PAPE'S DIAPEPSIN ENDS INDIGESTION

Time It! No Sick, Sour, Gassy Stomach, Heartburn or Dyspepsia in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unflinching action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over. Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acne and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

Fast Train Hits Wagon. ROCKLAND, Mass., Oct. 4.—Eight persons were injured, two fatally, when a passenger train on the New Haven Railroad struck a wagon at a crossing here late last night. The wagon, filled with a party returning from the county fair, had nearly passed over the tracks when the locomotive struck the rear wheels, hurling the vehicle on top of the crossing trestle.

HERMITAGE COURT SOON TO BE PUT ON MARKET

On next Thursday, October 10, Hermitage Court, the beautiful new suburb east of the city that is being developed by the Stimmans Company, will be placed on the market for purchasers of homes. Not a lot has been sold or allowed to be picked, since the commencement of the development several months ago. The court lies just east of the Walter Myers home on the Providence road and runs from there to the Boulevard in Myers Park. It is one of the handsomest developments that has been undertaken in this city. It is in keeping with the well-known Myers Park that is just being opened and completed. Hermitage Court is not as large as Myers Park, but will be built on the same progressive lines. In the center of the spacious boulevard that runs from end to end of the court is a 15-foot space for the planting of greenward, shrubbery and stately maple trees. On each side are the wide asphalt streets and concrete sidewalks. The land has been turfed with bluegrass and already presents a very handsome appearance. The center of the boulevard are attractive and handsome heavy iron standards for the lighting system. The entrance to the park is marked
