ASPHALT BINDER FOR **ROADS OF THE COUNTY**

Commissioners May Take Important And Progressive Action This Afternoon

The board of commissioners for Mecklenburg county is holding its regular monthly meeting at the court house today. The morning session was devoted to the drawing of juries for July and August terms of the Superior court and to routine business, including the settlements with the 25 or more tax listers of the county. There has developed in the county a strong sentiment in favor of treating all macadam roads with the binder as they are built, the ordinary macadam road going to pieces in such a short while under automobile and other traffic. Representatives of one or more concerns manufacturing road binders will appear before the board. The juries drawn this morning were
