The Simmons-Aycock-Craig machine failed to work at the Charlotte Convention.

The Charlotte Observer has swal lowed the Kitchin pill, but it didn't have a very soothing effect.

The Charlotte hotels got their money's worth and didn't have to gouge the people either.

The Kitchin forces have demolished the Simmons machine and Kitchin will now probably build up a machine bearing his private trademark.

Some of the Democrats came near mobbing the chairman of their con vention at Charlotte Friday. And still they claim not to believe in mob rule.

The Man Who Can Beat Kitchin. The Republicans must nominate a candidate for Governor who will appeal to the independent voters and to the progressive element as against Kitchin in the State, as Taft will appeal to that element in the Nation as against Bryan. There are a number of men in North Carolina, any one of whom could be nominated for Governor by the Republicans who would be almost sure to win, but the man who could win would not accept the nomination unless he felt sure that an intelligent and vigorous campaign would be run from State headquarters, with a sincere desire to elect the ticket.

for Victory.

This can be accomplished, however, by following in the State the tion for a vigorous and successful campaign; that is, by nominating men fit to run on the ticket in the State with Taft at the head of the National ticket, and then confer with the head of the ticket in the State for the selection of State campaign manager, just as the National Committee is now conferring with Secretary Taft to select the right man for the all important place of National campaign manager This is so important that when Secretary Taft and Mr. Sherman, the two nominees. met with the National Committee in Cincinnati, right after the adjorunment of the Convention, they did not then select a chairman, but deferred the matter for a further conference to be held in Washington July 1st. On account of the continued illness of Congressman Sherman, Secretary conference until July 8th, in order that Mr. Sherman might be present Now will the Craig forces say that and be consulted. If such a policy is wise and neccessary to secure National success, why is it not equally wise and necessary in North Coralina to secure State success.

Waycross, Ga., June 27 .- Two negroes were lynched near this city late to-day by a mob of at least one thousand persons. The negroes were Walter Wilkins and Albert Baker, who were brought here this morning from Wayne County, one of them charged with outraging the fourteenyear-old daughter of Mr. Wiley Wainwright Thursday evening. The negroes were lodged in the Ware County officers for the purpose of carrying them to Jessup for safe-keeping.

The mob suddenly made a rush for the officers and took their prisoners from them. The negroes were taken nearly half a mile to the first oak tree in the old Cherokee nursery.
