DEMOCRATS GETTING DISGUSTED

The position of Mr. Bryan and the Democratic party in this campaign is so inconsistent, and so unkindly or contemptuous of the interests and feeling of the South, that there is much dissatisfaction in the ranks of the party. One can not ride on a train or stop at a hotel without having expressions of such dissatisfaction.

The Richmond News-Leader, a leading Democratic paper, in a recent editorial, commenting upon this situation and the action of some of the party leaders in some sections of the country in making appeals for votes, says that it is distressing to note:

That "some of these are trying to appeal to the negro vote at the north, urging that the negroes should vote for Bryan to rebuke Mr. Roosevelt and Mr. Taft for their course in the Brownsville matter. That is a nice proposition to put before the loyal and faithful South. Members of a battalion of negro troops, because they were denied social equality in saloons and one of them was knocked in the head for crowding a white woman off the sidewalk, raided a town full of white people at midnight committed murder and tried to butcher white women and children. The offenders being protected by the sullen refusal of their comrades to give them up to justice, the President inflicted punishment in the one possible way by discharging the entire battalion. Now Southern white people are asked to sanction and connive at a proposition to punish the President for standing as the friend and protector of the women and children and law of a Southern white community against negro murderers. This is trying our patience a little too far."

"Then, again, an attempt is being made to steal \$136 worth of clothing Taft because of his religious belief. Yet the Democratic party is supposed to worship and follow Mr. Jefferson who, if he was not actually an infidel and an unbeliever in everything, was so close to it that it is hard to draw the line. Men who in one breath proclaim themselves Jeffersonian Democrats and their belief that Mr. Jefferson was the greatest thinker and leader of all ages, in the next breath urge as an objection to Mr. Taft that he is a Unitarian."

"Why can't we make this fight on fair and open lines and with some sense and discretion? Why should we go on with the same astute blunders that have marked our methods the last three campaigns? Why can we not content ourselves by appealing to the common sense of the American people and by holding close to sound and approved principles?"

This is very interesting reading, but it is simply a reflection of what nearly every thoughtful man in the South is thinking and saying.

The News-Leader will no doubt be surprised to learn that Governor Glenn, of North Carolina, has placed himself in that class of Mr. Bryan's fool friends who have been attacking Judge Taft on account of his religion and that paper will probably also remember that Mr. Daniels, the Democratic National Committeeman, of North Carolina, was present at Fairview when a delegation of negroes were received and entertained there.

The News-Leader might have also added the appeal which Mr. Bryan's western friends are making to the farmers in the prairie States to vote for him because he is in favor of giving them free lumber. If the western prairie States should vote for Bryan for that reason, why should not the Southern States all vote against him for the same reason?

A Raleigh dispatch of recent date to the New York Sun, says:

"Governor Glenn with outstretched arms, in a speech at Raleigh tonight attacked the religious denunciation of the Republican candidate for President, the first time it has been done by a public speaker in North Carolina. Governor Glenn was recently ordained an elder in the Presbyterian church in this city."

It occurs to us that the Governor has not been out of the "woods" long enough to attack other people's religion.

The News and Observer says that the West is aflame for Bryan.

Wonder if that is the cause of the recent forest fires in the West? Democracy usually carries destruction in its wake.

The Democrats of Wake show very plainly that they are uneasy this fall by the fact that they are having their "big guns" speak at every cross roads in the county.

The voters prefer Republican prosperity to Democratic promises.

AN INVESTIGATION NEEDED.

The Sampson Democrat, which is always wanting Republican management of affairs investigated, says it does not advocate an investigation into the conduct of the Board of Education of Sampson County. And why? Is it because the board of education is composed of Democrats? If they have conducted the affairs properly they should not object to an investigation and if they have not properly discharged their duties then the taxpayers should know it. Grave charges have been made against the board and yet the Sampson Democrat says:

"We do not advocate an investigation into the conduct of the Board of Education, we do not advocate such a thing being done, simply because we see no reason in it."

We understand that the board has not denied the charges and yet their organ in that county does not want an investigation. It has been charged that the bondsmen of the absconding sheriff lost about \$16,000 by the negligence of the Democratic Board of Education in that County.

It is charged that they did not have a settlement with the sheriff during his entire term of office.

If this is true then the innocent bondsmen had to pay \$16,000 for the gross negligence of the Democratic Board of Education of Sampson County. And yet the Sampson Democrat doesn't want their record investigated.

P. S.—News and Observer will please copy.

THE COTTON CROP.

Some papers and some individuals are of the opinion that the farmers will not get a fair price for their cotton this year, but we do not share that opinion. The crop has been cut short in the Carolinas and Georgia by the recent heavy rains, and the reports from Texas, the greatest cotton State in the Union, are that the crop in that State will be considerably below the average. The following from the Charlotte Peoples Paper, tells something of the conditions in Texas:

"Mr. J. D. Bundy, once a well-known cotton buyer in this city, now a cotton planter at DeKalb, Texas, says in a letter to a friend that where a few weeks ago he expected to get a bale and a half of cotton from an acre that the boll weevil has cut the crop down to a bale from four acres, and in some places to a bale from 20 acres."

We would not advise the farmers to hold their cotton, yet we believe it will bring a good price if they do hold it.

We are publishing on the front page of the paper this week the letter of Hon. J. Elwood Cox to the people of North Carolina. Mr. Cox makes plain his views on all public questions. He says he has no axe to grind and no political debts to pay. Can Mr. Kitchin say as much?

Mr. Cox advocates some needed reforms in this State, and if elected, promises a business administration. His letter is an interesting document and should be read by every voter in the State.

Many of the Democratic papers in this State have been pointing with pride to their majority in the Arkansas election a few days ago. The following from the Durham Herald, Democrat, explains how they managed to carry the State:

"A combination of anti-prohibitionists, negroes and Democrats won out in Arkansas, and this is another bitter pill for Southern Democrats to swallow."

Mr. J. W. Bailey says that the race question will be the downfall of the Republican party. The Democrats are making an awful hard play for the negro vote by promising him office, fried chicken, barbecues, and everything else in sight and out of sight. But with all that they will not beat the Republicans this year. The truth is mighty, and will prevail.

CONVENTION IN SECOND DISTRICT.

Mack M. Ferguson Nominated for Congress—Col. C. S. Wooten and Maj. Frank Brown Nominated for the Senate.

Kinston, N. C., Sept. 19.—The Le-noir County Republican convention met in the court-house this morning at 10 o'clock and a full county ticket was nominated as follows: For the House, T. B. Brown; for sheriff, H. I. Sutton; for register of deeds, John P. Walters; for treasurer, B. F. Daugherty; for surveyor, William Arthur; for county commissioner, L. P. Tyndall; J. W. Sutton, John A. Tildman, John F. Harper, B. F. Shields.

This afternoon at two o'clock, the Republicans held their Senatorial convention for the Eighth Senatorial District, nominating C. S. Wooten, of LaGrange, and Maj. H. Frank Brown, of Kinston.

The Republican Congressional executive committee of the Second District met in Kinston this afternoon and named Mack M. Ferguson, of Halifax county, as the nominee against Hon. Claud Kitchin, Mr. J. Frank Lyles, of Edgecombe, was named as the presidential elector from the Second District.

REPUBLICAN STATE PLATFORM.

Adopted at State Convention at Charlotte August 27.

The following is a copy of the Republican platform adopted at the State Convention at Charlotte August 27th.

"We, Republicans of North Carolina, in convention assembled, commend the wisdom of the National Republican Convention, and congratulate the people of the United States on the nomination of William H. Taft for the Presidency of this great Republic, and we endorse the principles and policies of the Republican party as enunciated in its platform at Chicago, June 16, 1908, and we endorse the administration of Theodore Roosevelt.

"We appeal to the people of North Carolina to set the welfare of our State above party and above prejudice; to exercise their freedom to vote according to the dictates of conscience, and to choose those men for public office whom they deem best fitted to serve the public interest. We ask the people to consider whether they will best promote the welfare of the State by committing its affairs to the radical faction now in control of the Democratic party or by voting for the candidates and policies we offer.

We ask all thoughtful North Carolinians to consider particularly whether the present Democratic Governor and Legislature have dealt wisely or justly with all classes of our citizens in the laws they have recently passed concerning railroads and the violent measures they have recently passed concerning railroads and the violent measures they have taken to give these laws effect. We believe in regulating railroads and other public carriers strictly and carefully and in compelling all corporations to obey the law as faithfully as the humblest private citizen. But we do not believe that Legislatures are competent to fix absolutely the precise rates at which passengers and freight shall be carried. We are sure that the Legislature of this State, which attempted to fix passenger rates absolutely and neglected freight rates—much the more substantial grievance of our people—had neither the right spirit for such an undertaking.

"They disregarded the Constitution of the United States, and they threw thousands of North Carolinians out of employment.

"We denounce in unmeasured terms the unwarranted and uncalled for attack of the Democrats on capital, culminating in the fight on our railroads involving the State as it did in costly litigation; paralyzed business, threw thousands of laborers out of employment, drove millions of capital from the State, and sent railroad securities down to less than half their value.

"We pledge ourselves, if the people entrust us with power, to set ourselves against two kinds of injustice: The injustice which permits wealthy corporations and individuals to prey upon the poor, and the injustice which sacrifices property and deranges business in order that cheap demagogues may get to keep office.

"We favor the policy of the State furnishing free of charge and under proper regulations to every child in the public schools all necessary textbooks; the further improvement and extension, at whatever cost, of the public school system, embodied in the Constitution of North Carolina by the Republican party. We favor the education of all our children up to the very limit of our available means.

"We also favor a liberal policy with our higher institutions of learning. The South needs highly trained men, and we would have the necessary training provided here, so far as we have the means, and put within the reach of our young men of talent and industry, to the end that Southerners may guide our people in the development of our resources in government, in business, in the beautifying of our towns, our cities and our homes and in the elevation of our daily life.

"This is also true of our institutions of charity, particularly the provision made for the blind, the deaf and the insane, for the efficiency with which any community ministers to such unfortunate beings is a measure of its civilization. It is equally true of our Confederate veterans who have not the means of self-support; the State loves and honors them, and they must not be permitted to suffer want. We denounce the Democratic party for not keeping its repeated pledges to provide our Confederate soldiers and their widows with suitable pensions commensurate with their services to the State, and we believe that whenever practicable they should be given the preference in matters of employment and all things being equal, they should be honored with the emoluments of office.

"We demand a fair election law, which will permit an elector to cast a ballot privately, without interference or dictation.

"We favor, as we have ever favored, local self-government; and demand the right to elect by the people all members of the County Board of Education, County Superintendent of Public Instruction, County Commissioners, Tax Collectors, and Justices of the Peace.

"We favor an extension and improvement of the public roads of the State and believe that the employment of the State's convicts on such work is the best use that can be made of criminals convicted of crimes; we further favor a law prohibiting the use of striped uniforms upon all persons convicted of misdemeanors in the courts of North Carolina.

"We favor the establishment of one or two reformatories for the correction of youthful criminals convicted of minor offenses, and we favor a separate reformatory for females, who so kindly contributed to the beauty of the Hall, must always have the deep appreciation of a large audience, composed of ladies and gentlemen, who, for two and one-half hours listened to the sound, truthful, Republican doctrine as it fell from the eloquent lips of Hill E. King and Thos. H. Franks, candidate for Register of Deeds.

Caraleigh turned out in full; the Hall was overflowing and the immense audience was not slow to appreciate, as was evidenced by the frequent applause the speakers received. And I must add that the genial, smiling, happy, Jim Harris, the next Constable of Raleigh township, was present and responded to the hearty calls from the audience. The speaking was great, the audience was great and the audience did seem to rally as never before for a complete and grand victory on the 3rd of November for the Republican party in Wake County, and the State of North Carolina. This old Union of ours will be well taken care of by that able, conservative and brilliant statesman, William Howard Taft, the next President of the United States. REPUBLICAN.

WHY KITCHIN SHOULD NOT BE ELECTED.

"With Him it is Rule or Ruin. If He Rules, He Will Ruin." (Editorial in Lexington Dispatch (Democratic) June 10, 1908.)

"The Dispatch has opposed Mr. Kitchin, believing, and still believing, that his nomination means disruption in the Democratic party and injury to the Commonwealth. In the midst of a campaign reeking with slander, falsehood, hypocrisy and blood-curdling charges that great monsters are about to eat him alive, with a dozen years of absolute emptiness behind him in Congress, this rip-roaring demagogue turns upon a newspaper that punctured his gas bag with facts, and like the ASS HE IS, brays: 'You are a liar!'

In the absence of other counter-arguments, he will appeal to the prejudices, to the passions, to Prohibitionist and to the anti-Prohibitionist with equal ease; will array class against class, labor against capital, man against man, Democrat against Democrat, until North Carolina will sink in the esteem of other States to a level she has never sounded before under Democratic rule. With him it is rule or ruin. If he rules, he will ruin."

CHOLERA EPIDEMIC IN RUSSIA.

The Disease is Ravaging St. Petersburg—Streets Congested With Convalescents of the Dead—The Scene Presented is Appalling.

St. Petersburg, Sept. 19.—The cholera epidemic, as deadly as warfare, is ravaging the capital of Russia and conditions reached their climax with crowded hospitals, an additional number of new cases and threatened panic. Ravaged with disease, on the verge of rioting and with numbers of the streets congested with conveyances of the dead, the scene presented today was appalling in its aspects.

The cases developed in the past twenty-four hours were as many as the whole previous total. At midnight there were more than 480 cases in the hospitals and it was feared that this number would go beyond 500 before noon today.

Since the outbreak of the epidemic there have been 484 deaths and a total of 1,677 cases.

The military hospital is being utilized for the care of the patients but all available room was occupied this morning and military authorities gave out the information that other arrangements would have to be made.

St. Petersburg was wholly unprepared for the scourge which surged over the city, leaving death and gloom and despair in its wake.

The sanitary conditions were utterly unfit, making it impossible for the authorities to cope with the situation.

While the cholera is not a stranger in Russia, the outbreak in the city is the worst in years. Hundreds of new inspectors have been sworn in and many workmen are engaged in cleaning the streets and alleys, especially in the poorer sections of the city.

Pitt County Farmer Knocked from His Buggy and Robbed.

Wilson, N. C., Sept. 19.—News reaches this city that while returning from Greenville to his home in Chidlow township in Pitt County last Thursday, Mr. Gus Mills was waylaid, knocked from his buggy and relieved of his wallet containing two hundred and ten dollars in money. He was left by the robber unconscious in the road.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at all Druggists. 50c. and \$1.00. Trial bottle free.

Another Sampson Democrat Joins the Republican Ranks.

Ingold, N. C., Sept. 1908.

"Mr. Editor:—I desire to announce through the public columns of your paper that I am no longer a Democrat, who robs the public of their rights and privileges. I favor local self-government which the old corrupt party has wandered from. I favor the party who gives us local self-government and special privileges to none. I want us next November to elect a set of men who will give us good sound government that will protect us in disposing of our produce, ourselves to the best advantage for our families, and to have the backbone about them to shut the doors of our legislative halls in the faces of all enemies of local self-government. I stand for the rights of the masses against the classes.

"JOHN A. CARTER."

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisonous blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and aching pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
