, the Ware Shoals Manufacturing company, is nearing completion. Its buildings are now completed, the machinery has been ordered and is being received at the plant for installation. This latter work is expected to be completed by November 20, and then the spindles and looms will begin to produce. The mill building is four stories high, 150 by 277 feet in size, and will have 25,000 spindles, together with 800 looms, from made into a belt. spindles when the company desires to out on the prairie. This was done. increase its equipment. The corporation owning this mill is capitalized at \$500,000, and N. B. Dial, of Laurens, S. C., is its president.

Gaffney, S. C .- It is expected that the work of developing Gaston Shoals, a property on Broad river, about five miles from Gaffney, will be started at privileges were acquired by the Gaffney Manufacturing Company some time ago, but were sold recently to a company that Mr. J. B. Cleveland, of Spartanburg, is said to be at the head of. This company had a corps his plantation near Rocky Mountain of surveyors at work at the property last week and it is thought here that the work of developing will be begun in the near future. This property is considered very valuable and if properly developed it is thought that these thought, was hunting unlawfully on falls will furnish water power sufficient for the manufacturing plants at Gaffney, Spartanburg, Cherokee Falls, Blacksburg, in South Carolina, and Shelby and other points in North Carolina.

> Nashville, Tenn .- A meeting of the stockholders of the Warioto Cotton Mills, was held on September 30 to consider plans for that company's enterprise. Officers were elected as follows: President, W. R. Odell, of Concord, N. C.; vice-president, William Nelson; and secretary-treasurer, J. B. Morgan. Directors were chosen as follows: M J. Smith, Edward Warner, Joseph H. Thompson, H. G. Lipscomb and A. H. Robinson, and the three officers named. This company will not be in a position to make its building ready nor to install machinery until next summer, as it has purchased the cotton mill property of the Tennessee Manufacturing Company, which is under lease for some months vet, as stated recently.

Durham, N. C .- The Durham and Southeastern Railway will soon be running trains from Durham to Apex, N. C., where this road will cross the Seaboard Air Line and connect with a road already running to a p int on the Atlantic Coast Line a few miles north of Favetteville. This road will be a great convenience to the Erwin Cotton Mill interests at Durham which have already established a large new mill and commenced the erection of a fine new town at Duke, which is on the line of this road only a short distance from its eastern terminus at Dunn, N. C. It is probable in fact that the Duke and Erwin interests have been the chief factors in the building of this road which will be of great benefit to a section of country heretofore seriously lacking in facilities for transportation of its pro-

Spartanburg, S. C .- The Sun Mills will be incorporated with an authorized capital stock of \$500,000 to build and operate a cotton-rope and twine mill. John B. Cleveland, John A. Law, Walter S. Montgomery and A. W. Smith will be the directors and in charge of construction work and installation of machinery. Mr. Montcomery will be president.

Muscagee,-The Commercial Club is negotiating with the representative of New York capitalists relative to the erection of a large textile mill, probably a cotton factory,

Marion, S. C .- It has been but a few months since the Marion Manufacturing Company began operations with its 5,000 spindles, but already it finds it necessary to add to that equipment. The company's directors met and ordered that 2,000 spindles be installed, and William Stackhouse president, left at once for the North to buy the new equipment.

San Hartonia, Texas .- The contract with Del Rio people and Eastern capitalists for the erection of a large cotton mill at this place was closed on the 29th and Colonel S. G. Grimshaw, representing the capitalists, left at once for Fall River, Mass., where he will make arrangements for work to begin on the building. The plant will cost \$150,000, and work is to begin within four weeks.

Memphis. Tenn.-Makers of textile machinery are invited to correspond with the Shelby Cotton Products Co., relative to the purchase of machinery for manufacturing cotton yarus and Not less than \$36,000,000 in taxes blacking that product. The Shelby enterprise contemplates adding a yarn mill to its present plant to vtilize the linters and waste cotton, and is prepared to receive information and estimates on the cost of the required equipments for the purposes named.

> Lindale, Ga.-The Massachusetts Mills whose plant is here will make a comprehensive exhibit at the Floyd County Fair, October 10 to 14. The dsiplay will include a Draper automatic loom in operation, and also the other details of manufacture from the raw cotton to the finished product. The Massachusetts Mills in Georgia have now in operation 514 of the Draper automatic looms.

Long Distance Courtships. Sketching one day in Burma, an English artist noticed a man a little distance off glaring straight ahead of him at some object he could not see from his position. The man sat with the same fixed glare the whole afternoon and was at it again next morning. The artist had the curiosity to ask an English visitor what it meant. The reply was: "Oh, he is in love!" And it was explained that this was their method of courtship. The object of the man's attentive gaze was a girl in a neighboring bazaar. When a young man falls in love, be has to seat himself at a certain distance from his adored one and wait for her to do the rest. If she looks in his direction once or twice on the first or second day, he is wildly encouraged, and if on the third day she nod to him and smiles it is time to go to the parents with reference to the marriage settle

A GIANT LAID LOW. Crippled and Made Ill by Awful Kidney Disorders. John Fernaays, fruit raiser, Webs-

ter, N. Y., says: "I used to lift railroad ties easily, but wrenched my back and began to suffer with backache and kidney trouble. I neglected it until one day a twinge felled

me like a log, made me crawl on hands and knees. I was so crippled for a time that I couldn't walk without sticks, had headaches and dizzy spells and the kidney secretions were muddy and full of brickdust sediment. Doan's Kidney Pills made the pain disappear and corrected the urinary trouble. I have felt

better ever since." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

To make Cheap Gas-light for Country Homes

TAKE a common Clay Pipe. Put a simple "Acetylene" Gasburner on its Bind the two in position with a tight-fitting piece

Then fill the bowl of the pipe with fine-ground Calcium Carbide. Next tie a rag over head of the bowl to keep in the

Carbide. Now put the pipe into a Glass of Water, as in picture. There you have a complete Gasplant for 25 cents. Touch a match to the Burner- 1.

and you'll get a beautiful White Gas-Of course, this is only an experiment, but it shows the wonderful simplicity of Acetylene Lighting.

Light a setback, at first. It seemed so simple to turn Calcium Carbide into Gas-light that over 600 different kinds of "tanks" and "Acetylene Machines" were invented, patented, and marketed for the purpose, by about as many different

Well, the thing to be expected certainly happened! About 530 of these "Acetylene Machines' had been invented and sold by people who knew more about

Tinware than they did about Gas-making. .The "Calcium Carbide" was all right all the time, but 530 of the machines for turning it into Gas were all wrong all the time. So Acetylene Gas "got a bad name," though it is

clear enough now that it never deserved it at any time.

It was like selling Wood Stoves to burn Hard Coal

in, and then blaming the Coal for not burning Lots of things happened to grieve the Owners of these 530 makes of alleged "Acetylene Machines. But very few accidents occurred from them even in the days of rank experiment and dense ignorance. among, "Generator" Makers.

Of course, a gun will go off unexpectedly, now and then, if the trigger be pulled by a person who "didn't know it was loaded. But, that's no fault of the Ammunition-is it?

Well, finally the Insurance Companies got after these 530 odd makes of "Acetylene Machines" that wouldn't Acetylate, and the Insurance Board made an investigation of all Generators that were submitted to Then, out of the 600 odd "Machines" patented,

only about 70 were "permitted" by the Insurance Board

Oh, what a howl was there! .
By "permitted" I mean that the Insurance Board was willing that any building should be Insured, without extra charge, which thed any one of these to Acetylene Generators it had found safe, and effective just as it permitted houses to be piped for City Gas, or wired for Electricity, under proper conditions.

Now, the Insurance Companies ought to know whether or not these 70 different makes of Acetylene

Generators were absolutely Safe to use.

Because, they have to pay the bills, if Fire or Explosion occurs, from any one of the Acetylene Generators

ators they authorize. And, here's a proof of their good judgment. Though there are now Two Million people using Acetylene Light in America, there have only been four Fires from it in one year, against 8865 Fires from

Kerosene and Gasoline. There have also been 4691 Fires from Electricity, 1707 Fires from City Gas, and 520 Fires from Candles Besides these there have been 26 Fires from the Sun's rays, But,-only four Fires from Acetylene. That shows how careful the Insurance Board was in its examination of Acetylene Generators, and m "permitting" only the 70 makes that were above surpicion, out of the 600 experiments that were once on

the market. Well,-the boom in Acetylene Lighting made lower prices possible on the material it is derived from, vir. Calcium Carbide, a material that looks like Granne

but acts like Magic. Today, Acetylene Light is a full third cheater than Kerosene Light, or Gasoline Light, per Candle Power. It is not more than half the price of Electric Light, nor three-fourths that of City Gas.

If I can't prove these statements to your full satisfaction my name is not "Acetylene Jones." But Acetylene is more than the safest and cheapest Light of the year 1905.

It is also the Whitest Light-the nearest to natural Sunlight in health-giving Blue and Violet rays, and because of this, with its freedom from flicker, it is the easiest of all Artificial Light on the Eyes. It is so much like real Sunlight that it has made

plants grow 24 hours per day in dark cellars where no ray of Sunlight could reach them. It made them grow twice as fast as similar plants that had only the Sunlight of day-time, viz., half the time. That was proven by Cornell University in a threemonths' experiment made this very year.

Now, I've saved up for the last a point more important to you than all the others about Acety'me

It consumes only one-fourth as much of the vital Oxygen from the Air of Living rooms or bed-rooms, as either Kerosene or City Gas-Light consumes. That's a tremendous difference in a lifetime, mark you-three-fourths of a difference.

Because,-Oxygen is Life. And every bit of Oxygen stolen from the lungs of Women, Children and Men, through Lighting, is a loss that can never be made good again. A 24 Candle-Power Acetylene Light costs you only

two-fifths of a cent per hour. That's about \$5.85 per year, if burned every night in the year for four steady hours. A Kerosene Lamp of equal capacity would cost you a third more, viz.: three-fifths of a cent per hour for

Kerosene alone, or \$8.75 per year.
That's exclusive of broken lamp chimneys, new wicks, and the everlasting drudgery and danger of cleaning, filling and trimming daily, I want to prove these figures to you, Render, if you

are a house-owner or storekeeper. Tell me how many rooms you've got and I'll tell you what it will cost to light them with brilliant, beautiful, Sanitary, eye-saving Acetylene. Write me today for my Free Book about "Sunlight on Tab."

Just address me here as-"Acetylene Jones," 9 Adams St.

Chicago, Ills.

BOX OF WAFERS FREE-NO DRUCS -CURES BY ABSORPTION.

Cures Belching of Gas-Bal Breath and Bad Stomach - Short Breath-Blosting-Sour Eructations Irregular Heart, Etc.

Take a Mull's Wafer any time of the day or night, and note the immediate good effect on your stomach. It absorbs the gas, disinfects the stomach, kills the poison germs and cures the disease. Catarrh of the head and throat, unwholesome food and overeating make bad stomachs. Scarcely any stomach is entirely free from taint of some kind. Mull's Anti-Belch Wafers will make your stomach healthy by absorbing foul gases which arise from the undigested food and by re-enforcing the lining of the stomach, enabling it to thoroughly mix the food with the gastric juices. This cures stomach trouble, promotes digestion, sweetens the breath, stops belching and fermentation. Heart action becomes strong and regular through this becomes strong and regular through this

Discard drugs, as you know from experience they do not cure stomach trouble.

Try a common-sense (Nature's) method that does cure. A soothing, healing sensation results instantly. We know Mull's Anti-Belch Wafers will

do this, and we want you to know it.

SPECIAL OFFER.—The regular price of
Mull's Anti-Belch Waiers is 50c. a box, but to introduce it to thousands of sufferers we will send two (2) boxes upon receipt of 75c. and this advertisement, or we will send you a sample free for this coupon.
