New Advertisements

The following advertisements appear this morning for the first time.

Cheap! Cheap!! Cheap!!!
Away from the main thoroughfare of business, paying small rent, and living economically.

Currents, New Crop, for sale at D. G. MAXWELL'S.

Col. Johnston, authorized us to say, that persons wishing to attend the Columbia, S. C. Fair to be held Nov. 10th, 11th and 12th inst., will be passed over his road for one fare.

BUSINESS CARDS AND CIRCULARS
As the season is approaching for the annual travel and distribution of business cards and circulars, our merchants and others will please give attention to the fact that our job office is supplied with the best of cards, fine commercial note and other paper, and the newest and most fashionable styles of type, thus enabling us to supply all such wants.

Mr. John T. Ford, who will be recollecting by our readers as the lessee of Ford's Theatre at Washington at the time of the assassination of President Lincoln, was announced to open at Tucker's Hall, Raleigh, last night, with a full corps of artists. This is the biggest thing in the theatrical line that our neighbors of the capitol have had.

New Currents can be had at D. G. MAXWELL'S.

The Wilmington Star of Saturday says: "A gentleman from Johnston county was in our office last night, and informed us that a party of men, number not known, from the county of Chatham, passed through Johnston county a night or two since, stopping in Smithfield, and pressing into their service a valuable horse, which they rode down, it is thought, as low as Goldsboro, and on their return the horse was turned loose and died from exhaustion."

There is a mystery connected with this mission which our informant is unable to solve—but it is presumed it had something to do with the Ku Klux movement in Chatham.

From the Sentinel we learn that a company of United States Infantry has been sent to Chapel Hill. It says: "Company B, 8th U. S. Infantry under command of Br. Lieut. Ritter, passed through our streets from the barracks to the Depot, on Saturday morning, preparatory to taking the train to Chapel Hill."

We are assured by the people of Chapel Hill will be glad to have this Company stationed there, indeed they asked, week before last, to have them sent, when His Excellency remarked, he thought it best not to send any troops there at all. While we believe the citizens of Chapel Hill and vicinity are as law-abiding as the citizens of any other section, we have no idea that they object to proper troops being stationed among them; and we have no doubt that the officers and men of this Company will find their sojourn there pleasant and agreeable."

BUY YOUR

Messrs. EDITORS: Some time since we called attention through the columns of your paper to the Charity School which some devoted ladies of this city have established for the benefit of the destitute children of Charlotte, and called upon our citizens for donations, either in money or cloth, to clothe comfortably this host of almost friendless children against the coming bleak winter. Of all Charlotte only one man responded; and he a man of moderate means. His donation was worthy of the cause upon which it was bestowed, and of the spirit of true benevolence which prompted it. If there be any others who desire to contribute of their abundance to this praise-worthy object they can send their contributions to Miss Sue Johnston or to Capt. J. T. Coit. Who will be the next?

Cape Fear Agricultural Association Fair

In reply to numerous letters and enquiries I am daily receiving, I desire to ask all papers interested in the success of our Fair to publish the following information:

- 1. All persons can exhibit articles, but only Life and Annual members can compete for premiums. The payment of twenty-five dollars constitutes a person a Life member, and two dollars an Annual member.
2. All parties competing for premiums must be entered at the Secretaries' office upon the Grounds, by Wednesday, 17th inst., at 10 o'clock a. m.
3. All articles intended for exhibition will be brought to Wilmington and returned after the Fair, by all the railroads and steamboats, free of charge.
4. All articles should be securely bagged, boxed or barreled, and all stock should be attended by a groom, or be sufficiently well broken to stand to the halter.
5. Everything should be plainly marked and directed to Gen. K. Ransom, Marshal, C. F. A. A. at Wilmington.
Jos. A. ENGELHARD, Sec. Ex. Committee.

A MINISTERIAL MISTAKE.—An amusing mistake occurred at one of our churches, on Sunday last, which it will do me to make a note of. A somber-dressed and well-behaved young gentleman, and a stranger in the city, wended his way to one of the places where the Gospel is dispensed, and upon entering the church the minister politely bowed as in recognition of the young gentleman, which salutation the stranger could not return. The minister then arose from his seat in the pulpit, came down to the place where the young man had seated himself, and asked him to take a place in the pulpit, and make a prayer.
Stranger—"Guess you are mistaken in your man, sir."
Minister—"You are the gentleman, I believe, with whom I had a conversation yesterday."
Stranger—"No, sir, I am an agent for a wholesale liquor house in Chicago."

Minister retiring to his pulpit disgusted, breathes a prayer of more than ordinary force and fervor.—La Crosse Leader.

Among the latest signs of the times in the South, are the large receipts of light faney buggies by all the steam ship lines, and the universal holding of county meetings to go into debt for new railroads, which can't by any possibility pay for the next ten years.

Dixie is light hearted with Uplands at 25 cents, and the people in the exuberance of their spirits are inclined to do things large. Wohl January 11.—Chas. Coover.

A fine black whale off Minot's Ledge, recently belched like a bull, then lifted up a vessel of eighty tons burden, crew, cargo, and all, six feet in the water, let it drop, and again belching like a bull, swam away leaving everything as serene as when he found it.

Polite smoker, at side of railway car: "Allow me to assist you to alight."
Severe old lady: "Thank you I don't smoke!"

A young clergyman recently made himself a brilliant momentary reputation in Philadelphia by preaching two of Dr. Chalmers' sermons as his own.

Anatoots and other chiefs of the Sika Indians have asked the United States Commissioner at Alaska to cause schools and hospitals to be established.

If people knew before hand all the misery it brings, says a Japanese poet, there would be less going out with young ladies to look at the flowers at night.

1866.

In 1866 the first bottle of HEINITZ'S QUEEN'S DELIGHT was prepared by himself, and submitted to the judgment of the highest professional skill in the country. Its approval and endorsement by the profession, has secured for it the greatest reputation of any medicine extant. 15,000 bottles have been sold at home where it is known and recognized as the only family medicine possessing intrinsic merit, and the sales are largely increasing every day.

This "QUEEN'S DELIGHT" is compounded entirely of Vegetable products, no mineral poisons introduced to give efficacy, but is purely what it is represented to be, a Vegetable Alternative, producing a gradual change in the circulation of the system, and a healthy action to take the place of disease. It is, therefore, recommended as an Alternative, purifying the blood. As a Liver Invigorator, as a Stomach Regulator, as a Tonic for Weak Digestion, as a Stimulating Alternative, Deoblastic, promoting perspiration, removing humors in the blood, producing a healthy action of the skin, driving out Boils, Pimples, Blisters and other Cutaneous diseases. It acts gently on the Bowels, removes effluvia, cures Gonorrhea, Female complaints, and promotes periodical regularities.
It is an Invigorant and Tonic of the most reliable kind. It produces a gentle and permanent excitement of all the vital actions in the functions of organic life, and is the remedy in all diseases of the Stomach, Liver and organs of digestion.

NEW YORK, Nov. 6.—Hoffman, in answering the question, what the Democrats intended to do with their victory, said, the Democrats proposed making the Legislature hold its session for promoting the interests of all classes of the people which the Radicals have not done. We propose to abolish such laws as infringe upon the rights of localities and secure them the right to govern themselves.
The new legislation however, is not to be radical; it is proposed to bow to the State and country that Democracy can be as moderate in victory, as patient under defeat.

Foreign News

LONDON, Nov. 5.—The death of the philanthropist, George Peabody creates a profound sensation. Nearly all the morning papers have obituary articles. The Times says, "The news of Mr. Peabody's death will be received with no common sorrow on both sides of the Atlantic. The sentiment of regret will not be a mere passing tribute of gratitude to a munificent benefactor. Mr. Peabody, through a long life accumulated manifold titles to be lauded. He was an ardent patriot, and was loved abroad as much as at home. He was a New Englander, who, when the South was bowed down to the dust stepped forward and claimed a right to succor her."
He was no courtier, yet he was honored by sovereigns and princes; he was profuse in his charity, which paperized nobody; he was a philanthropist, who was liked as well as honored. There was nothing hard or narrow about his philanthropy; he simply did whatever good came in his way.

GOLD 127 3/4.—Yesterday gold declined to 126 3/4, the lowest point attained since 1866, when in the reaction following the end of the war it sold as low as 125. It will be remembered that six weeks ago it was advanced to 165 by the great gold combination. The contrast is quite a curious one. The difference is nearly forty per cent.—a fall on an average of about one per cent a day. The reduction of the national debt and the steady prosperity of the country are the secret of the decline.—N. Y. Herald.

WORK FOR BOYS.—The New York Journal of Commerce, on training boys, is in favor of agriculture first, mechanical trades second, and says:
"We would not train the boys, but in mercantile business, as they are brought up to look down on manual labor and aim at a clerkship as the only employment for dainty persons, who dislike dirty work."
