their rooms, with no possible avenue of escape, and roasted to death was the awful fate of three women, one white and two colored, at Cleveland Springs Hotel, a few miles from here, at an early hour Monday morning. Those who perished were:

Miss Cora Smith, a young lady of Ellenboro. Ratherford county. Mary Frazier, a colored chamber-

maid, of South Carolna. Annie Frazier, her sister, also a hambermaid.

Miss Smith was sleeping on the third floor and before she was awakaned the flames had hemmed her in the session. The outlook is for the beyond any possible manner of essape. She cried most piteously to be rescued, but the anxious spectators stood by horror-stricken, entirely unable to render her any assistance. Her body, charred almost beyond recognition, was found in the debus of the building.

The two chambermaids were sleeping in the attic of the hotel and, like Miss Smith, were overtaken by the flames before they could flee from the building.

American Fermers Ahead Thousand Million Dollars.

New York, Special.-The American farmers' earnings are a thousand million dollars greater this year than last, according to a preliminary report on crops which will be published in the next issue of The American Agriculturist. This big gain will be enturely due to the increased prices of farm products, as the production in general will be fully 10 per cent less in quantity than in 1906, which was the bumper year. "The farmer was never in so healthy a position as he is today-financially, socially, politically, mentally and spiritually. says the report. "The increase in the value of his real estate has been prodigious. He owes less money than ever before. He has greater assets than ever. Again, the farmers' wants are greater.
