At the conclusion of the address the President and Vice President were driven to Grove Hill Cemetery, wheer the Prosident placed a wreath on the grave former President Ben-

jamin Harrison. The programme of excluses he cluded an invocation by Rev. D. R. Lewis an address by Gov. J. Frank Hanly, music by the Seventh Regtment Band, the reading of a poem dedicated to General Lawton by James Whitcomy Riley, the introduction of the President by Governor Hanly and President Roosevelt's aldress. The President said in part:

THE PRESIDENT'S SPEECH. "For more than one reason I am

pecularliarly glad that this year I speak on Memorial Day in the State of Indiana. There is no other class of our citizens to whom we owe so much as to the veterans of the great war. To them it was given to perform the one feat with which no other feat can be compared, for to them it was given to preserve the Union. Moreover, you men who wore the blue, blessed beyond the victors in any other war of recent times, have left to your countrymen more that the material results of the triumph, more even than the achieving the triumph itself. You have left a country so genuinely reunited that all of us now, in whatever part of this Union we live, have a right to feel the keenest pride, not only in the valor and self-devotion of you, the gallant men who were the blue, but also in the valor and self-devotion of your gallant opponent who wore the gray. The hero whose monument we to-day unveil, by his rife ory from \$2,200 to \$2,300; High Point bore singular testimony to the completeness of the reunion. General Lawton in his youth fought gallantly in the civil war. Thirty-three years afterward he again marched to war, this time against a foreign foe, and served with distinguished ability and success as general officer, both in Cuba and in the Philippines. When he thus served it was in an army whose generals included not only many of his old comrades in arms, but some of his old opponents also, as General Wheeler and General Fitzhugh Lee. Under him, both among the commissioned officers and in the ranks, were many men whose fathers had worn the blue serving side by side with others whose fathers had worn the gray; but all Americans now, and nothing but Americans, all united in their fealty and devotion to their common flag and their common country, and cach knowing only the generous rivalry with his fellows as to who could best serve the cause for which each was ready to lay down life itself. To General Lawton it befell actually to lay down his life; a tragedy, but one of those noble tragedies where our pride rises above our sorrow. For he died in the fullness of time, serving his country with eatire devotion -a death that every
