Time It! No Sick, Sour, Gassy Stomach, Heartburn or Dyspepsia in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you must injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs; its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and scums and forms gas, causes headache, dizziness and nausea, eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

Mrs. Paul Wehling, 316 Smith St., Peoria, Ill., had a kidney and bladder trouble, with terrible backache and pain across the hips. Just imagine her condition. She further says: "I was also very nervous, had headaches and dizzy spells, and was fast getting worse when I took Foley Kidney Pills, and now all my troubles are cured. Foley Kidney Pills have done so much for me I shall always recommend them." Bowen's Drug Store.

THE EVENING CHIT-CHAT By RUTH CAMERON

Once upon a time I happened to have partial charge of the renting of an apartment. As in almost every experience that brings me into contact with my fellow men and women, I found much to interest, amuse and instruct me. But the individual who left the greatest impression on my mind was neither interesting nor amusing, nor instructive, except in the capacity of a bad example.

She was a girl of 18. She came with her mother to inspect the apartment. Perhaps I should say that her mother came with her.

From the moment they began to make comments it was evident that the mother was not used to even the modest degree of luxury which the apartment represented, and it was almost comical to see the daughter long to stand at no length of rudeness to hide this fact.

"How about hardwood floors?" said the mother. "Are they as easy to keep clean as carpets?" "How ridiculous mother!" said the daughter sharply, "one would think you never saw a hardwood floor. Of course they are much easier to take care of."

"Electricity is pretty expensive," said the mother. "I was rather hoping we would find an apartment that was piped for gas." At this her daughter cast a perfectly withering glance at her mother. She evidently belonged to that class of people who think it is the one deadly sin to admit that anything costs too much.

I wish you wouldn't talk such nonsense, mother," she said rudely. "Electricity is just as cheap if you use it properly, and anyhow I shouldn't be at all contented with just gas." All through the interview it was quite evident that the girl felt she was making a good impression by attempting to efface her mother.

Needless to say she was not. In fact, I am sure that the girl felt she was making a good impression by attempting to efface her mother. Needless to say she was not. In fact, I am sure that the girl felt she was making a good impression by attempting to efface her mother.

There may be some young people who would be quite indifferent to the reminder that rudeness to their parents is wrong and cruel, but surely there are none who will not be moved when I assure them that it is also undervalued and tacky.

ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, Gentle "Syrup of Figs" is Best to Cleanse Your Stomach, Liver and 30 Feet of Bowels of Sour Bile, Decaying Food, Gases and Clogged-up Waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair; you, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as a laxative. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle.

When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Costive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts in these thirty feet of bowels suck this decaying waste and poisons into the blood.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse with contempt any other Fig Syrup unless it bears the name—preparation by the California Fig Syrup Company. Read the label.

The Charmeuse Gown is Favored for Street Wear.

One cannot help wondering where all the foulards and changeable taffetas of early spring have gone—so many women are wearing plain colored charmeuse gowns, these sunny autumn days. Dark blue and a soft taupe shade seem to be the favorites and the gown pictured is in the taupe shade with trimmings of taupe fringe and velvet and bits of striped black and white velvet set into revers and sleeve-ends by way of variety.
