who pretends to be a Democrat" to for levying a 2 per cent tax upon the vote against putting them on the net incomes of corporations. At first, the proposition met with some favor.

No. 23

Senator Simmons, referring to the but day after day objection after obsame publication, said he wanted to jection has arisen of more or less sedeal fairly with all sections of the rious nature to this new and untried country and to "so reduce duties as scheme of taxation. It is being crit-Burrows, Penrose, Hale, Cullom, to gradually get back to the revenue icised by the press of the country and has met with much less favor among

Previous to this discussion a vote Congressmen than was anticipated. had been taken on Senator Brown's Some of the leading objections, amendment providing for the free briefly stated, are as follows: importation of print paper, and it

(1) That this tax on over a million corporations would bear very unequally upon them.

(2) That the amount of bonds issued by every corporation varied differently in relation to the amount of its stock, and that under this tax every stockholder would be taxed while every bond-holder would get

mystery that we had been trying to solve. The facts, as we received them are that Josephus Daniels, and one Boby Glenn, has formed a combination and are rapidly at work building up a machine to denounce Senators Simmons and Overman. The News and Observer is to be the great propelling power or engine which will drive the machine. The report says that Josephus is to succeed Simmons, and Glenn is to others out of the party as they seem succeed Overman, and as Simmons terms expires first, Simmons is to be the target at which the combination will first shoot. The charges preferred against the two Senators and six Represenlooks as though he may retire to tatives are their votes for a tariff on lumber which the new Senatorial combine thinks is treason, and that they will hold up these eight gen-
