DEMOCRATS WILL NOT WIN.

Voters Do Not Want Four More Years of Hard Times—A Chance for Republican Success in This State.

Editor The Caucasian:—Enclosed find \$2.00 which you will please place to my credit on your most valuable paper.

Now, Mr. Editor, we want to have a few words to say if you have no objection.

We were talking with an old-line Democrat the other day who said that he was looking for four more years of hard times. He seems to think that the Democrats were going to win this fall and that meant four more years of hard times; but we do not think so, for we have enough confidence in the people to believe that they will not vote again for another Democratic administration which would mean farm produce below zero.

Mr. Editor, we believe that with Mr. Settle for Governor, Mr. Morehead for State Chairman and ex-Senator Butler for National Committeeman that the Republican party has a fair chance to win North Carolina this fall.

We notice that the News and Observer said that Mr. Roosevelt had joined Annanias' band, which would mean that he had joined the Democratic party, but everybody knows that Mr. Roosevelt is not a Democrat. We want to say that we believe that 85 per cent of Wayne County is for the present State organization, and while we are for Roosevelt, we are for an unstructured delegation.

The Burden of Democratic High Taxes.

Editor The Caucasian:—This has been a strong Democratic precinct for ages, but I never have seen it in such condition you hear them complaining constantly about the burden of high taxes and they seem to be looking for a place of refuge. One staunch Democrat came out openly this week and declared himself a staunch Republican and says he is going to work faithfully for its cause. So we are gaining already, and I believe solid Pender is broken, as I never saw the people so eager to hear the truth, and we need some strong men to arouse the people in the east to the sense of duty for which is to their best interest; and if you could see the truth of the men in power in this township and county—the poor man is burdened and the men of wealth go unhurt as to the increase of valuation of property. We have one man in the township that owns three thousand acres of land, and upon examination I find that his land is valued at 75 cents per acre on the tax books, and I understand he has been offered one hundred thousand dollars for his timber and the poor are taxed at the rate of 10 to 15 dollars per acre valuation on lands adjoining him. Now these are facts, not hot-air. This is just one of many of the statements of facts all over the precinct.

When I see the people surrendering character and forfeiting their manhood, their rights and liberty to surrender to such a party or put such unjust men in office, I feel like that we are badly in need of a reform school or the Australian ballot at the polls so that a man could not be allowed to be driven by the partisan bosses to cast his rights and his liberty for something he does not want. It is sad to see what some men will do if given the power. Moses led the children of Israel out of the wilderness, and if he could come back in North Carolina he might get some more honors out of the good Democratic administration. The field is all ripe unto harvest; the people never before seemed so anxious for the truth; we need more Butlers. I read our Chairman's speech on the situation of our cause in North Carolina and it was sure convincing argument, and am sure he is the right man in the right place.

Respectfully,
CHAS. LARKINS.

Must Rid the Party of Its Encumbrance, Then it Will Grow.

The Caucasian:—I see a great deal said in your paper about Mr. Morehead, our present State Chairman, and Mr. Duncan, our present National Committeeman. Now, I have this much to say: I was a delegate in our last State Convention that nominated and elected John M. Morehead for Chairman of the Republican party of North Carolina; in that Convention the Republicans of North Carolina were aroused and were determined that the people should rule in Republican principles and politics in this State. It was there the house-cleaning began.

The Republican house in the State seems to be divided. "United we stand, divided we fall." Now, the way to be united for a rule of the people is this: Let the Republican party of North Carolina clear itself

of every element that antagonize the re-organizing of the party in the State. To do this we will have to remove from position every man that holds a position against the rule of the people—if this takes Mr. Duncan and all of his allies. The party can never grow with this element of division in it. I am in a position to know what I am talking about. During the last campaign I canvassed my county in the interest of the Republican party. We nominated a whole ticket and a competent. I had the best talent of the Democratic party in the county to combat with. Marion Butler was the target, and they did shoot at him, and where did they get their ammunition? They got it from the Greensboro Daily News. An extract from the News denounced Mr. Butler in unbecoming terms. This was printed in a Democratic handbook, taken from Mr. Duncan's paper and placed in the hands of the Democratic machine to defeat the reformation of the Republican party in North Carolina and keep it under the old referee or machine system.

Now, do you think it would be well to retain any man in any position that has acted in such a way as this? I say, no; remove every man that opposes the re-organizing of the party and then we will have success and the party will grow; and unless this is done, we will have the same old turmoil of Republican abuse for Democratic ammunition. The first thing we must do is this: Retain the Hon. John M. Morehead as State Chairman so he can complete the work he has begun, and that will help put the Republican party in power in North Carolina. Next thing to do is to nominate the Hon. Thomas Settle for Governor of North Carolina, and that will make the party grow. The next thing to do is to make the Hon. Marion Butler our National Committeeman and then we will have a team that will pull together. But if we should have one balkeer as was the case with Mr. Duncan, then the wagon will remain stuck in the political mud.

I am sixty years old and have never seen anything do very much encumbered and the party will grow.

Letter From Halifax County.

Mr. Editor:—I heartily indorse every word that Mr. Pate, of Wayne County, says in a communication to your paper about nominating Hon. Marion Butler for Vice-President. I am also in favor of Hon. John M. Morehead for Governor. Give us this ticket and North Carolina will go Republican this year. I am glad that the State Convention will be held in your city so our eastern people can attend.

MUST ORGANIZE AND WORK.

With Morehead, Settle and Butler at the Helm, Mr. Stanland Feels That the Party Can Win.

Dear Editor The Caucasian:—Please allow me space for just a few words in your valuable paper.

First I will say, give us Thomas Settle, a man whom the people dearly love and one whom the people can

depend upon to canvass the State with Locke Craig; a man whom there is no doubt in my mind of polling a good majority.

Second, give us John Motley Morehead as State Chairman another term. The man who just suits the place and is so well equipped for that place; the man whom the people has learned that they can depend upon; the man that gives the majority perfect satisfaction.

Third, give us the Hon. Marion Butler as National Committeeman; the old hero whom we all have learned to depend upon; the man whom all the Democrats fight so hard, and that is the great reason we know so good the kind of stuff he is made of. We know they never harpoon minnows, it is always whales, and we know with three such men as those in the lead, and just a little more energy and zeal on the part of every good earnest Republican in the State and some good watching as well as praying an some good organizing, it will be nothing but success in the end.

With best wishes to The Caucasian and its many readers, and hoping we may smash the public school fraud in the State, I am,
Truly yours,
JOSEPH B. STANLAND.

More Democratic Extravagance and Incompetency.

Burlington State Dispatch.]

The Board of County Commissioners met in adjourned session Monday, March 11, and borrowed \$15,000 to take care of some outstanding notes now due and to meet the necessary expenses of the county. We wonder if the county is not collecting enough to meet its necessary expenses. We are surprised that our so-called good government, Democratic government, if you please, should necessitate the borrowing of money to meet the current expense of the county. We wonder where the money goes?

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in his way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
