SYRUP MAKING PROFITABLE INDUSTRY IN YORK COUNTY.

ROCK HILL, S. C., Oct. 4.—W. S. Wilkinson, one of the best known citizens of western York, who lives at Hickory Grove, was in Rock Hill yesterday and in conversation with your correspondent told an interesting story of his experiences in raising cane and making syrup.

Mr. Wilkinson markets his syrup in one gallon tin cans and finds ready sale for it. He stated that three to four thousand gallons of syrup are made each season at Hickory Grove, so it is evident that syrup making has grown to the proportions of an industry at that place.

RESTRAINING ORDER IN THE WILLIAMS CASE CONTINUED.

GREENSBORO, Oct. 4.—By consent of counsel, Judge Boyd has ordered that further hearing be held at a date to be agreed upon in the case of N. Glenn Williams and Dart C. WE APPRECIATE

Very much the confidence of this community, another testimonial of whose good-will we have had in the sale of 2,500 shares in our last series—the 60th. This means \$250,000 added to the wealth of the community and is a gratifying endorsement of our record, of the continuance of which we are jealous.

Our books are still open and we welcome new shareholders, whether large or small. Impartiality in all our dealings is and has always been our rule and our smallest shareholder can feel sure of equal consideration with the largest. We are strictly mutual and have no favorites.

We hope to make this series one of our largest and cordially invite the whole community to help us make this an accomplished fact. Our books will be open until December 1st, and applications for loans will be received at any time until that date.

Again expressing our appreciation of your continued confidence and help, we are Yours very truly

A Saving Plan

Start with nothing.

Pay yourself, by depositing it regularly in this bank, the interest on five thousand dollars at four per cent.

That's about \$3.87 per week.

In seventeen years you will have the five thousand in the bank. You will have deposited about thirty-five hundred, and will have earned about fifteen hundred in interest.

Then you can DRAW OUT, semi-annually, the interest on your five thousand, without disturbing your principal.

Worth the effort, isn't it?

October 1st being a new interest quarter.

You Can't Do Better, Sam

than take a few shares right now with Ed Keesler in the Mutual. You promised to bear ago to take 10 shares, but four series have opened, and most of our friends went in and are delighted, yet we are still out, and are poorer than when we were married.

"Well, Mollie, I'll take some next year, but I'll not do it with Keesler, I'll go into the Virginia or Alabama concern. They're not always giving us rot about home, and the babies, the nest egg, rainy days. They are my kind—not advising us how to conduct our private affairs, what kind of liquor to drink, cussing out a fellow if he gets behind in his accounts, or has a little pleasure in life."

"LISTEN TO ME, SAM!"

Before marriage and since you've done little but "have your little pleasure." God knows you've not supported me or your children. If I had taken advice of this same Ed Keesler I'd never have married you, and might today be happy instead of the miserable creature you've made me. Now, I've taken my first stand. I'm going into the Mutual today. From this hour I cease to support you, and I'll have a home for my little ones or die in the attempt. I'll get it through the Mutual, which makes homes possible, and which is eternally and everlastingly fighting the things that destroy them."

The Almighty's with Mollie, boys, and no human agency can beat that combination.
