THE MILITIA FLED.

URBANA MOB DISPERSES AND QUIET IS RESTORED.

City's Mayor Endorses the Mob's Work.—Opinions of Southern Governors on Lynch Law in Ohio.
By Telegraph to The News.
URBANA, Ohio, June 5.—The city is quiet today. The mob at last dispersed, simply because there was no more material to work on. The entire Urbana military company fled, through the assistance of friends who let them have citizens' clothes, and left the jail, one by one.
Mayor Gausser has publicly declared that, while he cannot uphold mob violence, he is satisfied with the work of the citizens. He says Mitchell ought to have been hanged two days ago.

HUMAN NATURE THE SAME.
LITTLE ROCK, Ark., June 5.—Governor Jones, commenting upon the Ohio lynching, says it is but another evidence of human nature which is the same in the North as it is in the South. When a negro attacks a white woman the people cannot be restrained, he says, and the sooner the negro recognizes this, the better.
ALL SECTIONS ALIKE.
MONTGOMERY, Ala., June 5.—Governor Johnston says all sections are alike in their abhorrence of this most detestable crime, and it is almost impossible to prevent summary justice, as in the case at Urbana, Ohio. He thinks it was the duty of the officers to protect prisoners, but is unable to state whether necessity existed for firing into the crowd.

TUG BLOWN TO PIECES.
Terrific Explosion That Shook Chicago This Morning.
By Telegraph to The News.
CHICAGO, June 5.—Early this morning the tug "Andrew H. Green" was blown to pieces by the explosion of its boiler.
The explosion was terrific, and the noise was heard over a large part of the city. The buildings in all the vicinity were shaken to their very foundations. They quivered as if they had been shaken by an earthquake.
The accident created great excitement, and a great crowd soon gathered at the spot.
When the police arrived there was no trace of the tug's crew, and their bodies have not yet been discovered. Five men of the crew were known to be on board when the explosion occurred. They are supposed to have been blown to pieces.
The tug was blown into wreckage by the explosion.
No cause for the accident has yet been ascertained.

CARLISE CLOSES THE ARGUMENT.

Judge Burwell one of the Speakers in the Southern's Junction Case.

Special to The News.
ASHEVILLE, June 9.—The argument in the United States circuit court in the Southern's injunction case was resumed this morning, by Capt. W. H. Day, of Raleigh, for the defendants. He was followed by James S. Manning, of Durham, and Judge Armistead Burwell, of Charlotte, on behalf of the old board of North Carolina railroad directors.
Hon. John G. Carlisle, ex-Secretary of the Treasury, then closed the argument for the Southern's side in a speech of one hour. He drew with special clearness the distinction between the duties of the Governor and the Attorney General as representing the State's interest and as representing the sovereignty of the State in its visitatorial powers over corporations.

TRIP OF THE VETERANS.

Meeting Called for Next Saturday—Complete Arrangements at Nashville.

Commander S. H. Hilton, of the Mecklenburg camp of Confederate Veterans, has called a meeting of all the old veterans who contemplate going to Nashville, to be held in the mayor's court room, city hall, at noon Saturday. He wants every old veteran in the county who thinks he can go to attend the meeting, and he wishes also to find how many of the wives and daughters of veterans are to go. He says the Adjutant General commanding the North Carolina camp had written him that seven or eight car loads of veterans have already engaged passage for Nashville.
It is expected that two cars full of Mecklenburg veterans will go, and a car full from Cabarrus.
At Nashville the most complete arrangements have been made for those attending the meeting of the United Veterans, arrangements for veterans who have plenty of money, and those who have nothing, and camping and mess arrangements with good food have been fixed so that a man can live for 25 cents a day.

CROPS IN FAIR CONDITION.

Weather for the Past Week Has Not Been Unfavorable.

The special State weekly crop bulletin shows that the week ending Monday, June 7th, has been generally favorable throughout North Carolina. Although the temperature is still comparatively low, on account of cool nights, the warmer days and frequent showers this week have caused perceptible growth in crops and improved prospects generally. The rainfall averaged about an inch for the State. It is still too dry over a few counties in the northeast and extreme south portions. Cotton, though small, has good stand, is fresh in appearance, and the outlook for that crop is not discouraging. The wheat and oats harvest has just begun in southern counties, with fine prospects. Considerable local damage by hail occurred May 29th in eight counties.

FIRED ON THE MOB.

TWO KILLED AND HALF A DOZEN INJURED.

The Frenzied Mob Then Charged Through the Militia, Took the Negro From His Cell and Lynched Him.
By Telegraph to The News.
URBANA, Ohio, June 4.—The mob which gathered here last night about the jail to lynch Clerk Mitchell, the negro indicted yesterday for assaulting a white woman, became so threatening early this morning that the militiamen who were serving as a guard at the jail were ordered to fire into it.
As a result, Harry Bell and a man named Higgins, who is unknown here, were killed, and Dr. Charles Thompson, West Boncon, Roy Dickerson, Ennis Graney, Zack Wank, Sherman Deaton, and Ray McClure were seriously wounded.
The mob were frenzied by the fatal attack of the militia. They charged the jail, swept the militia aside and broke down the jail doors.
Some determined spirits rushed down the jail hall to Mitchell's cell, and took him out.
He was then lynched.
Mitchell's victim was Mrs. F. M. Gausser, owner of a local newspaper. There were fifteen hundred persons in the mob. The mob emptied a shower of bullets into the lifeless body of Mitchell, and then all the members of the attacking party returned to the jail to look after the dead and wounded who had fallen under the fire of the prison's protectors.

JAPAN AND HAWAII.

By Telegraph to The News.
LONDON, June 8.—The St. James Gazette this afternoon commenting upon the dispute between Japan and Hawaii, which it describes as a "corrupt little Republic run by a handful of American filibusters," says Hawaii has no resisting power, the question arises, Will the United States government see its protégé through its trouble?
The Japanese may land an armed party at any moment, and then what will the "Philadelphia" do? Japan, since she smashed the Chinese, is believed to be spoiling for a fight with a white power. She may find America ready to oblige her sooner than she expected.

CALHOUN RETURNS.

HIS MISSION TO CUBA HARDLY A SUCCESS.

Satisfied That Dr. Ruiz Met a Violent Death—No Change in Spain's Attitude Towards Cuba.
By Telegraph to The News.
NEW YORK, June 7.—Special Commissioner W. J. Calhoun, who was sent to Cuba to investigate the death of Dr. Ruiz, arrived here this morning. His mission in the matter was a failure as far as securing proper testimony was concerned. Important witnesses were not produced, and those examined dared not tell the truth, having been coached in their testimony. Fondevielle, under whose orders Ruiz was murdered, did not appear, his whereabouts being unknown to the commission. Ruiz's cell was suspiciously cleaned when the commission arrived. The attendants were laughably polite to the unfortunate prisoners.
Mr. Calhoun is satisfied Dr. Ruiz met a violent death. He says no end of the war is in sight, though Spaniards tried to make the impression that it was over. The Cubans expressed great confidence and determination to carry the fight to the end. He visited a number of American prisoners and found all well treated. Very few native Americans are in actual want.
NO CHANGE IN THE CUBAN POLICY.
WASHINGTON, June 7.—The news that the Queen Regent has decided to retain Castillo de Canovas as Prime Minister, created no surprise; that he assumes the power without a change in the cabinet was unexpected.
Captain General Weyler will remain in Cuba. There will be no change in the policy of Spain toward Cuba, unless Canovas anticipates a slight change of policy.
Certainly fresh troubles are ahead that may assume highly dangerous proportions. If he proposes to adhere to his former line of conduct the situation in Cuba will continue to drag along in the same uncompromising way.
Negotiations for peace are almost out of the question from the standpoint of the rebellion. The decision of the Queen Regent will be in its favor so far as its effects on the United States are concerned.

THE SENIOR RECEPTION.

Pleasant Social Feature of Davidson Commencement.

By Telegraph to The News.
DAVIDSON, June 8.—The senior reception was given last night in the Y. M. C. A. hall. The doors were opened at 8:30 o'clock and the guests were received by a reception committee, from the senior class, in the parlors and reading room of the building.
At 9:30 the guests were conducted down stairs, to the gymnasium, where refreshments were served from three long tables. The waiters were Messrs. H. C. Reid, T. H. Spence, J. M. Williams, J. M. Wolfe, E. M. Williams and "Major" Bean. After refreshments had been served in great abundance, the guests were conducted to the assembly hall, where bogus prizes were presented to each of the seniors. This feature of the reception was devised by Mr. P. F. Henderson, and the prizes were awarded in a very appropriate and ludicrous manner by Rev. A. T. Graham.
There were present at the reception about 175 people. The programme was carried out perfectly and reflected great credit on the class which gave it.
Today is counted an "off day" in the commencement exercises. The only feature on the programme is the reunion of the literary societies, the awarding of society diplomas, etc., which will take place tonight, and a concert by the Glee Club, which will begin at 10:30, after the society exercises are over.
Quite a number of visiting young ladies have already arrived, considering the very unfavorable weather which has prevailed since yesterday morning.

The Asheville Citizen says: "Dr. J. R. Howerton of the First Presbyterian church, Charlotte, and Harry Orr, of Charlotte, who are guests of J. A. Porter, left with their host this morning on a fishing trip to Pigeon. They will return Friday."
Many Spanish liberals denounce Senor Sagasta for having refused, as alleged, the Queen Regent's request to accept office.
