

The Caucasian

AND RALEIGH ENTERPRISE.

Raleigh, N. C., July 16, 1908

Entered at the Post-office in Raleigh, N. C., as second class mail matter.

Local Matters

The Baptist and Reformed Sunday schools of Lexington ran an excursion to Raleigh Saturday.

The July term of Wake criminal court convened Monday for a two-weeks term. Judge Walter H. Neal presiding.

Farmers from the Fuquay Springs section report that a hail storm slightly damaged the tobacco crop Monday night.

Cooper Brothers, owners of the Raleigh Marble Works, have purchased the Statesville Marble Works, which they will run in connection with their plant in this city.

Rev. C. W. Blanchard, formerly pastor of the Biblical Recorder, has accepted a call to an important charge in Manning, S. C., and he will leave this State in September.

Mr. H. B. Varner, President of the National Editorial Association, announces that the twenty-third annual meeting will be held in St. Paul, Minn., during the week of August 17th.

The grand jury of Wake County has indicted J. W. Parham, white under chapter 816, Public Laws of 1907, charging him with obtaining food and accommodations without paying and with intent to defraud. This is the first indictment in Wake County under the above-named chapter.

Dr. B. W. Kilgore, State Chemist, left yesterday for the State farms in Pender and Edgecombe Counties on an inspection trip. On the Pender farm truck is grown most extensively, while cotton, corn, and peanuts are crops on the Edgecombe farm. Peanuts are experimented with successfully on both farms.

Power from Buckhorn Falls will be electrically transmitted to this city for manufacturing purposes. The Chamber of Commerce have been interested in this project for some time, but only recently succeeded in inducing the owners of the plant to close a contract. It means much for the industrial growth of the city.

Two Dangerous Convicts Make Their Escape.

The State's prison authorities announce that the prisoners, Frazier Jones and James Joyner, escaped from the convict camp in Hyde County on the morning of the 6th inst.

Frazier Jones is a negro murderer from Guilford County. He was first sentenced to be hanged, but his sentence was commuted by the Governor to life imprisonment.

Joyner was sentenced from Greene County in 1907 for ten years for an assault to commit rape.

Three Navy Deserters Arrested at Guilford College.

Winston-Salem, N. C., July 11.—Mike Jones, Jesse Powell, and Thomas Martin, three white men alleged deserters from ships Iowa and Franklin, at Norfolk, were arrested at Guilford College last night while attempting to beat their way on a train. The men, who are in jail here, confess they deserted from the navy. Jones says his home is in Greensboro, Martin says he is from Baltimore, and Powell from Oklahoma. The men will be held until navy officials at Norfolk are heard from.

Case Against Ira Oakley, Charged With Arson and Murder, Has Been Continued.

The preliminary hearing in the case of Ira Oakley, charged with burning the home and murdering the family of James Underwood at Fuquay Springs last February, was to have been held before Justice Seppark in Raleigh last week, and many of the witnesses were present, but as one of the strongest witnesses for the prosecution could not attend the hearing the case was continued. The attorneys in the case will meet July 27th to fix a date for the hearing and the witnesses will be subpoenaed again.

Solicitor Armistead Jones is assisted in the case by Messrs. Holding and Bunn, and Col. J. C. L. Harris and Mr. Charles U. Harris represent the defendant.

Oakley was arrested in Danville, Va., and brought to Raleigh. He remained at Fuquay Springs some time after the fire, which was originally thought to have been accidental; but when opinion changed and there was talk of an incendiary origin of the fire, and of the existence of bad blood between Oakley and Underwood, suspicion attached to Oakley and he fled the State.

The fire occurred at about 2 o'clock in the afternoon, when Mrs. Underwood and her little son were alone in the one-story dwelling, her husband being at church about 200 feet from his house. Before the fire was discovered some one heard a solitary pistol shot. Shortly afterwards the fire alarm spread, but when the people emerged from the church the house was in flames and it was too late to save it. Upon investigation it was discovered that Mrs. Underwood and her child had been cremated. There was evidence, it was thought, of a crushed skull. The body of the child was found behind the spot where the bureau had stood. The lining of a pocket-book was found, but the silver which had been in it was gone, and no molten silver was found. It appeared that three crimes had been committed—robbery, arson and murder.

SHOT TO DEATH IN HIS BED.

Wealthy Farmer of Union County Assassinated by Unknown Parties.

Charlotte, N. C., July 11.—While lying in his bed about 2 o'clock this morning or probably while attempting to rise to investigate the noise made by burglars in his room, John Morris, a well-to-do farmer living just over the county line in Union, was assassinated by unknown men, his own gun being used to compass his death. The shot was fired not two feet from where Morris lay, and his wife, being startled from sleep by the noise, saw two men, one wearing a woman's apparel, vanish through the door, carrying the smoking gun with them. The bed clothing was aflame in a moment and the frightened woman hastened to snatch the bedding from about her dying husband, and to stamp out the flames. Morris died without speaking a word.

INCREASE OF \$12,000,000

In Value of Exports That Were Handled Through Wilmington the Past Year.

Wilmington, N. C., July 11.—For the fiscal year ended July 1st the value of exports handled through the Wilmington custom house show an increase of twelve million dollars; in other words, from \$18,566,468 to \$30,291,681, a very large per cent, which is a source of gratification when the great business depression during a part of the year is considered. The value of imports also shows an increase, while the expense of handling the business through the custom house has been slightly reduced. Collector B. F. Keith, who has just landed a \$500,000 custom house for Wilmington, naturally feels very good over this splendid showing.

Eleven Pounds by Post to Great Britain and Ireland.

Postmaster General Meyer has increased to 11 pounds the limit of parcel post packages to Great Britain and Ireland for the purpose of improving her commercial relations with those lands. The limit hitherto has been 4 pounds and 6 ounces. This makes the twenty-third foreign country with which we have the 11-pound limit.

Hearst Not for Bryan.

New York, July 11.—That W. J. Bryan is not to have the support of William R. Hearst is indicated today by the attitude of Mr. Hearst's two New York newspapers, the American and the Evening Journal. The two papers announce a loss of confidence on their part both in the Democratic party and Mr. Bryan.

First Car of Gold.

The first car load of gold ore ever shipped from Lincoln County left here last Saturday via the Seaboard Air Line for Perth Amboy, N. J., where it will be refined by the American Smelting and Refining Company. This ore comes from the property of Mr. R. D. Smith, four miles southeast of Lincolnton. The mine is on the land formerly known as the Hoke, or Dettler property, and one mile from the S. A. L. Railroad. Mr. E. E. Conner, of Minneapolis, Minn., and others, are working the mine, in co-operation with Mr. Smith. This mine was worked thirty-two years ago, when there were no facilities for treating sulphides as now. The percentage of saving at that time was from 10 to 20 per cent by running the ore through stamps and ore plates. The nearest smelter was at Swansea, Wales. With smelters located in near-by territory and modern methods the saving is now practically 100 per cent at the smelters, with a very reasonable cost for transportation and smelter charges.—Lincolnton News.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that is claimed for it. For Stomach, Liver and Kidney troubles, it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it is the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at all druggists. 50 cents.

Raleigh and Southport Railway—Notice to the Public.

Effective at once, the one-dollar Saturday and Sunday round-trip rates are withdrawn.

Effective Saturday, November 16, and each Saturday thereafter, until further notice, tickets will be sold from all stations to Raleigh and Fayetteville at rate of one fare for round-trip, with minimum rate of 25 cents. Tickets will be on sale for and honored only on the morning trains; and will be good to return only on date of sale. Passengers purchasing tickets on trains when starting from agency stations will be charged ten cents extra. J. A. MILLS, President.

Raleigh, N. C., Nov. 11, 1907.

Notice of Administration.

Having qualified as administrator of Melvin Hall, late of Wake County, the creditors of his estate are notified to present their claims to me or to my attorney on or before the 15th day of March, 1908; otherwise this notice will be pleaded in bar of their recovery. SIDNEY HALL, Administrator of Melvin Hall. J. C. L. HARRIS, Attorney. Raleigh, N. C., March 7, 1908.

We Must Have a Change.

Unless there is a radical change the South will go right along voting for men and for measures that it does not want.—EX.

Democratic Convention Was Not on the Water Wagon.

Somebody said the convention was the cause of everybody being skinned alive in the matter of water rent. That is a mistake. The convention was not on the water wagon.—Charlotte People's Paper.

Rain and Frost Outlook.

Mr. M. N. Hall came to town in the rain yesterday morning to advise the Landmark that the Virgin Mary started on her journey yesterday, 2d, and as the rain was falling it is supposed she took her umbrella and cloak. This means forty days of rain. Mr. Hall further deposes and says he heard the "kittledids" calling on the night of the 30th and this means frost in three months—September 30.—Statesville Landmark.

Prohibition in Maine.

In Maine the Republican party is the prohibition party and the Democratic party is wet. Prohibition has cut down Republican majorities from 48,000 to 8,000. In their convention last week some one wanted to resubmit the question of prohibition to the people, but those who opposed this carried the day. The Democrats will insert in their platform a plank demanding resubmission to the people, and as a result the Maine Republicans have on their hands the hottest fight in years and they may be defeated in the fall elections.—Lexington Dispatch.

Tammany's Outfit at the Democratic National Convention.

Before the convention met at Denver there was talk in some quarters that a prohibition plank might be inserted in the platform, notwithstanding that Bryan was not friendly to the proposed plank. However, the plank was not inserted and Tammany's paraphernalia, as described by the People's Paper, may have thrown a damper on the proposition. The People's Paper says:

"The Tammany gang left New York for Denver in five special cars. The roll call was answered by 600 men. Here is what they thought they might be able to worry along on: Ice, 35 tons; champagne, 4,200 quarts; beer, 30,000 bottles; whiskey, 1,650 quarts, and 175,000 cigars. That was about the best they could do in view of the fact that it would have been a little inconvenient to have taken a still and a brewery along.

"How does this strike you 24-horse power, dyed-in-the-wool, prohibition Democrats and Republicans? Don't it make your mouths water?"

Insane Woman Tries Drowning.

Mrs. Peter Brown, who lives east of Donnah, near Tobaccoville, left home one day last week and, making her way to the bridge across the Yadkin, leaped into the river. A ferryman who was taking a passenger across the stream got a small boat and the two men went after the woman and caught her half a mile down the river. She was floating and still alive, though almost dead. She was put on a train and carried to Tobaccoville, where her husband awaited her. Mrs. Brown is insane. She is forty years old.—Lexington Dispatch.

Begin each day by tarrying before God and letting Him touch you.—Rev. A. Murray.

THE NORTH CAROLINA

STATE NORMAL AND INDUSTRIAL COLLEGE

Maintained by the State for the Education of the Women of North Carolina.

Four regular Courses leading to Degrees. Special Courses offered in Teacher Training, Music, Manual Arts and Domestic Science and in the Commercial Department. His Troubles Multiply.

An editor of a Western exchange recently began worrying how he would get his shirt on over his wings after reaching paradise. An envious contemporary sarcastically observed that his difficulty would likely be in finding how he could get his hat on over his horns.

Remember The Caucasian is only 25 cents for each subscription from now until November 15th, when sent in clubs of four or more. Ask your neighbors to subscribe.

Best the World Affords.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, N. C.: "I am convinced it's the best salve the world affords. It cured a felon on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. 25c. at all druggists."
