"For over thirty years I suffered from painful ulcers and an eruption from my knees to feet, and could find neither doctors nor medicine to help me until I used Cuticura Soap, Ointment and Pills, which cured me in six months. JOYS OF MATERNITY
A WOMAN'S BEST HOPES REALIZED
Mrs. Potts Tells How Women Should Prepare for Motherhood
The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.
Mrs. Anna Potts
Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.
The question that troubles women is how can a woman who has some female trouble bear healthy children?
Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:
"My dear Mrs. Pinkham—
During the early part of my married life I was delicate in health. Both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger. My headaches and backaches left me. I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child. The joy of our home is certainly Lydia E. Pinkham's Vegetable Compound. I wish every woman who wants to become a mother would try it."
Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

TAX ON DISPENSARY

South Carolina Institution Will Not Be Exempt
U. S. SUPREME COURT'S OPINION
Pretense That the Institution is Conducted as a Branch of the Police Power of the State is But Thinly Disguised, Says the Court in Affirming the Action of the Court of Claims on Petition for Recovery of \$20,000 Paid Since 1893.

Washington, Special.—The Supreme Court of the United States decided that the national government may properly tax the State liquor dispensaries of South Carolina. The opinion was delivered by Justice Brewer in the case of the State of South Carolina vs. the United States. This action was instituted by the State of South Carolina to recover \$20,000 paid to the revenue officers of the national government on account of the sale of liquors by the State and county dispensaries under the dispensary law. The State took the position that as the dispensaries sold liquors without profit they should not be taxed by the government, but the tax has been collected since 1893. This is said to have been the first case in which the State unites in its undertaking the exercise of its police power together with the prosecution of a commercial business. The Court of Claims dismissed the petition on the ground that the exercise of police power was but thinly disguised, holding that the real purpose was money making and this decision was affirmed.

The original order to open these five boxes was granted a few days ago. MR. BROWN IN CHARLOTTE

Discusses the Cotton Situation With an Official of the Manufacturers' Body.
Charlotte, Special.—J. A. Brown, of Chabourne, N. C., a member of the national executive committee of the Southern Cotton Association, and an official representative of that organization, was in this city Saturday to confer with Mr. R. M. Miller, Jr., president of the American Cotton Manufacturers' Association.
At the meeting of the executive committee in Memphis, Tenn., on the 25th of last June, a resolution was introduced by Mr. Brown, which, among other things, enumerated that "the prosperity of the cotton grower was bound up with the well-being of the spinner," and hence the association desired to place itself on record as favoring co-operation between producer and manufacturer and a committee was named to take up the matter with the American and New England Manufacturers' associations.

The conference was a lengthy one. With reference to the specific ideas discussed Mr. Brown would not talk. He expressed himself, however, as very highly pleased with the meeting stating that the cotton grower and the cotton spinner regarded the situation in the same light and that both were in a large measure naturally dependent one on the other.
"Negotiations are now pending for a community of interest," said Mr. Brown.
It is said that the scheme which is being talked of is the formation of a gigantic corporation with sufficient capital to build warehouses at the cotton centers of this country and Europe and then buy up enough of the yearly crop to hold the balance of power in the market and regulate values.

\$2,000,000 Timber Deal.
Asheville, Special.—It was learned recently that George W. Vanderbilt has sold to W. S. and W. L. Alexander of Charlotte, and associates from other points, the standing timber of his famous Pisgah forest reserve. The reserve contains 3,000 acres of virgin forest, with 3,000,000 feet of marketable timber. The consideration will aggregate nearly \$2,000,000 in the final consummation. It is said that 20 years will be required to remove the lumber. The deal was consummated by B. F. A. Saylor, of Rome, Georgia, and Leutz & Cutting, of this city. In addition to the three million feet of lumber, the boundary contains one million feet of tannic acid, and pulp woods, and 40,000 cords of tan-bark. The deal is the largest ever consummated in this section. It is said that as a result of the transfer a furniture factory and tannic acid plant will be erected.
