The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and sealding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MURDERED IN BEDROOM.

H. Kobre, of Winston, Found Robbed and Dying.

Winston-Salem, N. C., Jan. 22.—Henry Kobre, a Russian Jew, was mysteriously murdered last night in his room over the saloon of M. Kobre & Co., and the restaurant conducted by the deceased, Sam Kobre, a younger brother, who roomed with Henry, was the first one to find him. He went to the room about eleven o'clock, and was startled by finding Henry in his night clothes in a pool of blood between his bed and the south window to the building. He was unconscious. The wounded man was moved to the hospital where he died three hours later. Up to one o'clock today there was a diversity of opinion as to whether the man had been shot or struck in the forehead where a severe wound was found, by some sharp instrument. The theory as to what caused death was partially solved by the finding of a piece of bullet in the ceiling of Kobre's room.

The physicians say he was probably shot through a window by some one standing in the lot in the rear of the saloon. There is strong evidence that the murdered man was robbed. His vest, in which he carried large sums of money, is missing. The coroner's jury, after investigating the case nearly all day, rendered a verdict that "Mr. Kobre was unlawfully slain by some one unknown to the jury."

The Jews here are greatly wrought up over the crime and they will use every effort to find the guilty man.

BURNED IN HIS CELL.

Prisoner Set Fire to New London Jail in Stanly County.

Salisbury, Jan. 22.—William Russell, a young white man, twenty-five years of age, set fire to the solitary cell of the calaboose at New London, Stanly county, twenty-four miles from Salisbury, Saturday evening and was so badly burned that he will die. Russell was arrested Saturday for disorderly conduct and locked up in the town prison, a miniature affair. In his cell was a quantity of straw and he lighted the cell.

His cries of alarm could not be heard until the building was partially consumed, and those who rushed to the rescue were unable to locate the lock.

With sledge hammers they succeeded in tearing the door down and ran for their lives as volumes of smoke rushed upon them. The imprisoned man managed to make his exit and fell at the entrance to the calaboose. He was given immediate medical attention but no hope for his recovery is held out.

The building was destroyed.

SPOILED HER BEAUTY.

Negro Students Leave Talladega College Because Southern White Man is Given Superintendency of Farm.

Talladega, Ala., Jan. 22.—Over one hundred students left Talladega College (colored) to-day because a Southern white man, L. O. Parks, of this county, was employed as superintendent of the college farm. The students demanded his discharge, and that was refused by President B. M. Nive. They appealed to Dr. S. H. Baird, Secretary of the American Missionary Society of New York, which fosters Talladega College.

Dr. Baird upheld Nive, and as the result the student body left college. The main objection to Mr. Parks' is, it is asserted, that he was a Southern white man. The faculty, for the most part composed of Northern white people, was determined that he should stay. The student body numbers nearly one thousand males and females.

The president of the college, Rev. B. M. Nive, came to Talladega about two years ago from Lockport, N. Y. He is a Presbyterian minister.

Glass Bandages for Wounds

Dr. Aymond, of London, advocates the substitution of glass for lint for the dressing of wounds. He describes an experiment with a piece of thick window glass, the edges of which were ground smooth. He smeared the glass with carbolic oil and applied it to a wound, which healed quickly without leaving a scar. The doctor contends that his method results in an immense saving in the cost of hospital practice. It is painless and the wound heals twice as quickly. It also enables the wound to be examined without the removal of the dressing.—London Lancet.

Determined to Be a Lawyer, Anyway.

A Kansas man had a boy who was inclined to be an all-round tough. One day a neighbor called on the old man to talk with him about the boy. "You certainly ought to try to do something with Bill," said the neighbor. "He's getting to be known as the greatest liar in the county. Unless he mends his ways his reputation will be ruined." "Well," said the old man, "I don't know as there is much occasion to worry about Bill ruin' his reputation. He is bound and determined to be a lawyer, anyway."—Cincinnati Commercial.

In reply to a request for Campaign Contributions the Vice-President of the Company replied as follows:

I cannot advise any subscription by the Company to the campaign fund for any purpose. The money held by the Insurance Company in trust for its policy holders cannot be used for political, educational or religious purposes, and any vote by the directors authorizing a subscription would be beyond their authority, and for any money paid under such vote, the directors would be personally liable, and at the suit of any policy-holder the Court would require them to reimburse the Company.
