## REPUBLICAN RULE VS. DEMOCRATIC.

From Union Republican: "Since 1857 the Republican administration of Pennsylvania has wiped out debts incurred for improvements, etc., through the medium of a sinking fund alone to the amount of \$33,800,000. Republican policy like this for North Carolina sounds inviting, to get rid of the bonds and debt accumulated during the past quarter of a century by a Democratic administration."

Pennsylvania has no direct State tax. The expense of the State are paid by a tax on corporations, who are able to pay it. That is Republican rule.

Contrast it with the situation in North Carolina, where a bond issue of a half a million dollars was forced last year for alleged "needed improvements" on our State institutions.

## HOW STANDS THE CASE TO-DAY?

Our news columns this week carry accounts of eleven murders that have been reported in this State during the past week. The loss of human life in this State is appalling. The worst feature is that crimes are on the increase instead of on the decrease.

What is the cause and what is the remedy? For the benefit of our many new subscribers, who have probably never read it before, we give below a quotation from Governor Aycock's inaugural address delivered in Raleigh in January, 1901. The quotation is as follows:

"Under Fusion rule lawlessness walked the State like a pestilence, crime stalked abroad at noonday, sleep lay down with alarm, and the sound of the pistol was more frequent than the song of the mocking-bird."

By implication he charged up all the crimes that occurred during the Fusion administration to Fusion rule.

Since that time, and under Democratic good government, if you please, crimes of every nature have continued to increase in this State. If the Fusionist were responsible for the comparatively small number of crimes committed during their administration, doesn't it naturally hold that Democratic good government, and the means they employed to get back in power, are responsible for the great increase in crime in this State?

If not, it is up to the Democratic politicians to make some explanations.

## THE "NIGHT RIDERS."

Lawlessness in this State is sad. But you can't expect any better. The leaders—political leaders especially—down east—have heretofore encouraged lawlessness. Did it in the organization of the Red-Shirts. Night-riders are no worse than red-shirts. Both are a disgrace to a civilized country. Partisan politics are at the bottom of both; and in the judgment, some amen-corner political hypocrites will have to answer for it.—Lincolnton Times.

The seed of Democratic newspaper misrepresentation have more than once raised a crop of lawlessness and bloodshed and may again, unless the credulity of the people has been too long imposed upon.

## "IN THE HANDS OF THE MACHINE."

Speaking of the next Democratic State Convention, the Raleigh State Democrat says:

"The next Democratic State Convention will be held in Charlotte. It will meet on Wednesday, July 6th. The committee also made some changes in the plan of the Democratic organization, but the party is still left in the hands of the machine politicians, and there is no hope of the electors from State getting the direct primary as an enlightened democracy ought to have."

With two factions of the Democratic party at dagger's point over the judgeship fight and the several other factions split up over liquor and other questions, the Democrats will not have much time to run Republican politics this year.

So ex-Governor Glenn is expecting to defeat Senator Overman in his next race for the Senate. We trust his successor will be a Republican, but we hope, at least, that the State will be delivered from the ex-Governor.—Shelby Aurora.

For the information of the public, it may be recalled that the Glenn referred to was for four years Governor of North Carolina, and visited Raleigh occasionally during that time.

## "BY THEIR FRUITS, YE SHALL KNOW THEM."

We can only judge a tree by the fruit it bears, the same rule will apply to political parties, so if the people of Greene County wants to keep on voting for a party that keeps running the county further and further in debt every year, then vote the Democratic ticket. If they want to put their county affairs in the hands of a party that can and will run the offices on an economical basis, then vote the Republican ticket. Voter, which do you prefer?—Eastern Recorder.

The above will apply to other counties in North Carolina besides Greene.

The very quintessence of bad taste and lack of common decency was exhibited by those Virginia Democrats who, while Senator Daniel lay wrestling with death, began a canvass for his seat.

And this from a party who professes to deplore "pie-bunting" in the Republican party. Shame on them.

The Clinton News-Dispatch devotes a column answer to its own question: "What is the cause of so much murder and attempted murder?" It succinctly answers in seven words: "It is the fruits of bad legislation."

And this, too, in North Carolina, where, after years of Democratic rule, "the sound of the pistol is more frequent than the song of the mocking-bird."

Every boy who desires to learn more about intensive farming should get into the Corn Contest and get the help and information that will be furnished every contestant by the Commissioner of Agriculture. Try just one acre of land this year and see just how much more corn can be made by cultivating it under the directions of the department. Remember, too, that the successful contestant will receive a free trip to Washington in order that he may receive his diploma in person.

We hope that every reader of The Caucasian who is interested in party success will assist us in securing new subscribers from now on during the campaign. If you haven't time to see your neighbors in person and ask them to subscribe, then please, send us a list of their names and we will take pleasure in mailing them sample copies of the paper from our office. The Caucasian will be unusually interesting from now until the campaign is over, and every Republican and independent voter should be a reader of the paper.

## WILL SAIL JUNE 10.

Colonel Roosevelt Will Visit Several Points in Europe Before Sailing for Home—Will be Tendered a Grand Reception.

Shellal, Egypt, March 20.—Theodore Roosevelt will sail for New York on the steamer Kaiserin Augusta Victoria on June 10th. This is according to his latest plan and it will bring him into that port on Friday, June 17th.

Every mile that brings Colonel Roosevelt nearer home seems to make him more anxious to reach there. To-day he made the following brief statement: "Naturally I am deeply touched and pleased to learn that my fellow-countrymen feel they would like to receive me on my return to New York. I shall be more than glad to see them, but my reception must be non-partisan. It must be participated in by Republicans, Democrats, Populists, and men of other, or no political faith alike—in short, by all who care to take part in such a reception, whatever their politics may be, or whether they be, Easterner, Westerner, Northerner, or Southerner."

Colonel Roosevelt's European itinerary has been definitely determined upon. He will arrive in Rome on April 3rd, Paris April 21st, Berlin May 8th, and in London on the following 15th or 17th. He will spend a week in Paris, a week in Berlin, four days in Rome, three days each at Genoa, Vienna, and Buda Pest, two days at Bussels, the Hague, Christiania and a day at Rotterdam, Hamburg, Copenhagen, and Stockholm.

## SOLD MATERIAL TO CITY.

New Bern Mayor and Five Aldermen to Appear in Court This Week on Charges Similar to Those Preferred Against Greensboro Official.

New Bern, N. C., March 19.—The one-week special term of the Craven County Superior Court opens Monday, March 21st. Judge Garland S. Ferguson, of Waynesville, has been appointed by Governor Kitchin to hold the term which is for the trial of criminal cases only. The main cases to be tried are those against the mayor of the city and five of the city aldermen for selling to the city.

The situation here is similar to that which exists in Greensboro. The cases will most likely attract much attention and the best legal talent in the city will fight them out.

## Mr. Bryan Indignant.

Mr. Bryan became furious at a San Antonio reported for asking if he would accept a fourth nomination. Mr. Bryan was justly indignant. The first question should be to the Democracy, asking that party if it will accept a fourth nomination. Manifestly, Mr. Bryan cannot accept until it is offered.—Houston Post.

## LETTERS FROM THE PEOPLE.

Mr. Meads Says The Caucasian is Pointing Out the Correct Course to be Pursued by all Republicans Who Wish to See the Party Grow.

Editor The Caucasian:—Enclosed find one dollar with which give me credit on my subscription to your paper. I think The Caucasian is as good, if not some better, than any paper of its size in the State, and is pointing out the correct course to be pursued by all Republicans who wish the old party to grow and prosper; and all those who do not see it as you do, must have some kind of a mote in their eyes, or an eye single to their own individual and selfish interest. There are many who, if the party leaders were quit and honest in their hearts and work, could be easily induced to quit the old Democratic party which has fooled them so often by nice promises during election times, just to get their votes, and then falsified nearly every promise made to the people. Take, for instance, the postal savings bank bill which has been claimed by them to be a desirable law for the good of the poor people who wish to save a few dollars for hard times against the uncertainty of the present banking system which has robbed so many of them of their little deposits put in said banks. They all, except one, voted squarely against that bill. To hear a Democratic politician talk about election time, one who was not thoroughly acquainted with, and up to their tricks, would naturally think he was the man to vote for; that he advocated the poor man's interests, and promised, with an uplifted arm and a tightly clenched fist, that unless heaven and earth passed away he would stand by and stick to what he was preaching if only the dear down-trodden, tariff-robed people would elect him. The people have been listening to such for a long time, believing the most they said was true; but now their eyes have come open and they, after a long forbearance with these politicians, have found out they did not practice what they preached; that they were only after their votes to get the offices, and did not care a d—m for the people—the common people; that most of their legislation was in the interest of the rich and, therefore, detrimental to the poor classes of the State.

Local self-government is another instance I sight you to. How they have howled, and how they even do howl now in some places about being in favor of the people ruling the State, and yet, watch them how they vote on bills in the Legislature and are opposed to any county in the good old Free State of North Carolina electing its magistrates and some other of its officers by the people, unless it happens to be a safe Democratic county. The people after awhile, having been jolted and gored so hard and often by our Democratic friends, and seeing that Republican principles as advocated by the Republican party in the State is far better than those advocated by the Democratic, and that the Homestead law and most all other laws that protects the poor man from being thrown out of house and home, was made by the Republican party; and, also, seeing that the Democratic party is opposed to these laws, and making efforts to wipe them off the statute books of the State and to disfranchise so many white people in so many ways, they have concluded to vote the Republican ticket.

## THOS. MEADS.

Weeksville, N. C., March 19, 1910.

## Letter From Warren County.

Mr. Editor:—I am away down here among these red, rocky hills of Warren County a-wiggling behind the plow-handles. Just begun to break up a ten-acre field with the stubbornest mule a fellow ever associated with; and between the sweat of the brow and these insects stinging me about in spots, I feel like hunting for another job where there is bigger pay in and less work to do. In fact, there are many hardships a poverty-stricken farmer has to endure, so I am going to quit complaining and work with renewed energy for even the biggest crop in the neighborhood. In the meantime, just keep on sending me the old Caucasian. I love to read it better than any other newspaper; and those "Bilkin Letters" can't be beat this side of the pearly gates of eternity.

Now I will close, as I haven't got the spare time for a longer letter.

## FIRE AT SHELBY.

Excellent Work by Fire Department Prevented Greater Loss—Caused by Overturned Lamp.

Shelby, N. C., March 20.—Fire which originated in the office of Dr. I. A. Woods, a dentist, in the Shelby National Bank building, threatened an entire business block here to-night. But for the hard work of the fire department the loss would have been much more severe.

As it is, the damage is estimated at \$10,000, most of the loss being due to water.

The fire was confined to the second floor by excellent work on the part of the fire department. Those who suffered a loss by water are the Shelby National Bank, Evans McBrayer, a clothing merchant, Farmers Hardware Company, Eskridge Millinery & Jewelry Company, and Pendleton and Magness Music House.

The fire is supposed to have been caused by an overturned lamp. The fire was discovered at 11:45, and was out at 1 o'clock.

## Prominent Republicans Confer at Charlotte.

The Charlotte Observer states that the Republican Executive Committee meeting Wednesday afternoon was for the purpose, according to the official call, of discussing ways and means of perfecting the district organization. The local leaders are

hopeful of electing a Congressman in this district.

The conference was attended by Congressman Morehead, Hon. Thos. Settle, and others.

The Observer further states: "This Charlotte meeting and address will open the fall campaign in the State. That it will be replete with utterances of distinctly suggestive nature goes without saying. It is believed that the administration will outline something of its North Carolina and therefore its Southern policy at his meeting."

## THE SIXTH DISTRICT.

McKinnon, of Maxton, Welcomes Return of Day When "Office Seeks the Man."

Washington, D. C., March 19.—A. J. McKinnon, a well-known business man of Maxton, N. C., was here to-day and when asked if he would be a candidate for Congress against Representative Godwin, he said: "I will not make an active campaign for the nomination, but would welcome the return of the day when the office seeks the man."

"The people of the district will know by the convention who they want to represent them, and if I'm the fortunate one, I will make a vigorous fight for the election and serve them to the best of my ability here."

## TERRIBLE RAILROAD WRECK.

There Were More Than Two-Score Killed—Freight Wreck Cause of Accident.

Marshalltown, Iowa, March 21.—More than two-score persons were killed and almost as many more were injured to-day in the wrecking at Green Mountain of two Rock Island trains running over the Chicago Great Western tracks from Marshalltown to Waterloo. Several of the injured may die. Practically all of the dead and injured were from Iowa and North and South Dakota.

Several of the dead are so horribly mangled that identification may be impossible.

A little freight wreck on the Rock Island last night at Shellsburg was the indirect cause of the Green Mountain disaster. The Rock Island line was blocked and it became necessary to detour over the Great Western tracks. Two trains sent from Cedar Rapids to Marshalltown were coupled together and the two locomotives placed in front of them. Both locomotives were running backwards.

## Peary Snubbed in Atlanta.

New York, March 17.—Commander Robert E. Peary has cut short his lecture tour in the South. The refusal of Governor Brown of Georgia to introduce him to an Atlanta audience last night, his reference to the Commander in an interview as the "frakir" and the small crowd that attended the lecture, brought forth announcement from the Civic Forum in New York to-night, under whose auspices Peary is lecturing, that his plans have been changed.

## Alleged Night Riders Indicted.

Hopkinsville, Ky., March 21.—Indictments were returned by the Christian County grand jury to-day against Dr. David A. Ames, Guy Dunning, J. M. Malone, Milton Nichols, John Robinson, and Irvin Glass, charging them with being members of the "night-riders" band that raided Hopkinsville December 6, 1907. Property to the value of \$150,000 was destroyed in the raid. Several defenders of the town were shot and others whipped.

## PACKERS AGAIN INDICTED.

Chicago, March 21.—Eight weeks after it had begun its investigation for alleged violations of the Sherman law, a Federal grand jury to-day returned indictments against the National Packing Company and ten subsidiary concerns.

## Two Negroes Lynched.

Marion, Ark., March 18.—Bob Austin and Charles Richardson, negroes, were lynched early to-day in the court-house square by a mob of 300 men. The victims were charged with aiding and abetting a jail delivery here Monday night. At 3 o'clock this morning a mob quietly formed and marched to the jail. The negroes were secured and hanged to a tree in front of the court-house.
