The spinning of silk was first done by a Chinese woman. Lace making on pillows was the invention of Barbara Uttman in Germany, three hundred years ago, at a time when the country was on the verge of financial ruin. The art spread with great rapidity, and so much TERMS-One Dollar and Ffty Cents in advance money was brought into the country by this means that the trouble was aver ed. It is still a source of much wealth to the country. The horse-shoe machine, which turns out a shoe every three minutes, was also a woman's work.

NOTICE OF ELECTION IN THE

CITY OF CHARLOTTE On the Question of Issuing Bonds for Water Supply and Sewerage.

Notice is hereby given that the Board of Aldermen of the City of Charlotte, by an ordinance passed by a three-fourths vote at two separate meetings of the Board, in accordance with the Act of the General Assembly of North Carolina, entitled "An act to allow the City of Charlotte to issue Bonds," ratified March 6th, 1891, has directed that an election be held in the city of Charlotte, on Tuesday, the 18th day of February, 1896, at which election will be submitted to the decision of the voters of this city the question whether the Board of Aldermen of this City of Charlotte shall be authorized to issue bonds to an amount not exceeding Three Hundred Thousand (\$300,000.00) Dollars, the proceeds of the sale of said bonds to be applied to increasing and cheapening the water supply of said city for both public and private uses and to enlarging and improving the sewage sys-tem of the city. The bonds so authorized to be issued will run for thirty (30) years and bear interest at the rate of not more than five (5) per cent. per anuum, to be paid semi-annually, and shall not be sold for less than par. The said election will be conducted by

Registrars and Inspectors appointed by the Board as follows: First Ward-Registrar, T K. Faulkner. In-spectors, M. Donnelly, W. F. Moody and T. L.

and Jro. VanLandingham. Third Ward—Registrar, W. M. Thomas. Inspectors, W. A. Gresham, W. F. Buchanan and A. J. Sifford.

Asbury. The places for opening the registration books nd registering voters have been designated by the Board as follows: First Ward-Ritch's stables, College street be-

tween Trade and Fifth streets. Second Ward-Joseph G Shannonhouse's store, East Trade Street
Third Ward-W M Thomas' store West Fourth Ward-D G Maxwell's office, next to

The registration books will be opened in each ward at toe places above named, on Thursday the 23d day of January, 1896, and will remain open for the registration of voters until Saturday, the 15th day of February, 1896, at 12 o'clock m, when they will closed and not again opened for the registration of a voter, unless he shall become qualified to register and vote after the time fixed for the closing of the books.

The Board of Aldermea further ordered that a new registrasion of all the voters of the city be made for the said election. The following have been designated as the polling places for said election:

First Ward-The City Hall. Second Ward-The Market House. Third Ward-Page & Medlin's Shop.

Fourth Ward-D G Maxwell's office. bonds will vote on a written or printed ballot "Approved," and those who are opposed to giv-

ORDINANCE.

of Charlotte is of the opinion that it will promate the general good and welfare of the city to have a purer, more abundant and cheaper supply of water for both public and private uses, and a corresponding increase and improvement of the city sewerage; and whereas, to obtain such a supply and distribute the same throughout the city and provide 'he required sewerage, it will be necessary to issue bonds of she city, and use the money derived from their tale in providing the needen water supply and sewerage "Now the Board of Aldermen does propose to

Prompt attention to all business intrusted. the voters of the city that it shall be, by them, given authority to issue coupon bonds of the city, to be known as the Water Bonds of the City of Charlotte, to an amount not to exceed \$300,000.00, said bonds to bear interest at a rate not to exceed 5 per cent. per annum, to be of the denomination of \$1,000 or \$500 as may best suit he purchaser thereof' to run for 30 years, and the semi-annual interest thereon and the principal thereof to be paid when due at such place as may be designated in the said bonds, which shall be in the usual form of such municipal obligations, and shall be sold for not less than par, and the proceeds applied to the purposes foresaid In order, therefore, to ascertain the will of the voters upon the subject, it is now. "Ordained, that the question of creating the

lebt and issuing the bonds, as proposed above, and for the purposes mentioned, shall be submitted to a vote of the people at an election to be hold on the 18th day of February, 1896, according to the provisions of the Act of the Genearl Assembly of North Carolina, entitled "An Act to allow the City of Charlotte to issue bonds," ratified March 6th, 1891, which election will be held as in sald act provided, and after due notice as therein requiren." STATE.

MY AUTUMN.

BY WM E. CHRISTIAN. Once there was a spring for me, When she was here; With morning song for melody, And blooming eyes for flowers, And golden smiles for sunny hours ; The sky was happy-toned With love; 'Twas April chant around-above,

When she was here. The summer came with fevered hand; When she was here: Her cheek was by a hot wind fanned, And her eyes went out of bloom, And clouded hours died in gleom ; She waked not to her baby's cry, Dark lashes o'er-swept tired eye,-

She was not here. Nestling, lift your little head, And call her here ; Leaves are crimsoned, falling, dead ; Heart and bough grow bleak and bare; Frosty spangles edge the air, Call her to our Autumn nest, For our warmth lay in her breast, When she was here.

Then, then came my wintered home, With her not here; Nor will another spring time come, For joy now quiverng, now is dead, My darling and my heart are wed; Leave them-frozen into one; Keep away-both song and sun ; For she's not here.

Long lived Descendants of Consumptives. Mount Holly, Jan. 22 .- Probably the most remarkable case of longevity in this county is to be found in the Wilkinson family, the majority of the members being in front of the net, and at a given signal residents of Mount Holly. The ages of the eight persons now living are Mrs. Second Ward-Registrar, J. G. Shannon-house. Inspectors, W. F. Dowd, W. H. Houser Martha Groom, 91 years; Priscilla Wilkinson, 88 years; Margaret F. Lamb, 84 years; Ann Curtis, 83 years; Mrs. Ruth R. Barton, 82 years; Lavinia Wilkinson, 79 years - William E. Wilkinson 77 years; scamper away toward the net, followed Fourth Ward-Registrar, D G Maxwell. Inspectors, J B Sloan, W J Wiley and O E 79 years; Abel Wilkinson, their aggregate ages being 662 years, an average of 82 years. They are all well, active, possess The rabbits, if they do not become conthe test of health, have sound minds,

> memory, and understanding. There are many remarable circumstances connected with the lives of these people, particularly the fact that both father and mother died at an early age, both parents being the victims of consumption. Abel Wilkinson, a Welsham, died in 1828, at the age of 48, and his wife Deborab, a German, died in 1832, at the age of 52. Not one of the children has had the slightest trace or sympton of that dread disease. - Philadelphia Press.

How Charles Payne Traps the Long-Eared,

Bunting Jack Rabbits.

areus. Not until quite recently has the ing ores throughout this territory is unicoursing fraternity been aware of the great superiority of the jack over the cottontail rabbit or the English hare for this purpose. Kansas jack rabbits are now greatly in demand, both in this superiority been aware of the great superiority been aware of the greatly admitted, but thus far most of the efforts made to develop these properties have not been financially successful. This has been due in part to bad management, in part to foolish efforts at stock country and in England, and live ones speculation rather than legitimate mining. command a good price. The difficulty in catching them slive is very great, and and plainsmen, has been a jack rabbit enthusiast for years, and it is largely through his efforts that the merits of the animal for second and since the success of companies operating on these systems is now universally conceded, it is generally admitted that the time has animal for coursing purposes have become so generally recognized. The capture of an important part in the world's produclive jacks involves the purchase a great tion of gold. Coincident with this, more deal of extensive paraphernalia Mr. Payne has two nets made of seine twine, 5 feet in height, and which, when both extended, reach almost across a section, which were made expressly for catching live jacks. His method of entrapping the live jacks is unique. It is his usual custom, when preparing for the raid upon the rabbits, to advertise among the farmer boys the day upon which the jack

rabbit drive is to take place. At the appointed time hundreds of country boys, mounted on ponies, flock to the rendezvous, armed with fog horns, drums, bells and anything else that will make discordant music. They are deployed in a semi-circular line two miles from the marshal of the day the line moves toward the net, each man making all the noise possible. If the hunting grounds have been well selected the horsemen will have no trouble in "bouncing" rabbits innumerable, and as they pell-mell by the eager farmer boys, the scene is one of the greatest animation. fused by the noise and excitement, bound ing speed, and many of them strike the net so hard that they break their necks. Those that survive the shock scamper into the pockets, which are ingeniously arranged for their reception, and for then the jig is up. Rabbits sometimes die with fright, not having sufficient strength to make the race for life. These rabbit drives are among the most popular sports in which the prairie farmers indulge, and drive to provide a bounteous spread for

This neglect may not deprived of any invitation because of be accounted for by the immense tracts their years; and the value of their wisunder crop, and also by much thinner dom and mellowed experience is as fully sowing than is practiced in other coun- acknowledged as the value of youth and

It is a pleasant sight now in all the to prevent it being laid during the violent | country towns where the trolly car has thunder-storms that prevail about the penetrated to see these rather elderly time it is in flower. The result of this women taking their rides; to see their treatment, however, is a coarse fibre, and pleasure in what would have been conalso a very much inferior yield to that sidered by their grandmothers a wild it is customary for the organizer of the show that they are based on a solid foun- grown thicker and under more favorable abandoment; to see them doing their own circumstances of soil and attention in its | shop ping in all places, attending to their early stages. Germany, Austria, and check books and bank accounts, when they France follow Russia as flax-producing have such articles by no means relincountries, and in each of these an average quishing their rights in church management, their interest in public questions, and following or adopting the fashions to such extent as they please.

Not very many years since it would have been thought that a woman at the time of life of which we speak was neglecting all the affairs of her soul and showing a strange disregard of her eternal welfare in allowing herself to feel very keen interest in the affairs of the instant-a part of the old feeling that we are placed here to live somewhere elsea righteous feeling, and one assisting the soul's growth, if not suffered to extinguish natural and normal features of existance here. But now women of advanced years assist at every function of what is called high life; their gray hair, covered or uncovered, as it may be, is an evident part of the audience at the opera; and only when they are quite unable to do otherwise do they submit to being laid upon the shelf in ordinary life. Once an elderly woman who remembered her youth and its love of color, and hated to be all a spot of gloom, and so wore a blue seen and felt that no blooming young blonde with her roses and reaths appears to more advantage, in her way and according to her powers, than a fairskinned eldery woman does with her faint pink ribbon on occasion, or than a dark skinned one does with her creamy cape jasmine. On the whole, the world no longer belongs exclusively to the young, but it is recognized that, old or young; we have a right to avail ourselves of our privileges and possibilities, to make use of the means of keeping ourselves young and in the enjoyment of blessings, and that it is a righteous and lawful thing

as long as we are in the world to be of it, Some St. Louis business men have in hand the project of building before June 16, the day fixed for the Republican National Conventiou, a huge armory, cas pable of holding 10,000 persons. Their plan is to have this armory used as a Convention hall in June and thereafter for

ceding the St. Louis singing festival. WEAVER TO TILLMAN.-Gen. J. B. Weaver has sent the following letter to Senator Tillman : "My Dear Senator:- I have just read with care your recent speech at Jerusalem, and you struck the same set of scalawags. Respectfully yours,

"J. B. WEAVER."

The Young

palee, listless, low spirited, morose or irritable in temper, easily tired, forgetful and incapable; fill mad-houses and swell the lists of suicides; separate husbands and wives, bring untold suffering to millions, even to the third and fourth generation. A complete and scientific treatise on these ailments, their symptoms, nature and proper management, prepared by those who have had a vast and successful ex-
